

## Department of Computer Science and Engineering

### Seminar Report

#### Program Details:

Name of the Program	Seminar
Date & Time	12.06.2023
Targeted Audience	II Semester
Staff In charge	Mrs.Suguna A
No. Participants	103
Topic Discussed	AI in Future and its Applications

#### Summary:

The program was planned and organised by the CSE department Faculty, Mrs. Suguna A , under the guidance of the HoD Dr.Smitha J.A. The program started exactly at scheduled time. The staff incharge has narrated about Artificial Intelligence and Information Technology on the world, examining how these technologies are shaping economies, societies, and individual lives. From innovative applications to emerging trends, the seminar seeks to elucidate the transformative power of AI and IT on a global scale. The incharge has explained about the following topics

- Overview of their role in driving unprecedented changes across various domains.
- The role of AI and IT in reshaping business models.
- Analytics and insights driving business strategies.
- Revolutionizing healthcare delivery through AI applications.

The students actively participated in the discussion and expressed their views about the future IT. Further, students have interacted with the coordinator regarding IT as well as AI
