About National Assessment & Accreditation Council (NAAC)

National Assessment and Accreditation Council (NAAC) was established in 1994 as an autonomous institution of the University Grants Commission (UGC) with its Head Quarter in Bengaluru. The mandate of NAAC as reflected in its vision statement is in making quality assurance an integral part of the functioning of Higher Education Institutions (HEIs). NAAC conducts assessment and accreditation of Higher Educational Institutions (HEI) such as colleges, universities or other recognised institutions to derive an understanding of the 'Quality Status' of the institution. NAAC evaluates the institutions for its conformance to the standards of quality in terms of its performance related to the educational processes and outcomes, curriculum coverage, teaching-learning processes, faculty, research, infrastructure, learning resources, organisation, governance, financial well being and student services.

About NEP

This National Education Policy 2020 is the first education policy of the 21st century and aims to address the many growing developmental imperatives of our country. This Policy proposes the revision and revamping of all aspects of the education structure, including its regulation and governance, to create a new system that is aligned with the aspirational goals of 21st century education, including Sustainable Development Goal - 4 Quality Education, while building upon India's traditions and value systems. India will have the highest population of young people in the world over the next decade, and our ability to provide high-quality educational opportunities to them will determine the future of our country.

About IQAC

IQAC has been established in the college as per the guidelines of NAAC. The primary objective of IQAC is to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution and to promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.

Objectives of 3 days National Level Seminar

- ➔ The National Education Policy aims to reorient the education system towards meeting the needs of the 21st century by achieving the twin objectives of inclusion and excellence.
- ➔ The NEP seeks to encourage critical thinking and spirit of enquiry.
- ➔ It would digitally store the academic credits earned from various higher education institutions so that degrees can be awarded, taking into account the credits earned by students.
- ➔ NEP aims to increase the Gross Enrolment Ratio or GER in higher education to 50 percent by 2035.
- ➔ The focus is to improve the quality of education standards in our country, adding the policy has given access to foreign universities to open campuses in India and vice-versa which will be instrumental in the process of making India a soft power.

Expected Outcomes

- ➔ The participants will be aware of the importance of NEP and its effectiveness.
- ➔ NEP promises to bring in structural reforms, an educational reset and a better educational system.
- ➔ It certainly does show commitment in arranging its priorities and placing its students' well-being at the front.
- ➔ It highlights the significance of learning outcomes and retains faith in the new system's ability to provide students' with a more individualised education that is full of choices.
