

Library – Made it Easy for User

Books Arrangement Guide

It Contains subjects name and particular location (rack number & row number) of the subject. It is displayed at the Book Stacking Section of the library. This is helping the users to tract the books easily.

Two Different guides are Displayed

- *overall collection of the library*
- *for the subjects covered in the syllabus.*

The guide will be revised every year, new subjects will be added as per the syllabus periodically.
