Sai Leo Nagar, Guddanahalli (PO), Bengaluru - 562 106

ISSUE : 13

VOLUME : 01

SEPTEMBER 2013

CHAIRMAN'S MESSAGE

Welcome to our latest News letter MINCHU. It is the most comprehensive and circumstantial chronicle of all the contemporary events of our institution. Though success story is measured individually, it is all about a team work as well.

I immensely escalate the sincere determined and continuous efforts of the faculty & the staff in accentuating the 13th news letter.

MJF. Lion. Leo Muthu

Chairman, Sai Ram Group of Institutions

Li'vaz 2013 "Thamasoma jothirgamaya "

A National Level Technical Symposium - Li'vaz 2013 was held on 18th April 2013, organized by the Department of Electronics & Communication Engineering for the 8th time successively.

The function was inaugurated by the Chief guest Dr. H.A. Vidya, professor & Head, BNMIT Bangalore. Our Principal, Dr.T.V.Govindaraju, presided over the function. Our Management Representative Mr.Arunkumar.R graced the occasion. Head of the department of ECE Mr. C.Sivaprakash welcomed the gathering.

Various events such as paper presentation, Circuit debugging, Puzzles, Pick & speak, Technical quiz, Li'vaz were conducted and totally 48 papers we received in that 37 got selected and 28 papers presented. There was an overwhelming response from various colleges across the state.

Chief Guest Dr H.A. Vidya lighting the lamp

PRINCIPAL MESSAGE

Dr. Y. Vijayakumar
Principal

Choosing to learn is a wonderful opportunity for any student as they build the skills that will enable them to be successful in their lives.

We at Shirdi Sai Engineering College, offers the Students a supportive and caring environment while also providing outstanding educational experiences. Students who have studied at shirdi sai engineering college in the past have enjoyed their time and taken home fond memories of their time.

We welcome varied interest of students who come from a wide range of cultures and learning backgrounds. We treasure the students who are associated with our SSEC family.

SSEC FAMILY CORDIALLY WELCOMES....!!!

BASIC SCIENCE

Mrs. M. Rajeshwari, M.Sc, M.Phil, Lecturer, Maths,
Mr. P. Luther Benny, M.A, M.ed, M.Phil, Sr. Lecturer, English
Mrs. Manjula.M, M.Sc, M.Phil, Lecturer, Physics,
Mr. Prakash.S.Y, A. M.Sc, Asst. Lecturer, Physics,

Mechanical Engineering

Manushri Chaturvedi, B.E., M.E., Lecturer
Vinod Biradar, B.E., M.E., Lecturer
Prajwal K. Adiga, B.E., Lecturer

CSE

Srinatha D. K .B.E. , M.Tech Lecturer
Sowmya K. L. B.E. , M.Tech Lecturer

EEE

Nirmal Vidhya. K .B.E., M.Tech Lecturer
T. Yuvaraja .B.E. , MBA, Lecturer
K. J. Anusha. B.E., Instructor

Remarkable Interpolation

I enjoyed my visit SSEC. As an institution you demonstrate care, concern for students and provided excellent academic ambience.

All the best.

Dr. Rajendra Joshi

Head, Mission 10X Research Center
Wipro Technologies ,Bangalore

CARPE DIEM'13

Seize the Day

“The whole purpose of Engineering Education is to turn mirrors into windows”.As the saying goes,it is necessary to nurture the students mind and motivate them to increase their standards and expose themselves to the developing world.

Keeping this in mind IIP Cell has hosted an in-house innovative project Contest for the upcoming graduates of our college named as 'Carpe Diem – Seize the Day' – on 14.05.2013(open to all the students)

The Inaugural Session presided by Our Principal followed by lighting of Lamp and Invocation song.

Our students displayed their innovative ideal through various models in their respective departments. We have invited judges from academic as well as Industries of repute for selecting the best project in all the four streams.

1. Dr.Venugopal, Professor, Department of ECE, BTLIT, Bangalore
2. Dr. Suresha, Professor, Department of EEE, BTLIT, Bangalore
3. Mr.Ramesh, From HCLTechnolgies,Bangalore
4. Mr. Sridhar Nachimuthu, From Caterpillar, Hosur, Tamilnadu

Various project showcased by the budding Engineers were discussed and judged by the above said experts on various parameters and the Best Projects suitably awarded with cash prize and testimonials in each stream in the valedictory function.

12th GRADUATION DAY

The 12th Graduation Day program of the Shirdi Sai Engineering College started with the 'Academic Procession' in which the founder Chairman MJF Lion.Leo Muthu of Sai Ram Group of Institution, the Sri.Sri.Dr.Veereshananda Saraswathi Swamigalu of Ramakrishna Vivekananda Ashram, Tumkur, Dr.K.E.Prakash, Registrar, VTU, Belgaum, Dr.T.V.Govindaraju, the Principal, Shirdi Sai Engineering College, and Heads of the Departments, proceeded in a procession to the accompaniment of the band to the venue. The dignitaries adorned the dais and lit the lamp and after the customary invocation song the Chairman, MJF Lion.Leo Muthu declared the 12th Graduation Day open.

Dr.T.V.Govindaraju welcomed the dignitaries, graduands, parents, faculty, staff, the media, the governing council members, local politicians, Principal of Pre-University College and all the invitees to the function.

The master of ceremonies introduced the Chief Guest Sri.Sri.Dr.Veereshananda Saraswathi Swamigalu and Dr.K.E.Prakash, Registrar, VTU Belgaum, the Guest of Honour. They were honored with a bouquet and memento by the Chairman.

The Founder Chairman, MJF Lion.Leo Muthu, in his presidential address traced the beginnings of the College, congratulated all the graduands, and the rank holder from CSE department Ms.Sachita, for securing the 3rd Rank. He entreated the graduands to become entrepreneurs and provide jobs for others rather than becoming job seekers.

Dr.K.E.Prakash, Registrar, VTU Belgaum in his Special Address, congratulated Ms.Sachitha, for securing 3rd Rank, who would get a gold medal from the Chairman and wish that in the coming years many more would get such ranks and gold medals. He requested staff to use the Rs.10 crore that the VTU has set aside for meaningful R & D Projects. He also said VTU's introduction of digital valuation was a success. He wished all the graduands.

Then the Management Representative Mr.Arunkumar read out the name of the rank holder Ms.Sachitha who was presented with a gold medal, memento and the degree certificate by the Chairman. He also read out the toppers of each branch of engineering and the Chief Guest honored them with prizes and certificates.

Then Sri. Dr.Veereshananda Saraswathi Swamigalu, delivered a meaningful graduation address in which among many poignant thoughts, he said that 'youths of today are not useless but are used less'. He said being born a man is a blessing – not an accident but an achievement. Man is different from animal only because of education. He said that real education starts only after one quits the College successfully as education enhances intellectual curiosity and continues till death. Education should successfully blend intellectual acumen and human feelings. Education must make a man a citizen not just an intelligent man.

Then the respective heads of the department read out the names of the graduands, who came to the dais and received their degrees from the Chairman MJF Lion.Leo Muthu.

Dr.T.V.Govindaraju, the Principal read out the pledge and made the graduates to take the Oath to serve the Nation.

The Chairman then declared the Graduation Day closed and the Management Representative delivered the Vote of Thanks. The function came to an end with the National Anthem.

Chaitra Scholarship

Chaitra Scholarship Rs. 5000/- has been given to 2009 - 2013 batch EEE student Ms. Shreemathi. Also she received Rs. 1000/- which is given by trust office manager Mr. Maheshwar.

VKPR Scholarship

VKPR Scholarship Rs. 5000/- has been given to Mr. Hithan D K, (1st year MBA)

VKPR Best Cricketer Award

Best Cricketer award (VKPR) has been given to 2009 - 2013 batch EEE student Mr. Madhu.

16th COLLEGE DAY

Our chairman MJF. Lion.Leo Muthu honoring the chief guest Dr.Mahesh Joshi, Additional Director General, Indian Broadcasting Service, Doordarshan Kendra, Bangalore. In picture, Mrs.Kalaiselvi Leo Muthu and principal Dr.T.V.Govindaraju.

Our college Magazine "SAI SPANDANA" released on this college day.

Our beloved chairman addressing the gathering. Dr.Mahesh Joshi, Additional Director General, Indian Broadcasting Service, Doordarshan Kendra, Bangalore.

Faculty members getting appreciation and receiving trophies for their outstanding performance in academic work.

Our students receiving trophies and certificates from chairman and chief guest.

The SSEC family celebrated 16th College Day on 30th April 2013. Our beloved Chairman MJF.Lion.Leo Muthu presided over the function. Dr.Mahesh Joshi, Additional Director General, Indian Broadcasting Service, Doordarshan Kendra, Bangalore was the Chief Guest of the function. Mrs.Kalaiselvi Leo Muthu graced the occasion.

Our principal Dr.T.V.Govindaraju welcomed the dignitaries, parents, faculty members, staff and students to the morning function.

Ms.Shwetha Kannan ,1st Year ECE student, presented our this year theme on "SAVE ENERGY" .The College Annual magazine 'Sai Spandana' was released by the Chief Guest during this occasion.

In his address ,the Chief Guest Dr.Mahesh Joshi, expressed his happiness to address the youth as they are a store of energy and on the count that the College had 'Shirdi Sai Baba's name who was a saint for all religious and castes.

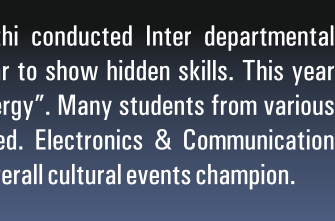

Also, he said that like nuclear energy the energy in the youth could also be either constructive or destructive. He advised them to use it for the formers and have Sir.M.Visvesvaraya as a role model. He suggested the youth to be really educated to face the unknown world and pass on knowledge to the future generations.

MJF Ln.Leo Muthu, in his presidential address, congratulated the Chief Guest on his impending promotion. He said that since independence, Indian democracy has become demoralized and that it is the task of the youth to build a successful Nation-in the future. He advised the students to become entrepreneurs and not job seekers. Also, He advocated them to make use of government programs like Prime Minister's Rozgar Program to avail loans and become entrepreneurs.

Sri.Arunkumar.R, the Management Representative announced the scholarship awards constituted by the Alumni Association and gave them away to the meritorious students, as also the award for the Cricket to the Captain of the team.

Our chairman and his lady distributed medals and certificates for the toppers of each class of every department. Also, mementos and cash prizes were distributed by the Chairman for faculty for excelling in teaching.

Furthermore, the Chief Guest distributed the Prizes to the students who had won in the various sports and cultural events conducted as part of the Sports day and Sai Samskruthi Competitions. Dr.Shyam Sunder Hegde ,professor in physics, proposed the vote of thanks.

Our cultural club Sai Samskruthi conducted Inter departmental competitions throughout the year to show hidden skills. This year cultural theme was on "Save Energy". Many students from various departments actively participated. Electronics & Communication engineering branch emerged as overall cultural events champion.

Sai Samskruthi 2013

INTERVIEW

Sri.Patel.K, Trust office member, completed 25 years of service at Sai Ram group of institutions. He was awarded recently at Chennai. On this occasion, Mrs. Rajeshwari .M, Lecturer, Mathematics interviewed him.
Excerpts...

Congratulation sir,
We are pleased to hear that you have completed 25years in SAI RAM GROUP and you got the momentum with chairman sir,

1. Your role in the group....

There is no particular role as such, but whatever assignments are assigned to me it is done without a murmur and there are no hassles in executing the work. I do not believe in positions or designation and I have rolled if required from an attender to a manager.

2. What is the secret of your success?

My success is due to the constant guidance, support & encouragement received from the Chairman sir and the Secretary sir and completing the task as per their thinking. I might have made mistakes and stones would have been thrown at me, but I converted these stones into a mile stone. This is the ultimate of my success.

3. Who has influenced you in your life?

In my younger days my father, a very strict disciplinarian who was a Physical Education teacher in a small town at a Govt. Higher Secondary School T. Pallur in Tamil Nadu who had taught me certain values in life and in my professional carrier my Chairman and Secretary, but for these two Pillars of the Institution I would not have contributed in the growth of the institution.

4. One quality you have that you admire....

Making friends easily and even a stranger feel at home with me and a helping tendency which I learnt from Chairman sir.

5. You are very easily influencing others.... How did you develop this skill?

As stated above when you are at ease with people it is not very difficult to convince them and as long as you have the support from the Management and if you don't deviate from the laid down procedures influencing becomes secondary.

6. What are the strategies to develop further our institution?

As the saying goes that two hands are needed to clap, I am a firm believer of team work and this belief has helped me in moving ahead with time. As far as strategies are concerned this wonderful institution should produce Engineers of high caliber and to achieve this, my ardent support for any academic related improvement if needed will be done without any hesitation.

7. I heard about you are fond of food....Could you say anything...

One important lesson I have learnt from Chairman sir is that no one should work in empty stomach and whoever meets him the first question he asks "Had your food". This has influenced me a lot. As far as food is concerned I like any tasty food that is served.

8. You want to communicate to our young minds.....

The Economic scenario in the country is far from encouraging and this trend will be there in the years to come. My message will be "Don't lose hope and future of this country is with all the young budding Engineers like you and as Swami Vivekananda said "Arise & Awake" and please be awake and start moving forward.

At this juncture I should also thank our young enterprising, energetic ever enthusiastic CEO Mr. Sai Prakash Leo Muthu for extending all support in my carrier.

In conclusion, English language has a word called Impossible in dictionary which means not possible. I want the youngsters to split the word into "IM POSSIBLE." which now means "I am Possible" Be and Think Positive and never have a negative mind set. I wish one and all the very best in life and a very successful, prosperous and a very bright future.

Mr. Patel receiving certificate from our beloved chairman MJF. Lion Leo Muthu and secretary Sri. M. Vasu for completing 25 years.

Mr. K. Gajendra receiving certificate from our beloved chairman MJF. Lion Leo Muthu, Secretary Sri. M. Vasu and Our CEO Sri. Sai Prakash Leo for completing 20 years.

Best Wishes

Our sister concern Sai Matriculation Hr.Sec. School recently celebrated Silver Jubilee in Chennai. The Management, Principal, Staff & Students wish them all the best for the future endeavor.

TRAINING & PLACEMENT

Our College 2013 Batch Students participated in the following Organizations' recruitment drive

Placement Awareness Program for all the final Year Students by Our Principal Dr. Y. Vijaya Kumar and Our Alumni Mr. H Girish from Agilets Private Limited, Bangalore on 2.08.2013.

Training and Placement Cell Organizes Placement Training Program to all the final year students from 5.08.2013 to 10.08.2013 at our college by M/s QuanTech Origin, Bangalore.

IEDC FUNDS

Shirdi Sai Engineering College is pleased to announce the establishment of "Innovation Entrepreneurship Development Center" granted by Department of Science and Technology, Government of India to strengthen already bursting culture of innovation that exists at SSEC and accelerate the commercialization of student's innovative ideas.

This center enables the sharing of resources, bringing together a broad range of Educational & Experimental activities focused on innovation and entrepreneurship- "A one – stop shop" for SSEC students. This center is focused to build on the strengths of innovative students projects. We intend to work with our students to create meaningful, innovative & commercially potential ventures. IEDC grants to an extent of 5 lakhs every year for innovative students projects.

INNOVATIVE PROJECTS AT GOPALAN MALL

Our Innovative project exhibition got accolades from various quarters. In this connection, Gopalan Innovative Mall Manager requested us to display our projects in their premises. It was an overwhelming response from the public as they have witnessed unusual scenario in a mall. Our students not only exhibited their projects, the social theme for the year 2013 "Save Energy" was taken to the public by means of mime. Our Mechanical students wonderfully enacted the mime and created awareness among the people about "Save Energy". It was highly appreciated by all. Also, our students entertained the public by conducting innovative games.
