Hola!! My sincere appreciation & gratitude to the Training & Placement Cell and all staffs of our College for their efforts in imparting quality technical and skill development. I am very grateful to them for effectively and sincerely helping me to grab first ever opportunity i.e., Accenture.

I joined Sairam when I was 18! It fills my heart with joy and immense gratitude towards Sairam, where I had spent 4 years of remarkable learning and growth. I was also privileged to get my Robotics Process Automation (RPA) & PEGA certification through the college's Training & Placement cell which helped in enhancing my technical skills and getting placement in 4 different companies with high CTC

The Placement Cell has held our hand and guide us like a parent through the placements. They did not let us feel the heat of the bad job market. The experience was more like:

“They inspire you, they entertain you and you end up learning a ton even when you don't know it.”

They make the experience as a cake walk. And like the icing on the cake, our very caring and inspiring Placement Officer worked very hard for all of us to get place in good companies.

Hats off.
