

## Report on

### Session on Design Thinking

Department of Electrical & Electronics Engineering in association Institution's Innovation Council with has organized a workshop on **"Design Thinking"** for first year students of EEE & MECH department on **18/08/2022 at 2pm** by **Mr. Harish Babu L, Innovation Ambassador**.

The main objective of this Workshop was to provide a platform for students from EEE & Mech Students improve their knowledge about Design Thinking Process. He explained about all 5 steps involved in Design Thinking Process. He has taken practical example of the projects work carried out by the final year students based on design thinking process.

The students were divided into six groups, each group identified a problem statement and carried out design thinking process for finding the solutions. Students presented their solutions during the closing session.

We thank Mr. Harish Babu L for his valuable inputs to students about Design Thinking Process. We also thank our Management, Principal, HoD's and Staff for the support in organizing the orientation session.
