

SHIRDI SAI ENGINEERING COLLEGE

Anekal, Bangalore

Report on Internet mela -2013

(Organised on 11th and 13th of November 2013)

Our college in association with Block Educational office, Anekal Taluk, Bangalore organized the Internet Mela on 11th and 13th of November 2013.

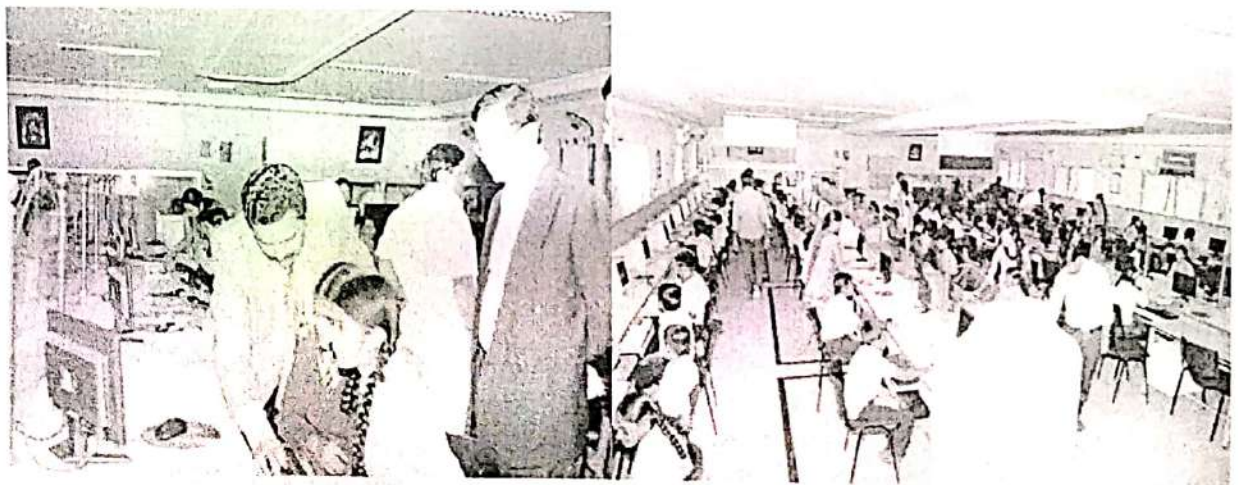

This event was inaugurated by the chief guest Mr. H. B. Manjunath, DDPI, Bangalore North accompanied by our college principal Dr. Y. Vijayakumar and vice Principal Dr. B. Shadaksharappa. The invocation song was sung by CSE students. The welcome address was given by vice principal followed by the address speech by all dignitaries. Dr. Y. Vijayakumar the principal of shirdi sai engineering college explained the importance of internet to the children who came from various schools around Anekal.

The theory sessions was conducted by staff of CSE department in seminar hall followed by the practical session in different laboratories. The students were taught the Microsoft Office, Creating Email ID, use of search engines , online banking and digitization. Around 300 students made use of the program.

The three days program ended with glow and knowledge smiles on the children's face. They expressed their gratitude and expected the same event to be conducted every year for the rural students.

Report on Swachh Bharat Abiyan

Swachh Bharath held in the Mattanahalli Village near Sarjapura, Anekal, Bengaluru from 18.01.2016 to 24.01.2016. The NSS volunteers actively participated in creating awareness by taking door to door campaign to the public, informing them about the importance of cleanliness. The students took the initiative to clean the surrounding of vicinity. The total number of students who participated in the campaign were 15.

NSS students conducted street play on Swachh Bharat, for creating awareness about cleanliness to the public and also Students explained the objective swachh bharat for village people.

- Construct individual, cluster and community toilets.
- Eliminate or reduce open defecation. Open defecation is one of the main causes of deaths of thousands of children each year.
- Construct latrines and work towards establishing an accountable mechanism of monitoring latrine use.
- Create Public awareness about the drawbacks of open defecation and promotion of latrine use.
- Change people's mindset towards proper sanitation use.
- Keep villages clean.
- Ensure solid and liquid waste management through gram panchayats.

PRESS MEET REPORT

2016

Yesterday was a Big day to our Sairam Bengaluru !!!! It was a day to share our students accomplishments with the Public through the media. Yes, our Management along with the students of Sri Sairam College of Engineering did hold a press meet at the Press Club at Cubbon Park, Bengaluru to mainly exhibit the innovation and accomplishments of our Sairam students at various National & International level competitions. It was gala moment for our students as the press reporters interacted and appreciated all our student projects during the meet. Hard work surely pays. But, yesterday indeed it showered in form of cash award / Scholarship for the students.

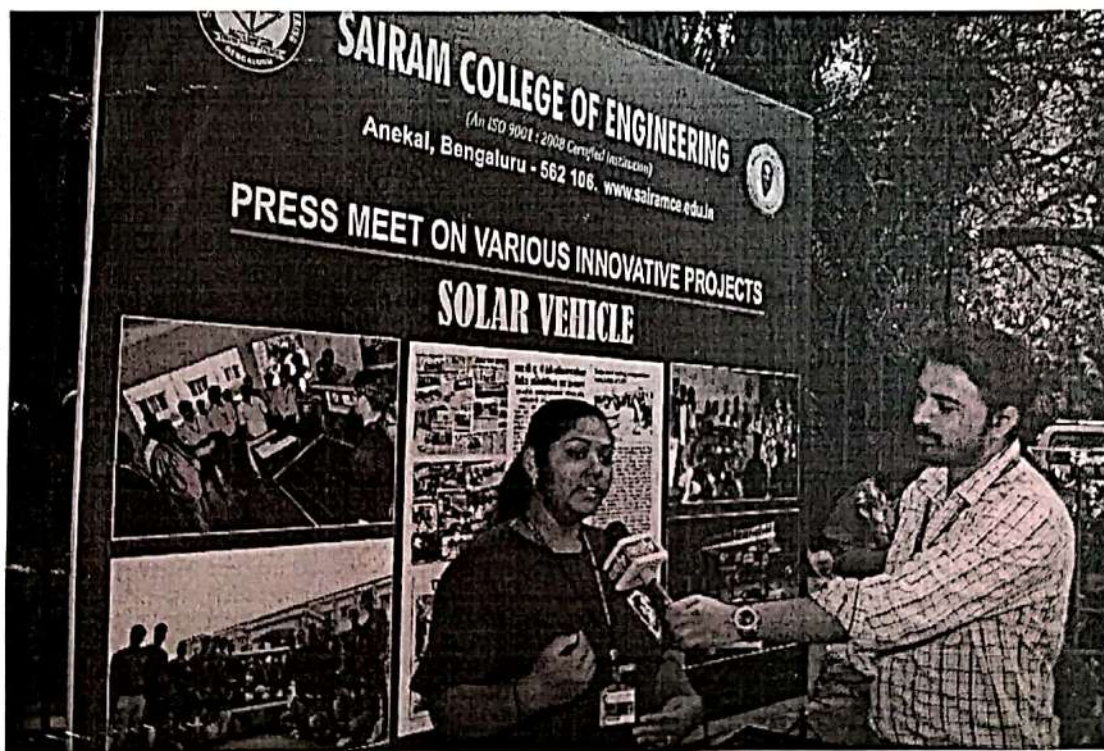

Our CEO **Sri. Sai Prakash Leo Muthu** participated in the press meet and announced around **Rs. 5 Lakhs** worth of cash award for all the exhibited 4 projects in form of "**Shri. Leo Muthu Scholarship**" in memory of our Founder MJF. Ln. Leo Muthu. The students did expressed their sincere gratitude our Management, especially to our CEO for encouraging these causes and supporting them financially which is motivating them to reach further heights. Lets have a look at these four interesting projects and its accomplishments in brief.

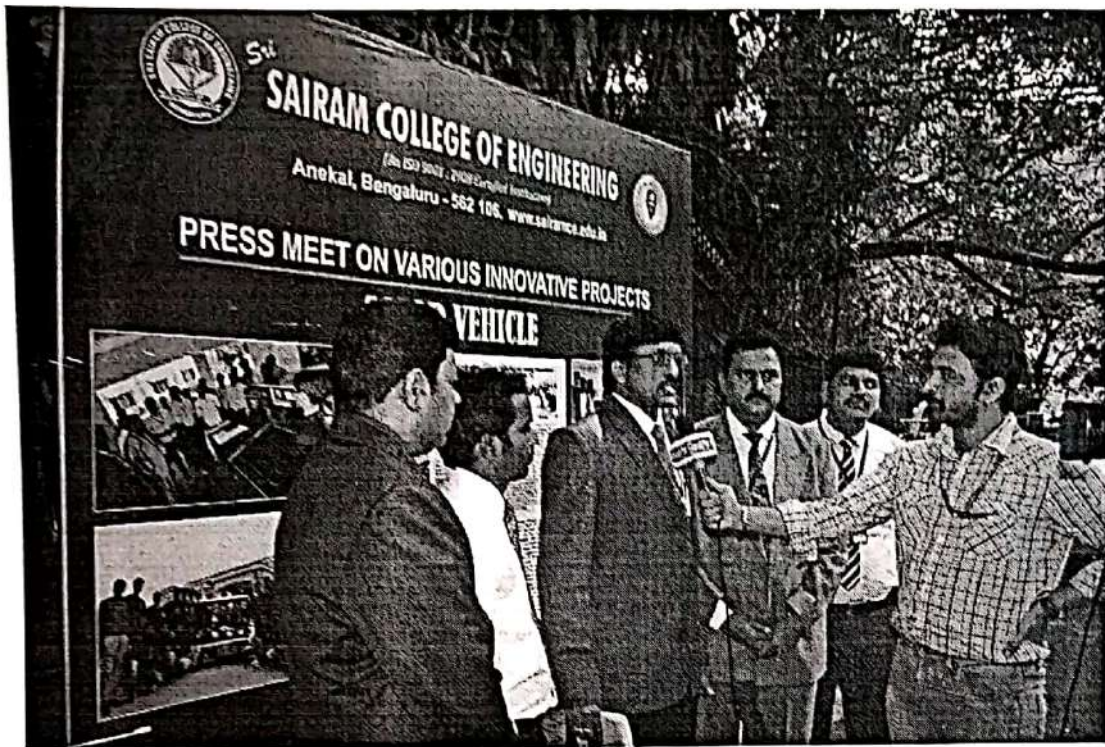

1. ASHWA – the solar electric car team has participated in events **Electric solar Vehicle Championship 2016** organised by Imperial Society of Innovative Engineers from 25th March to 29th March 2016 at Bhopal and **Indo-Asian solar Vehicle challenge 2016** organised by Robotics and Intelligent System Community (RISC)-LPU from 4th April to 8th April 2016. Team showed the outstanding performance in the Endurance round (racing event) and Driver Kiran Kumar covered 43 laps approximately 85 km in 4 hours without any mechanical and electrical problems bagging the runners-up title with Rs.10,000/- cash award.

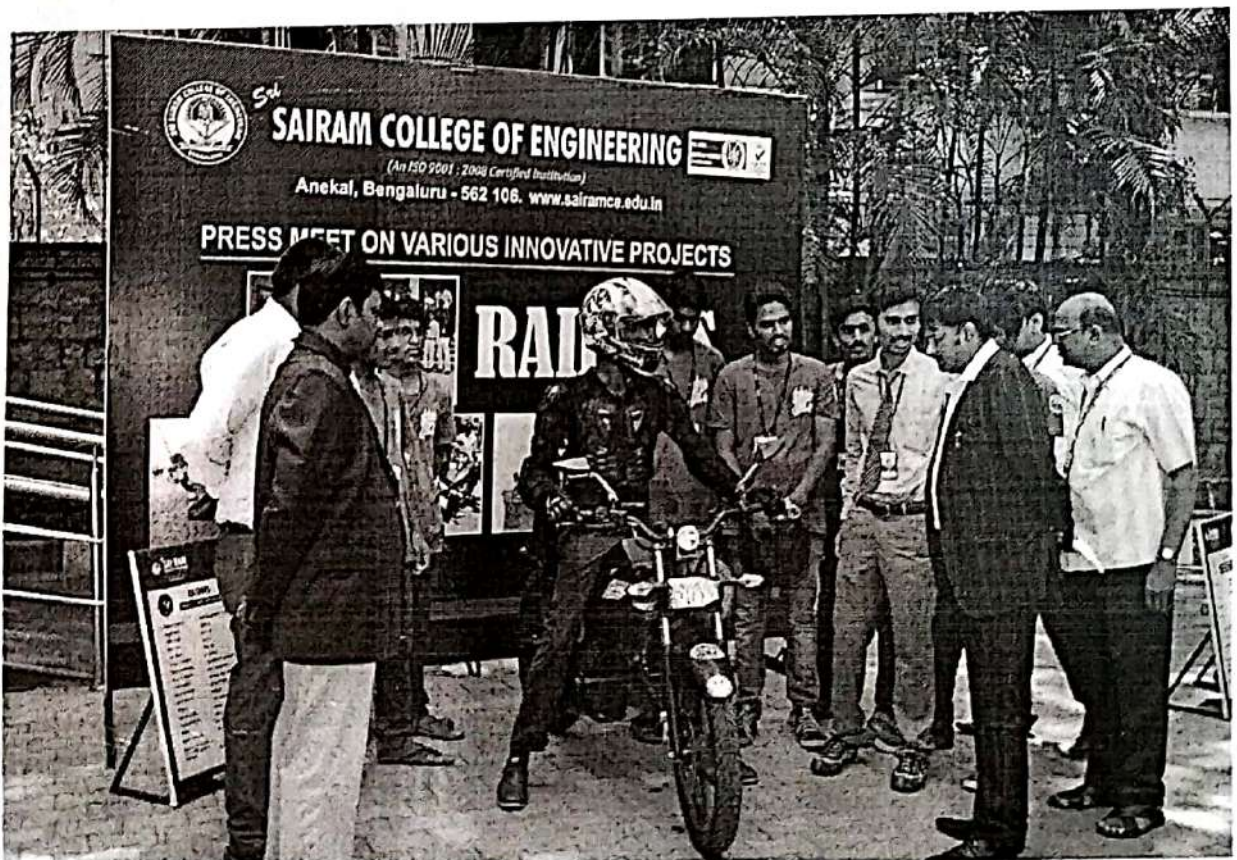

2. VARUNA – the Autonomous Underwater Vehicle participated in the 4th International Competition on Singapore Autonomous Underwater Vehicle #SAUVC2016 - Finals - organized by National University of Singapore in association with India Partner IEEE-OES from 4th March to 6th March 2016. Around 19 teams registered for the event from various parts of the world which included Russia, China, Singapore, Thailand, Malaysia, Egypt, Bangladesh, etc. and only 11 teams could successfully complete their AUV and participate in the event. VARUNA is also one among them and the only team to represent the state of Karnataka.

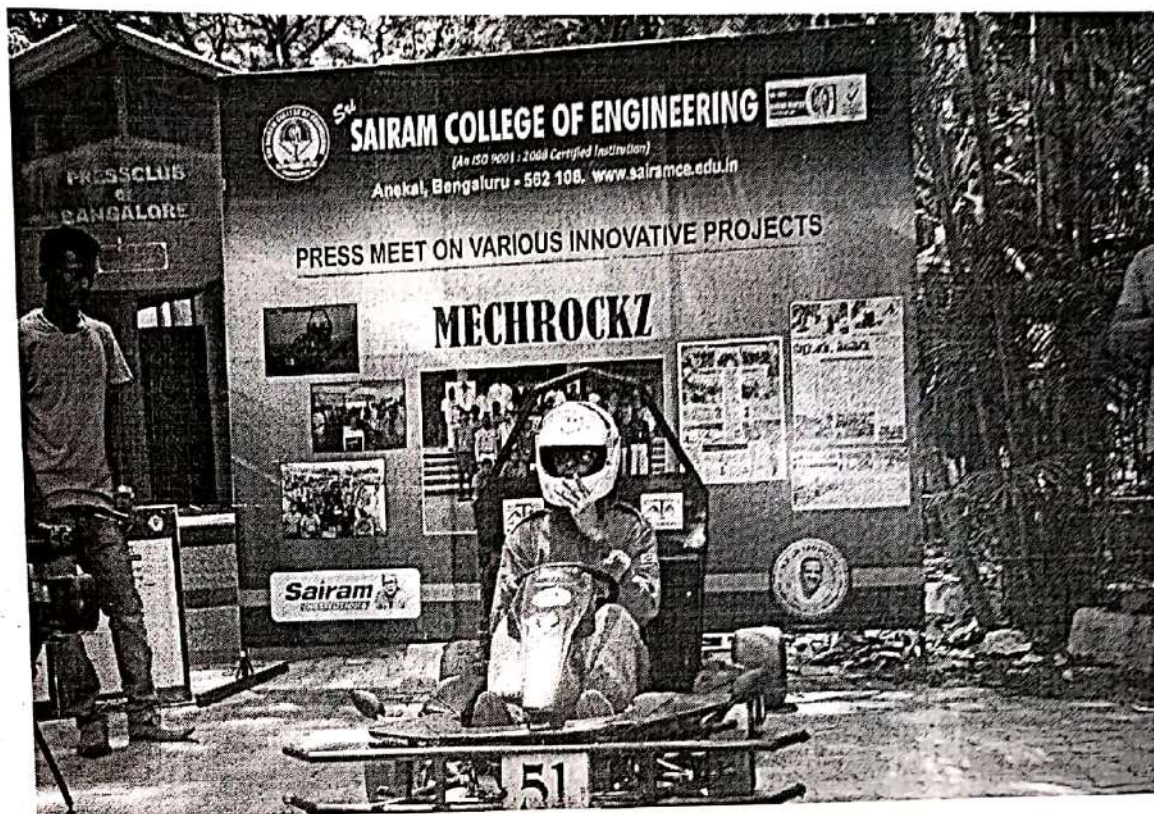

3. MECHROCKZ – the Go-Kart Vehicle participated in Vishnu Karting championship 2016 organized from 22nd to 26th January 2016 held at Bheemawaram, Andhra Pradesh. Out of the registered 60 teams MECHROCKZ has successfully cleared the Virtual round in 2nd Position and completed the final Endurance (track race) event in 2nd position completing 42 laps covering 95 km within 2 hours.

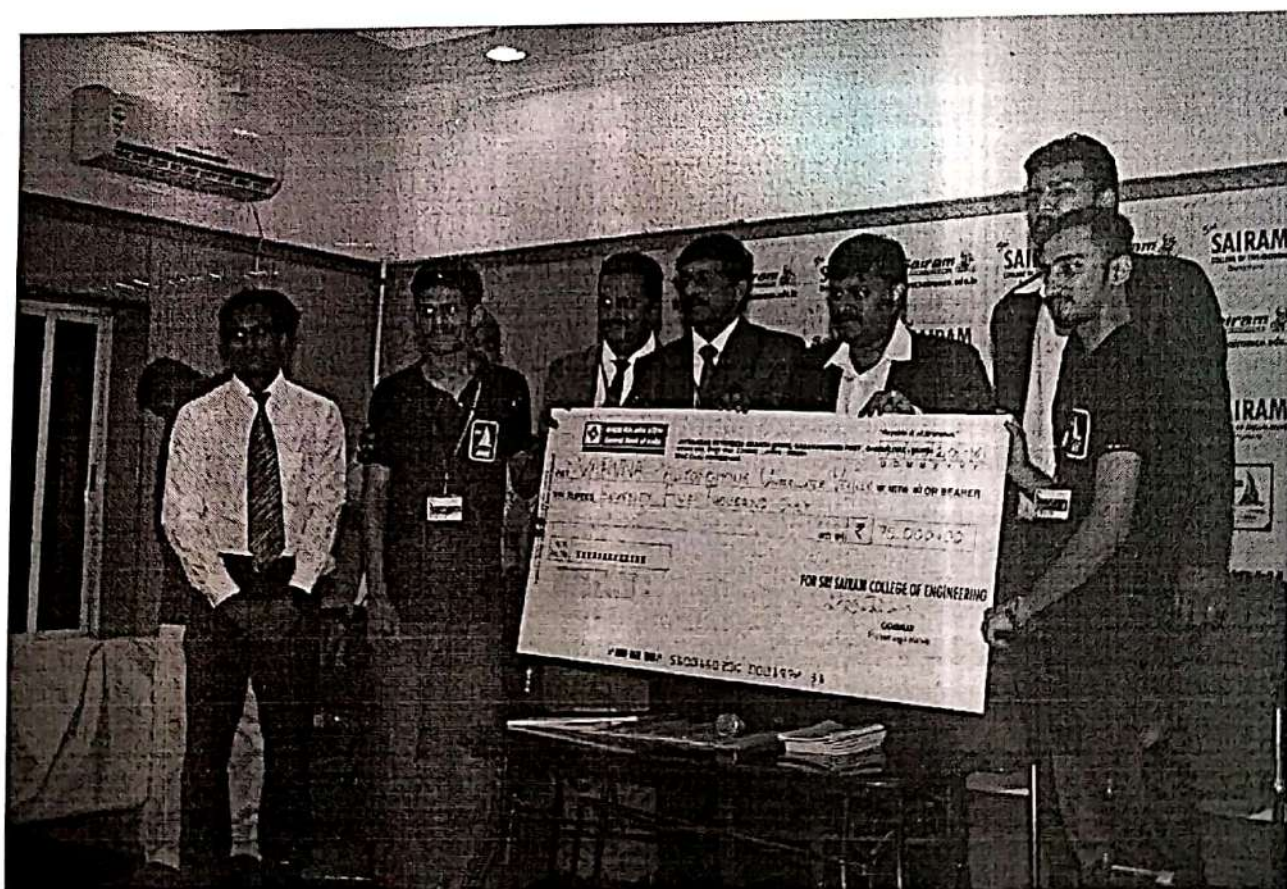

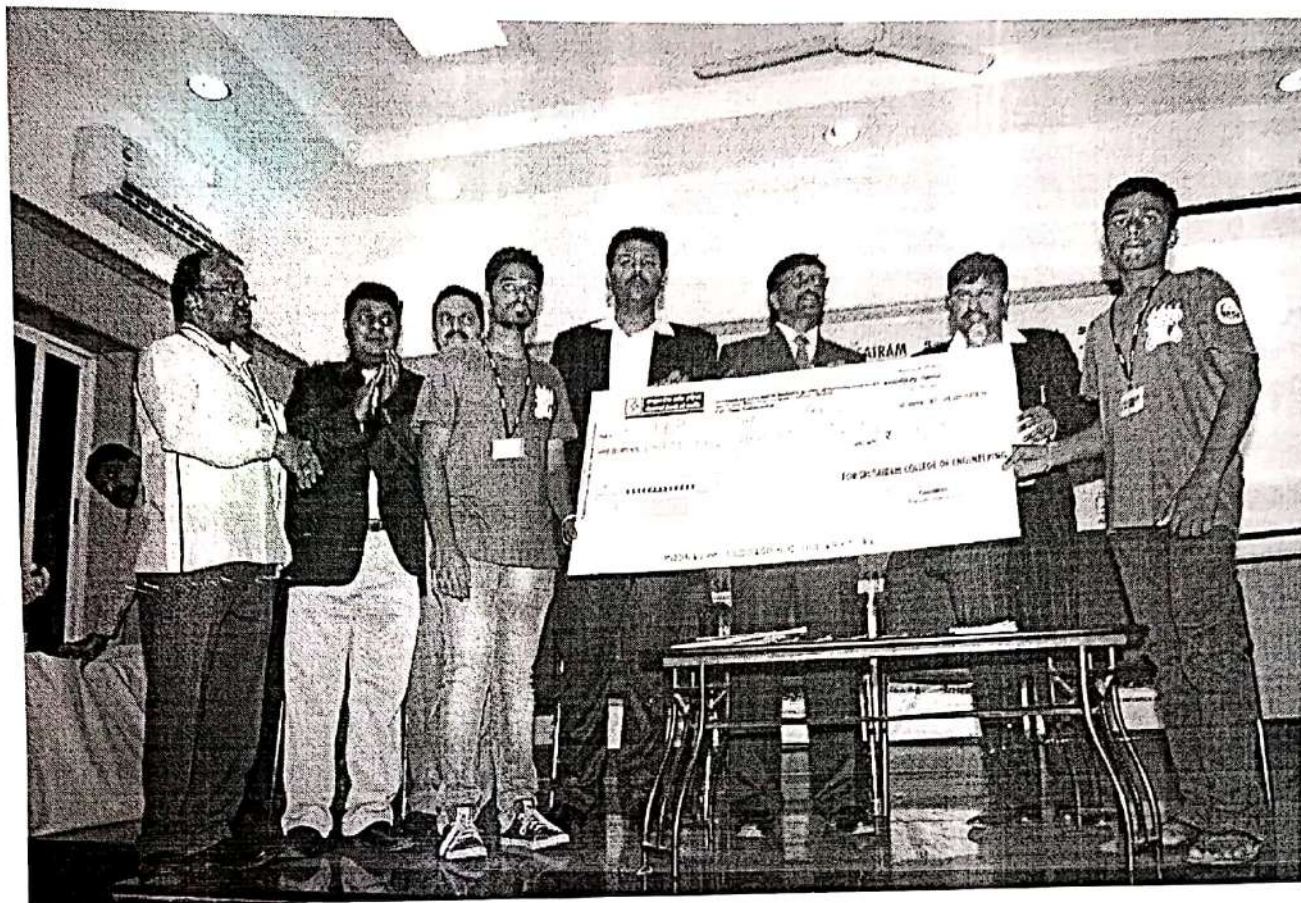

4. Raiders – the E-Bike is an eco-friendly electric bike participated in the National event **E-BIKE RACING CHALLENGE 2015-16** organised by Robotics and Intelligent System Community (RISC)-LPU from 23rd to 25th April 2016. Out of the participated 25 teams, RAIDERS have completed their AUTOCROSS round in 2nd position securing overall 5th position. A big kudos to all the students & staff who are dedicated and instrumental in achieving this massive feat and lets wish them the best for their future events too. Also a big thanks for the management for encouraging our budding engineers to think out of box.

Bengaluru Mini Maker Faire 2016 Report

ABOUT MAKER FAIRE:

Maker Faire is the Greatest Show (and Tell) on Earth—a family-friendly showcase of invention, creativity and resourcefulness, and a celebration of the Maker movement. It's a place where people show what they are making, and share what they are learning. Makers range from tech enthusiasts to crafters to homesteaders to scientists to garage tinkerers. They are of all ages and backgrounds. The aim of Maker Faire is to entertain, inform, connect and grow this community. The original Maker Faire event was held in San Mateo, CA and in 2013 celebrated its eighth annual show with some 900 makers and 120,000 people in attendance. World Maker Faire New York, the other flagship event, has grown in three years to 500+ makers and 55,000 attendees. Detroit, Kansas City, Newcastle (UK), Rome, and Tokyo are the home of "featured" 2013 Maker Faires (200+ makers), and community-driven, independently organized Mini Maker Faires are now being produced around the United States and the world—including right here in San Diego.

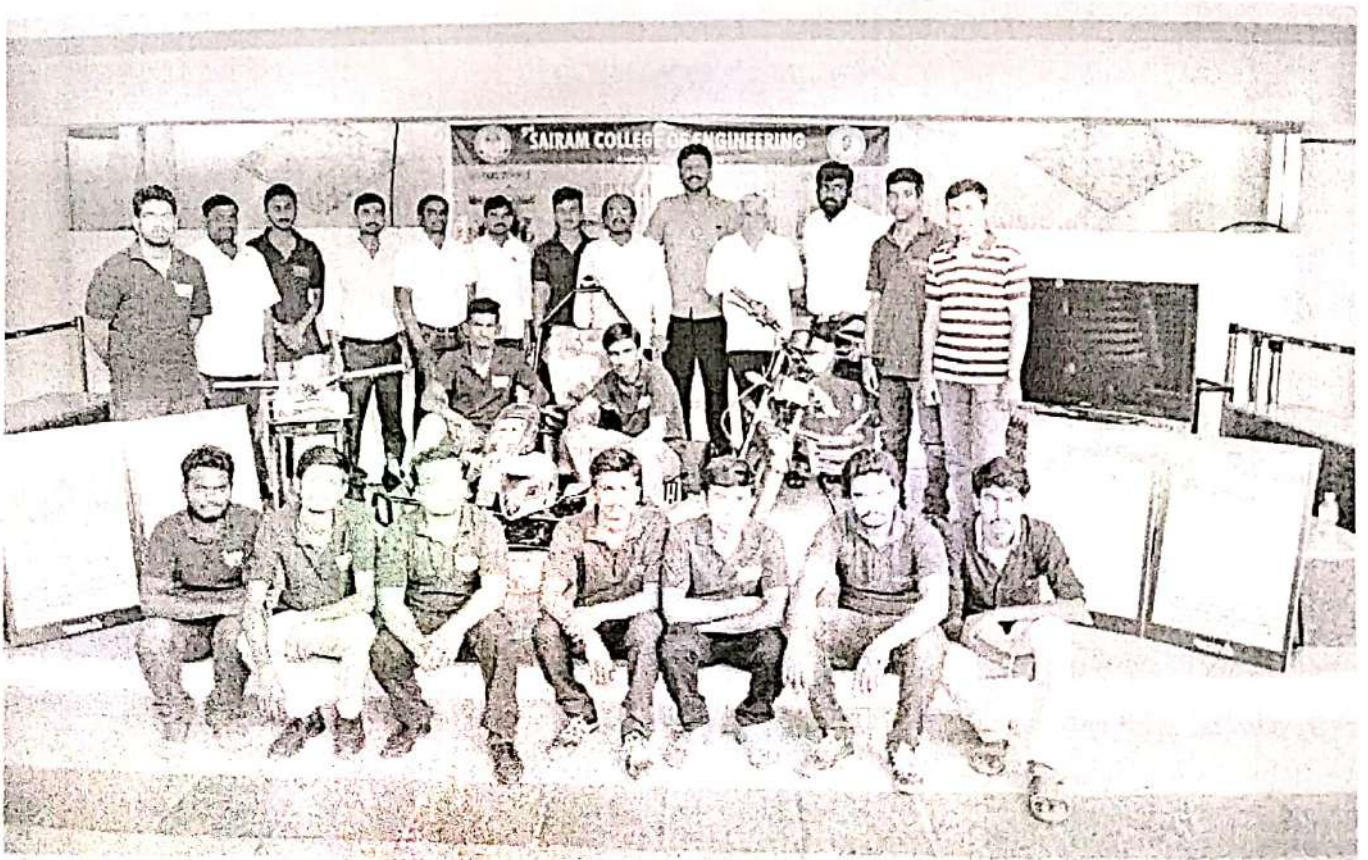

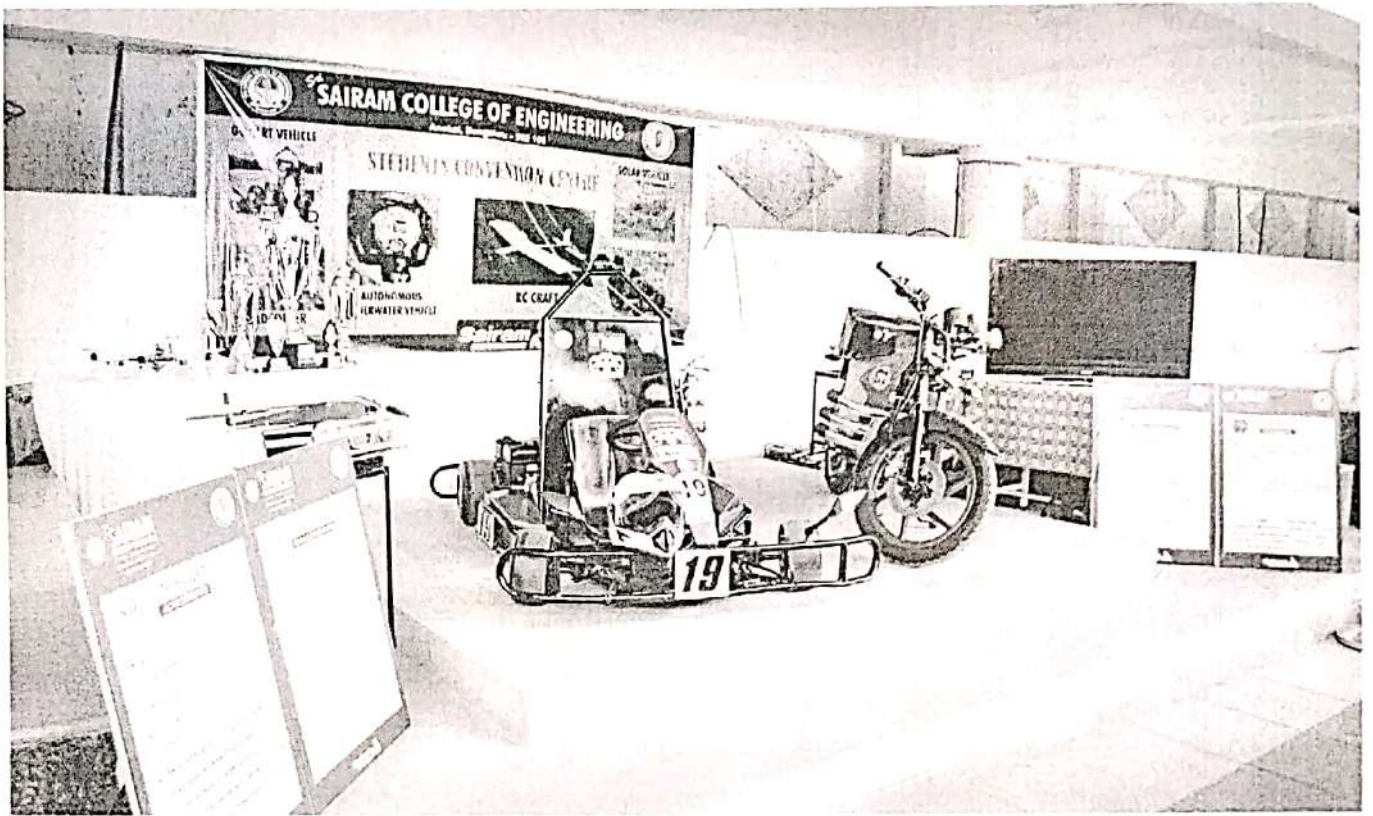

BENGALURU MINI MAKER FAIRE 2016

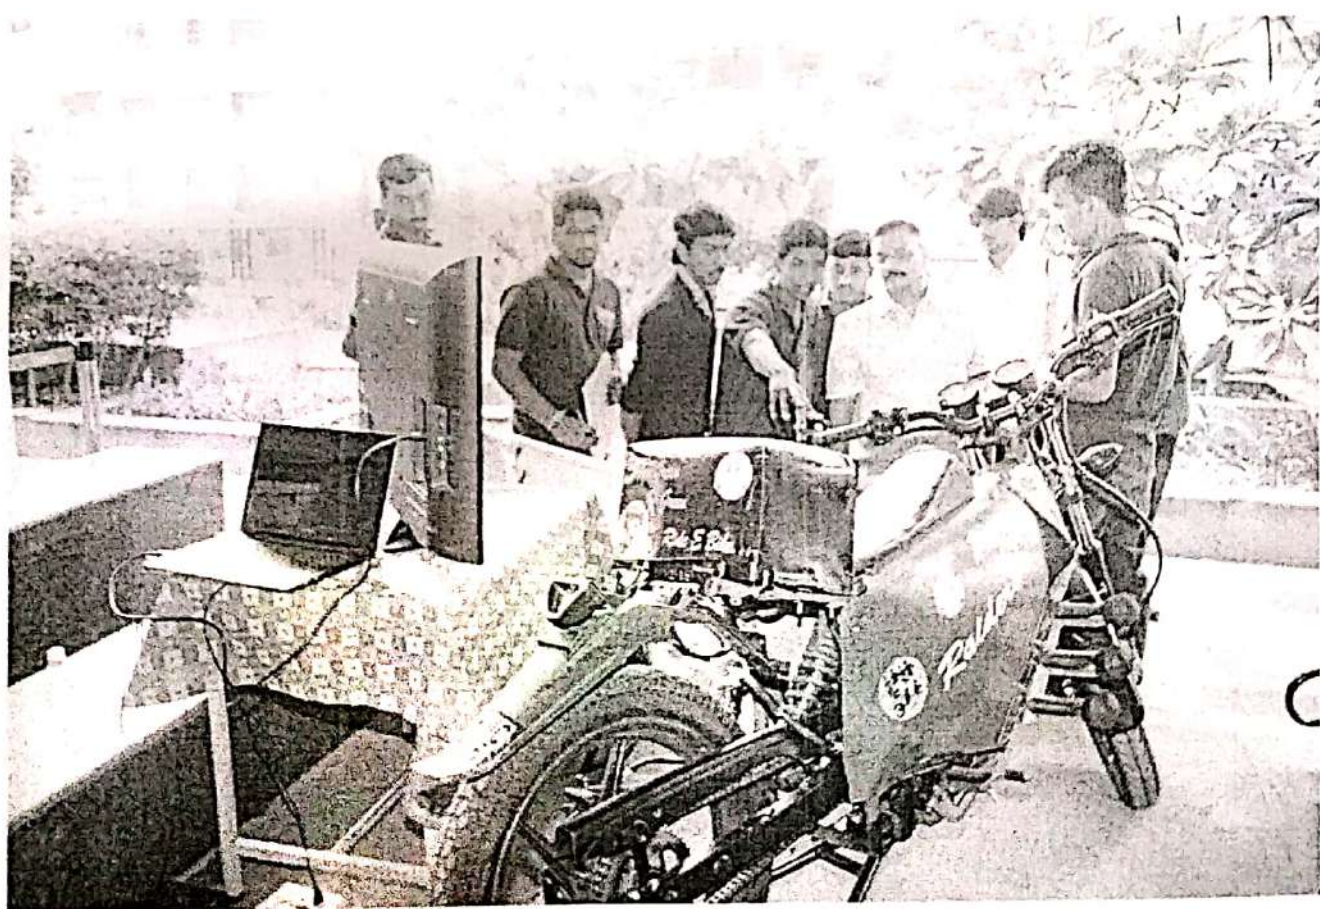

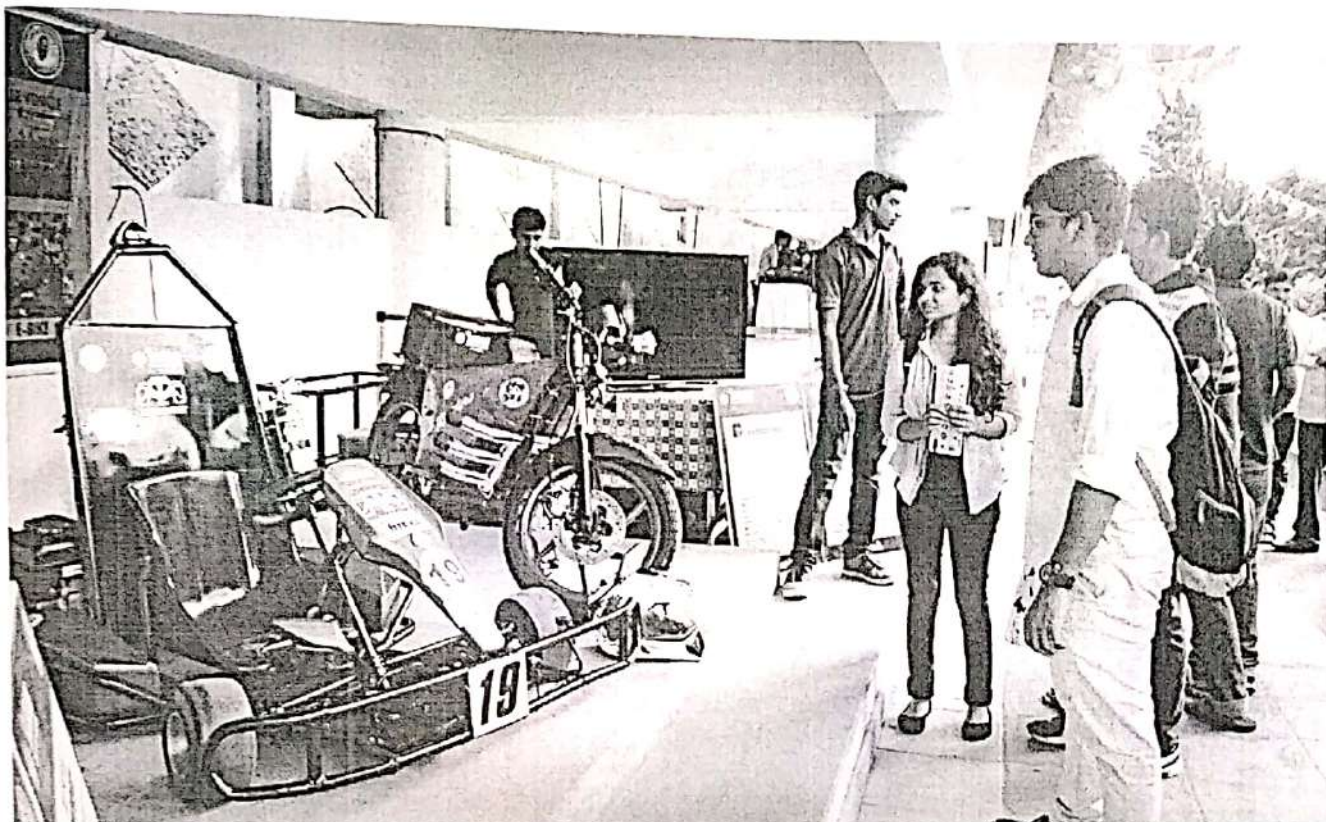

After last year's overwhelming response from the public, they just had to bring its version 2.0. And like all upgrades, this one's 10X more fun, 50 more shades of awesome, and at least a 100 different types of creative. Bengaluru Mini Maker Faire 2016 was conducted on 23.10.2016 Sunday from 10AM-7PM at Rangoli Metro Art Centre.

Our college teams Team Raiders (E-bike team), Team Mechrockz (Go-Kart Team), Team Shithij (RC Craft Team) and Team Drona (Quad Copter Team) participated and showcased their products in the fair. Various technical peoples from Amaron batteries, Mahendra, Autodesk, Royal Enfield, 3D printer expertise, entrepreneurs', innovators, various college students, school students, parents, kids etc.. visited our stall and gave suggestion for improvements by their expertise. Parents and kids enjoyed while seeing our vehicles. It was an awesome day for the students and faculties of Sri Sairam College of Engineering.

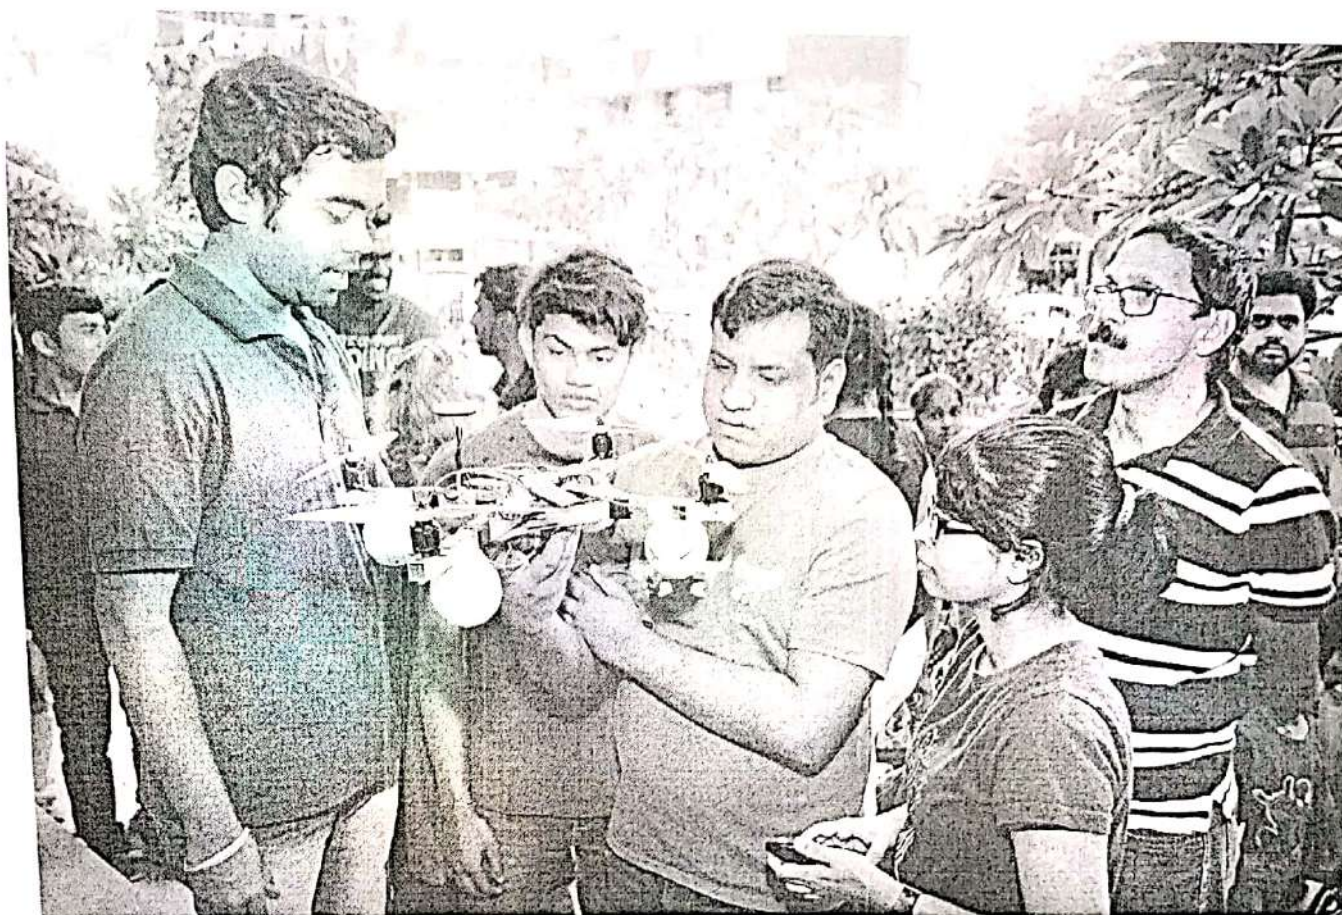

With the continuous support and motivation from Management Representative Mr. R. Arunkumar, Principal Dr. Y. Vijayakumar and all HODs the following faculty advisors Mr. Arun kumar MR, Mr. Ravi.V. Angdi, Mr. Harish Babu L and Mr. A. Muthuvel along with 15 students of our institution have done this remarkable achievement.

Report on Blood Donation and Health camp

Blood Donation & Health Camp organised on 16.09.2016 in our college. The camp was held to help in the Seminar Hall of our college.

To make the occasion a special one the teachers, the students and the volunteers of the local village made an United effort. Soon after the inaugural speech by the Principal, the blood donation process went on. The willing villagers, the teachers and some students donated blood. The doctors of the hospital collected the blood. One of the doctors also addressed the audience saying that the blood donation does not weaken the donators. The recovery takes place very soon. Apart from blood donation camp, a free camp to check up the blood group was also held. A team of doctors checked the blood group of each students. All those who donated blood were given tea or coffee and biscuits. The team of doctors thanked our principal and teachers for their co-operation.

Principal

Report on Blood Donation Camp

Blood donation camp organized in our college by NSS students on 02.04.2018.

The camp was a huge success and saw active participation from students, professors, faculty and management of our college . Principal of our College said, "If the younger generation comes forward to give blood voluntarily, there will be no dearth of blood worldwide." He further added that regular voluntary blood donations are vital for blood transfusion services. A lot of our students participated in this blood donation camp which is an encouraging indicator of voluntarism and awareness. In today's scenario, where the need for safe blood is steadily on the rise, the association and all donors are indeed serving the society in a way that deserves acknowledgement and appreciation." One of the donors said, "When you donate blood for an unknown person, the artificial barriers of caste, creed, religion and languages are demolished. It is indeed a very fulfilling experience."
