Our College had organized a Seminar/Lecture Talk on “**Awareness and Confederation of Women Entrepreneur in the Society**”. Around 40 2<sup>nd</sup> year and 3<sup>rd</sup> year students participated and benefited by the event. The Speakers for the lectures was **Mr. Anand**, Associate Professor, Islamiah Institute of Technology.

In this lecture the lecturer addressed About Women Entrepreneurs in the Society. Entrepreneurship serves as a catalyst of economic development of the country. It is one of the largest sections for capital accumulation. In fact, economic growth is the result of the efforts taken by the entrepreneurs. Similarly, entrepreneurs can dictate the economic growth by their actions and decisions. Now many have begun to realize that for achieving the goal of economic development, it is necessary to promote entrepreneurship both qualitatively and quantitatively in the country. Only active and enthusiastic entrepreneurs fully explore the potentialities of the country’s available resources – labor, technology and capital. During the discussion session participants interact with the speaker for clarification regarding their doubts. The overall programme was very successful.
