Date: 28/06/2021

Innovathon2K21- a virtual national level, 24 hrs continuous Hackathon held on 6th May to 7th May 2021. Department of CSE, Sri Sairam College of Engineering- Bangalore organized Innovathon2K21 with an objective of encouraging students to think out of box and provide innovative, disruptive and sustainable solutions using latest trending technologies. It was conducted under four different technological tracks namely Game development in AR & VR, Agriculture Robotic development, Development of E-learning platform and Chat bot using AI.

The event aimed to focus on all streams of under graduating students from various streams like B.Sc, B.Arc., B.Tech and B.E. The online registration started from 28th April and closed on 4th May 2021. It May 6th 2021 at was an overwhelmed response from various educational institutions, almost 50+ teams were registered and around 250+ students were participated. Academicians and Researchers from various other institutions were assigned as evaluators with good rubric systems. The inaugural session scheduled on 10 am. Innovathon2K21 conducted in three rounds, Round 0:- Idea pitching which was held on May 6th at 11.am. This round was the introduction round with all the teams and tracks. Participants were asked to present about their problem that they identify that is ripe for solving. Round 1: Progress Evaluation which was held on May 6th at 3 pm. During this round, participants were asked to present the progress on their final application and how/what were their plan to do for the rest of the remaining time. Round 2:- Final Submission and Presentation which was held on May 7th at 11.am. In this round; participants were asked to present their final prototypes and videos of their work.

All three rounds were conducted in five different panels with three evaluators in each panel. In all three rounds, the novelty of the work and innovative ideas that students have projected were good. The valedictory session scheduled on May 7th 2021 at 4.30 pm. First three prizes were announced with cash prize worth of Rs.10, 000, Rs.6, 000 and Rs.4, 000 respectively. Additionally, the best novelty work in each domain is identified with "BEST NOVELTY AWARD".
