

Department of Computer Science and Engineering

Program Details:

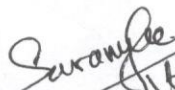

Name of the Program	Seminar
Date & Time	15.05.2023
Targeted Audience	VI Semester
Staff In charge	Mrs.C. Saranya
No. Participants	101
Topic Discussed	Introduction of Block chain

Summary:

The program was planned and organised by the CSE department Faculty, Mrs.C.Saranya, under the guidance of the HoD Dr.Smitha J.A. The program started exactly at scheduled time. The staff incharge has discussed about a comprehensive exploration of Blockchain technology, and explores the fundamental concepts of blockchain, its underlying principles, and its potential applications across different sectors. The report also delves into the challenges and future prospects associated with this innovative technology. The following topics also have been discussed in this seminar

- principles and components of blockchain.
- Applications of blockchain across various industries..
- challenges and future trends in blockchain technology.
- Blockchain's role in enhancing transparency and traceability in supply chains..

The students actively participated in the discussion and expressed their views about blockchain. Further, students have interacted with the coordinator regarding challenges and solutions in this field
