Subject: VITA DAY regarding "VM Ware Cloud Virtualization Program"

VM Ware Cloud Virtualization Program was conducted on 13th February 2020 for IV semester and VIII semester students of Department of Computer Science and Engineering, Organized by Sri Sairam College of Engineering In association with ICT Academy. 85 students attended the Program with all enthusiasm. The event Coordinator Ms. Lavanya. K, Asst. Prof, Dept. of C.S.E, welcomed the gathering. The program was inaugurated by our beloved Principal, Dr. B. Shadaksharappa, Presided by Head of the Dept. (CSE), Dr. G. Manjula the Program was conducted very effectively.

The session had 8 hours of online course, In the first half of the session students learnt about Software Defined storage Concepts (SDS), SDS is a Concept which makes Our Future Proof with Independence from hardware Vendor lock-in and storage will completely depend on programmability and automation with greater efficiency. and in the other half of the session student learnt about the VM Ware network virtualization in which multiple Operating System can run on single machine without booting option , students also learnt how a large amount of data which is already stored in the cloud can be retrieved from it. We thank ICT Academy for giving this opportunity to organize this session successfully for the benefit of our students. The feedback was positive and our students felt the session was informative and useful.
