Our College had organized a Seminar on “**Women mentoring program**” .Around 66 students participated and benefited by the event. The Speakers for the seminar was **Dr. Narasimh Achar, Professor, NIE Mysore**

Mentorship is a relationship in which a more experienced or more knowledgeable person helps to guide a less experienced or less knowledgeable person. The mentor may be older or younger than the person being mentored, but he or she must have a certain area of expertise. It is a learning and development partnership between someone with vast experience and someone who wants to learn. Interaction with an expert may also be necessary to gain proficiency with/in cultural tools. Mentorship experience and relationship structure affect the "amount of psychosocial support, career guidance, role modeling, and communication that occurs in the mentoring relationships in which the protégés and mentors engaged.

In this seminar participants learned about the awareness in mentoring system. During the discussion session participants interact with the speaker for clarification regarding their doubts. The overall programme was very successful.
