About the Faculty

I am Kalamani, working as a Assistant Professor in Sairam College of Engineering, Bangalore. Completed Master's degree in Computer Science and Engineering from Anna University and Bachelor's Degree in Computer Science and Engineering from Bharathiyar University. I have 15 years of teaching experience in various engineering colleges. I have published 10 papers in International Journals and presented more than 15 papers in National and International Conferences. I have received funds from Karnataka State Council for Science & Technology (KSCST). I have published a book titled Database

Management System. My area of interest is Data mining and Soft Computing Techniques. Completed NPTEL Certification in DBMS from IIT, Kharagpur. Life member of ISTE and IEI.

St. Xavier's College of Engineering, Palur has emerged as a centre of education with its modern library features, state of the art facilities and updated collections.

It has crossed many milestones and developmental stages by its continuous resource enrichment, continuous infrastructural developments and on-time implementation of new technologies.

We always strive to sustain excellence through continual infrastructural growth.

Library Collection | Recommended Indian Author Books

Main features of SSEC library is:

1. Fully automated with OPAC facility.
2. Enriched with vast and useful collections.
3. Fully coded for fast and accurate transactions.
4. User friendly with fully open access, and well organized arrangement.
5. Infrastructure Well Developed, good ventilation and ambience.
6. Good services with experienced and dedicated staff.
7. Networked with other libraries through DELNET.
8. Digital Library - World Reputed E-Resources.

Submitted,

Sub: Report on Technology commercialization- Reg.

Technology commercialization is the process of transitioning **technologies** from the research lab to the **marketplace**. This is accomplished in many ways: through educating students, publishing results of research and ensuring that inventions are developed into useful products and services for the benefit of the public. With respect this subject we have conducted a Seminar for ECE VI Semester Students on **03.10.2016**. In the seminar the students were informed about **Technology commercialization** by **Mr.Gowri Shankar, Engineer, Core research group,Bangalore**.

The seminar was organised for 6thsem students and 70 students with 4 faculty participated. The student's feedback was positive, and they felt that the session was informative and learnt about sharing of skills , knowledge and facilities for commercialization.

Thanking You,

Yours Sincerely,

Dear Sir,

Sub: Industrial Visit – Requisition – Reg.

Greetings from **Sri Sairam College of Engineering!!!**

We are glad to introduce ourselves as **Sri Sairam College of Engineering** which is affiliated to Visvesvaraya Technological University, Belgaum situated at Anekal, imparting technical education to the aspiring students. This institution was established in the year 1997 by a well - known philanthropist MJF Lion Leo Muthu, Chairman, Sairam Group of Institutions, which has successfully produced 18 Batches of innovative engineers. With the motto "**Prosperity through Technology**", our students are provided an opportunity to excel not only in the field of technology but also in all values of life.

As part of the curriculum and in order to give a real time exposure to the students of Computer Science & Engineering branch, they have to visit Industries. In keeping up with this trend, we request your good self to provide them a chance to visit your working place.

If the same is acceptable from your side, you may please let us have your convenient date and time preferably **during any working days between 2/05/2018 to 05/05/2018 and 7/05/2018 to 12/05/2018**. Or your convenient day will be considered. Kindly do the needful sir.

Sub: Report on Industrial Visit- TVS Motors, Mysore - Reg.

Industry Visited: TVS Motors, Mysore

Date of Visit: 23.02.2019 (Saturday)

Industrial visit was arranged for 3rd year ECE students to **TVS Motors, Mysore** on 23/02/2019.

Students start from Anekal by 7.30am. 65 students from 3rd year ECE participated along with 2 faculty members.

The visit was very much beneficial to the students in terms of technology. **Mr. Rakesh** Industrial visit coordinator received all of our students. After receiving, he gave the students the instructions how to be in the industry.

They gave a PPT about "How the company was evolved, Business Transaction".

He explained the types of Vehicles they are manufacturing.

Later **Mr. Bharath**, Assistant Executive and **Mr. Rakesh** took them to the plant and explained the process begins with supplying raw materials to delivering the final product.

During this visit, students interacted with the experts very effectively.

This trip was highly useful for the students in terms of practical knowledge about the assembling of two wheelers. This trip will also be helpful for them to find placement opportunities in such industries.

We hereby thank our Principal **Dr. Y. Vijayakumar** and Management Representative

Dr. R. Arunkumar and Department HOD **Mr. C. Sivaprakash** to provide practically oriented Industry visit.

Feedback regarding TVS (Industrial visit)

name: Sushma R

DSN: 18B16E1088

Year/Dep: 3rd year/ECE

Date: 25/02/19

* The visit was useful. we have learnt many things like they have showed how the engine was manufacturing from first stage to last stage &

* For every 25 seconds one vehicle will come with perfect assembling.

* Totally 3 types of vehicles are manufacturing. TVS Motor, Apache, & total 3 vehicles they

are manufacturing. we gained some amount of knowledge about the TVS & vehicles.

* It was useful & in the same extent we enjoyed a lot.

* Everything was automated by the some of the robots & even when they are manufacturing at that time. If any component is not placed or assembled properly then it will not send to other section of assembling. like with many things that they have thought us.
