## Report on Advancing Women in the World

- Venue: Seminar Hall
- Date: 06/01/2016
- No. of participants male:10
- No. of participants female:30

Our College had organized a Seminar on "**Advancing Women in the World**". Around 40 students participated and benefited by the event. The Speakers for the lectures was Mrs AGARWAL. She addressed "**Women's Equality Day** commemorates 26th August 1920 when votes to women officially became part of the US constitution. This day marks a turning point in the history of the struggle for equal treatment of women and women's rights.

In 1920, the day stood for the result of 72 years of campaigning by a huge civil rights movement for women. Prior to movements like these, even respected thinkers such as Rousseau and Kant believed that woman's inferior status in society was completely logical and reasonable: women were 'beautiful' and 'not fit for serious employment'.

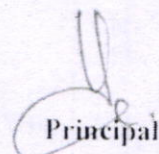

Over the last century, great women have proved these views wrong as the world has witnessed just what women are capable of achieving, from the likes of Rosa Parks and Eleanor Roosevelt fighting for civil rights and equality to great scientists such as Marie Curie, Rosalind Franklin and Jane Good all. The last century has shown more than ever what both women and men are capable of achieving, given the opportunity.

Today, women's equality has grown to mean much more than just sharing the right to the vote. Organisations such as Equality Now and Womankind Worldwide continue to work to provide women across the globe with equal opportunities to education and employment, pushing against suppression and violence towards women and against the discrimination and stereotyping which still occur in every society.

So on **Women's Equality Day**, let the men do the dishes and the women do the DIY, think about supporting women's empowerment projects in developing countries, stop thinking about men and women as separate beings with separate roles and start thinking about treating people as equals.

During the discussion session participants interact with the speaker for clarification regarding their doubts. The overall programme was very successful.

With positive support from Management Representative Mr. R. Arunkumar, Principal Dr. Y. Vijayakumar and all HODs take pleasure in appreciating the following students and faculty advisors for this remarkable achievement their continuous support and motivation

Total Number of Lecture Hours	25	Exam Hours	02

#### Course Objectives:

1. To identify the major challenges in environmental issues and evaluate possible solutions.
2. Develop analytical skills, critical thinking and demonstrate socio-economic skills for sustainable development.
3. To analyze an overall impact of specific issues and develop environmental management plan.

#### Module - 1

Introduction: Environment - Components of Environment Ecosystem: Types & Structure of Ecosystem, Balanced ecosystem Human Activities – Food, Shelter, And Economic & Social Security. **2 Hours**

Impacts of Agriculture & Housing Impacts of Industry, Mining & Transportation Environmental Impact Assessment, Sustainable Development. **3 Hours**

#### Module - 2

Natural Resources, Water resources – Availability & Quality aspects, Water borne diseases & water induced diseases, Fluoride problem in drinking water Mineral resources, Forest Wealth Material Cycles – Carbon Cycle, Nitrogen Cycle & Sulphur Cycle. **2 Hours**

Energy – Different types of energy, Conventional sources & Non Conventional sources of energy Solar energy, Hydro electric energy, Wind Energy, Nuclear energy, Biomass & Biogas Fossil Fuels, Hydrogen as an alternative energy. **3 Hours**

**Module -3**

Environmental Pollution – Water Pollution, Noise pollution, Land Pollution, Public Health Aspects. **2 Hours**

Global Environmental Issues: Population Growth, Urbanization, Land Management, Water & Waste Water Management. **3 Hours**

**Module -4**

Air Pollution & Automobile Pollution: Definition, Effects – Global Warming, Acid rain & Ozone layer depletion, controlling measures. **3 Hours**

Solid Waste Management, E - Waste Management & Biomedical Waste Management - Sources, Characteristics & Disposal methods. **2 Hours**

**Module - 5**

Introduction to GIS & Remote sensing, Applications of GIS & Remote Sensing in Environmental Engineering Practices. **2 Hours**

Environmental Acts & Regulations, Role of government, Legal aspects, Role of Non-governmental Organizations (NGOs) , Environmental Education & Women Education.

**3 Hours****Course Outcome:**

Students will be able to,

1. Understand the principles of ecology and environmental issues that apply to air, land, and water issues on a global scale,
2. Develop critical thinking and/or observation skills, and apply them to the analysis of a problem or question related to the environment,

### Report on Blood Donation Camp

On the occasion of 71<sup>st</sup> birthday of our late beloved Chairman, Sri MJF Lion LeoMuthu, Blood donation camp was organized on 2<sup>nd</sup> April 2018 by the Red Cross and Lions Club. The students and faculty optimistically participated and contributed in the blood donation.

The Dignitaries, Principal, Dr. Y Vijaya Kumar, Vice Principal, Dr. B Shadakshappa, Management Representative, Dr. R Arunkumar, Red Cross Member, Sri. Shamsundar, and Dr Naresh Babu, graced the occasion. The Camp was inaugurated by the Principal, Dr. Y Vijaya Kumar, SSCE.

In the presidential address, Principal, Dr. Y Vijaya Kumar, stated about the Significance of the Lifesaving facet for the Life, is blood.

In a special address, Management Representative, Dr. R Arunkumar spoke about the late visionary Founder Chairman, Sairam group of Institutions, who was born in a middle class family, began his career as a government employee and rose to become a highly successful entrepreneur band, made all his fortune from real estate business spread across south India.

Despite being a busy and highly successful businessman, he always found enough time and had the passion to serve the society. He always wanted to make a significant contribution to the society.

He was actively associated with the Lion's movement and was instrumental in starting "The Academy for Blind" and "Home for Aged" under the community service program of the lions club. Besides, he is also actively associated with a large number of Educational, Social and Medical activities in south India. Today to his credit, he has 19 different Institutions under Sairam group.

In an Exclusive address, Sri. Shamsundar expressed a profound gratitude to the Sairam Management for organizing such evocative programs extremely constructive to the society. He also disseminated the certificates to the participants for their active contribution who made this program a grand success.

Your faithfully
