**Report On Virtual & Augmented Reality Workshop -2018**

Organised by Department of Computer Science & Engineering on 23<sup>rd</sup> – 24<sup>th</sup> of Feb  
2018 at College Campus, Bangalore. Around 30 students participated in the event.

*Highlights of the Program: -*

1. *Introduction to Virtual and Augmented Reality.*
2. *Seminar from Mr. Chinmay Bhat K (OlaHive Innovative Lab) on Virtual & Augmented Reality to the students.*
3. *Job opportunities for those who completing the online course providing by OlaHive.*
4. *Future aspects of the Virtual Reality with use of various Technologies.*
5. *Hands on Experience for the students followed by the session as follows:*
  - a. *Project hand task*
  - b. *Technical Sessions on Virtual & Augmented Reality.*
  - c. *Overview of Virtual & Augmented Reality.*

## DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

### REPORT ON NS2 WORKSHOP

7/11/2017

NS2 workshop had been conducted on 2 November 2017 for V semester and VII semester students of Department of Computer Science and Engineering in our campus. Almost 85 students attended the workshop with all enthusiasm. The resource person Prof. Gururaj from Vidya Vardhaka College of Engineering, Mysuru conducted the workshop very effectively.

Two sessions had been conducted in which the first session was about introduction on NS2 and in the other session student were explained about the creation of different types of topology, using different types of links in wired as well as wireless networks. Finally students were able to write the commands to create their own topology and executed programs using network simulation tool. The students feedback was positive and they felt that the session was informative and useful.

## SOUTH KOREA VISIT REPORT

### 1<sup>st</sup> International Conference on Maritime Autonomous Surface Ship (ICMASS 2018)

We would like to inform you that our research paper "Under heel Reference System for Autonomous Ships - Ocean Mapping" is selected for oral presentation in 1<sup>st</sup> International Conference on Maritime Autonomous Surface Ship (ICMASS 2018) is the first international conference which presents cutting-edge works on autonomous ships to both academic and industry researchers. ICMASS2018 held at Busan Exhibition and Convention Center (BEXCO), Busan, Republic of Korea on November 8-9, 2018. ICMASS 2018 provides an opportunity networking event among researchers, industries, and academics around the world.

#### Authors from various parts of the world for the ICMASS 2018

ABB, Kongsberg, Mampaey Offshore Industries, Maritime Robotics, Massterly, Wilhelmsen Ship Management, Wärtsilä, ETRI, Fraunhofer, Institute of Biometereology, KRISO, MTI, SICC, Ship and Ocean Industry R&D Center, SINTEF, VTT, DIMECC, KIMST, UK Marine Alliance, De VlaamseWaterweg, ClassNK, Cayman islands Shipping Registry, Pukyung University, Dalian Maritime University, KAIST, KMOU, KU Leuven, MMU, SNU, **Sri Sairam College of Engineering**, Technical university of Denmark, University of Oslo.

We are also visited some of the maritime and mechanical universities in Busan and other parts of South Korea from 06.10.2018 to 18.05.2018 and discussed with the professors about the MoU, collaboration in Research as well as for Indo-Korea Joint fund generation. Pukyong National University as well as Korea Maritime and Ocean University are showing interest to sign MoU with our Institutions.

1. Pukyong National University
2. Pohang University of Science and Technology
3. Korea Advanced Institute of Science and Technology (KAIST)
4. Korea Research Institute of Ships and Ocean Engineering (KRISO)
5. Korea institute of ocean science and technology (KOIST)
6. Korea Maritime and Ocean University (KMOU).

We had also participated the workshop conducted by the International Network for Autonomous Ship (INAS) on 7.11.2018. I have also enclosed herewith the Minutes of meeting of the workshop.

**ESCORTS TRAINING AND DEVELOPEMENT CENTER**  
**WORKSHOP REPORT**  
**22<sup>nd</sup> January to 3<sup>rd</sup> February 2018**

We are happy to inform you that "13 days Workshop on Tractor Engine and Transmission Overhauling and Farm Equipments Training from 22<sup>nd</sup> January to 03<sup>rd</sup> February 2018" was conducted at Escorts Training and Development Centre Chandapura around 60 participants from Department of Mechanical engineering students participated in the event.

With the continuous support and motivation from Management Representative Dr. R. Arunkumar, Principal Dr. Y. Vijayakumar, Mr. V. Balaji Head of the Department - Mechanical Engineering, other HODs and faculties along with students of our institution have done this remarkable achievement.

**WORKSHOP ADVANTAGES:**

1. Intro/do's & don't's / BOT / Product matrix / Parts ID /parts on tractor
2. General tools /Basics of engine/Dismantling of Engine, Study on general tools /Basics of engine/Dismantling of Engine
3. Study on Clutch and its types /different settings on clutches /Study on types of gearbox, partial dismantling and settings in a gear box
4. Study on types of rear axle and 4 WD front axle and study on tractor hydraulic levers, Soft skills/Study on power steering and hydraulics of construction equipments, Q&A session/Final exam and evaluation, Field trip.

**ESCORTS TRIANING  
WORKSHOP REPORT**  
**22<sup>nd</sup> January to 3<sup>rd</sup> February 2018**

- **Baja SAE** is an intercollegiate design competition run by the Society of Automotive Engineers (SAE).
- Teams of students from universities all over the world design and build small off-road cars.
- The cars all have engines of the same specifications.
- The goal in Baja SAE racing is to design, build and race off-road vehicles that can withstand the harshest elements of rough terrain.

Design Spark Mechanical software with ongoing support and new versions introduced. They are working with users to understand what they want that would help them take their designs from concept to production faster. A professional engineer, hobbyist or a maker, can use their range of CAD tools as the perfect addition to our design arsenal and are backed up by a huge library of CAD models, and the interactive BOM interface saves our time and money when designing and costing our project.

**EAC CAMP1- REPORT TO HO - 31<sup>ST</sup> JAN TO 3<sup>RD</sup> FEB2018-Reg.**

The 3 days Entrepreneurship awareness camp was organized by IEDC in association with Dept. of S&H supported by EDII, NSTEDB, Govt. of India was organized from 31/01/2018 to 02/02/2018 for the first year students. The inauguration was held at AV hall begun with the invocation song by chaitra and team followed by the lighting of the lamp by dignitaries. The welcome address was delivered by Dr. B Shadaksharappa, Vice Principal invited the guests and session speakers to the camp and briefed about the importance of being an entrepreneur to develop the life skills. The Presidential address was delivered by respected principal Dr. Y. Vijayakumar, Principal who motivated the students to develop the entrepreneurial skills and highlighted today's scenario in the corporate, industries and growing demands for the automation. He appreciated the role of camps organized by IEDC in support of all the branches students to drive towards startup culture.

The chief guest Dr. Suresh, Professor, Dept. of ECE, RNSIT, being the chief guest addressed the students and emphasized on multiple opportunities for the self driven youthfolk in the market and advised the students to think beyond the employment which would be a continuous challenge in life. The management Representative Dr. Arunkumar Rajendran delivered the vote of thanks to the all the dignitaries on and off the dias for their august presence. He appreciated the efforts of IEDC and the department of S & H for bringing in the culture of seeding entrepreneurship qualities into the minds of students right from the beginning. He thanked EDII, NSTEDB, Govt. of India for their continued support to conduct EAC camps from past 3 years which is a great encouragement for the institutions to continue quality programs.

The sessions on the first day 31/01/2018 was begun with the IDEALAB by serial Entrepreneur Dr. Suresh who conducted the IDEA generation through the activities and narrated various examples through activities. The post noon session was conducted by Mr. Ravindra, Director, RUDSET, Consultant EDII, on "Entrepreneurship What and Why???" through the mock plays and guided the students about the stages of entrepreneurship and the importance of carrying it on.

Day2: The session started by motivational speaker and an entrepreneur on "Entrepreneurship and leadership skills" by Mr. Ganesh Datta Lakkur, Project 7 team who motivated the students through his talk and case studies continued with the activities.

The students were taken to industrial visit to the ICAT solutions and Design School, a startup, founder and trainer Mr. Jayaprakash spoke to students on challenges, risks and market demands, finance and the various support by the govt. agencies, the taxation and the commercializing the products.

The feedback was taken by the students and the questions on animation and gaming industry various aspects were answered by Mr. Jayaprakash and team.

**Day 3:** The session begun with the women entrepreneur Ms. Ambica, psychologist Praveen in industries, Hosur who conducted the session on "power of positive thinking" and conducted various activities to understand the strengths and weakness of human beings. She also narrated the qualities of developing a strong personality associated passion.

The next session was conducted by prof. Malini K V, HOD, EEE and IEDC coordinator on "Identifying the Entrepreneurial opportunities" and to develop a new venture through activities.

The Post noon session 1 was conducted by Mr. Ebanazer James, Project Coordinator, EDII, Bangalore on "entrepreneurship trends and qualities" who briefed on the latest trends, crowd funding and technologies and how to carry on with the continuous changes in the sphere of entrepreneurship.

The post noon session was conducted by Dr. Y. Vijayakumar "Risk Management " who motivated the students to think out of box and narrated the qualities which helps being strong and determined under various challenging situations in the journey of entrepreneurship.

The students feed back was taken which expressed their satisfaction and a new light on available opportunities to be entrepreneurs. Students expressed thanks to IEDC and Dept. of S & H for organizing a quality program.

**CAMP-1**  
**Department of Mechanical Engineering**

**DAY1:** The day begun with the formal inaugural function by the welcome address delivered by Vice Principal Dr.B.Shadaksharappa, followed by a huge bunch of wishes to students by the honourable chiefguest **Mr. Jyotirmay Kapil, Founder & Director. Themis and Nomos online services Pvt.Ltd.** Mr.Devbrath Dev, **Founder & Director. Themis and Nomos online services Pvt.Ltd.** Alumni Entrepreneurs, SSCE. Respected Principal Dr.Y.Vijayakumar highlighted on today's market scenario, future of budding engineers, sustainability and importance of intrapreneurship qualities to develop so as to survive in this competitive world. He quoted the examples of business which could not manage the change in the market and vanished from the business. He mentioned the traffic problems, hues and cries by the public and mentioned the contribution of young engineers in developing APPs. Which makes the difference. Mr. Jyotirmay Kapil in his address motivated the students to believe in themselves and create an enterprise. Mr.Kapil and Mr.Dev were very proud to release the app.-HOPINGO idea conceived and developed by our **Founder & Director. Themis and Nomos online services Pvt.Ltd.**, which operates and maintains the application. Its an organized two & four wheeler private vehicle sharing platform aimed primarily at reducing traffic congestion in peak hours. Respected Management representative Mr. R. thanked our chiefguests of the day for choosing the college to launch the APP. He thanked IEDC for organizing the EAC camps for the benefit of students.

The sessions begun with the speaker **Mr.Debrath Dev** on "**Introduction to Project Management**", **Founder & Director. Themis and Nomos online services Pvt.Ltd.** bangalore spoke about importance of project management for entrepreneurs, Changing Scenarios in professional world, the current trends in technology sector, Methodical management and which leads in meeting the deadlines.

**Mr.Ananth p.Mallya**, CEO, Quantech Origin, Bengaluru addressing the students on importance of team building and creating of positive environment by an entrepreneur, challenges faced by a first generation entrepreneur. He mentioned the environment in corporate, start ups and the intrapreneurship qualities. He simulated the group through the activities based on team building and leadership qualities.

**Mr.Abhiram T, AGIIT solutions** in his session on "Entrepreneurship in technology sectors" he mentioned the students about change in the air and how the entrepreneurship can be treated as an alternate to the employment. The latest trends, the opportunities its creating were reciprocated by the students.

**DAY 2:** The day begun with the session on "How to find Business opportunities?????" by Malini k v, **Asst.Prof,HOD,EEE, IEDC Coordinator** conducted the session on the opportunity in identification, To work on creation of an idea, a better authentic challenge –solution model creation.

The session was followed by the next session speaker **Dr.Y.Vijayakumar** Principal, Sri Sairam College of Engineering who highlighted on india's capitalizing service industry, development of multidisciplinary engineering, prioritizing the tasks and assessment of risks involved in starting a venture. He simulated the groups with the today's scenario, the development of approaches using user priority and play.

The post noon session **Mr. OM Thoke, Founder and CEO, Webfosys Networks** in his session on "Digital Marketing" addressed the students about change in the air and how the entrepreneurship can be treated as an alternate to the employment. He briefed on the content marketing, online marketing, development of webpage , potential of e-commerce and simulated the group.

The session was followed by **Mr.Shivam Dhawan**, Founder partner, ARBUNIZE, New Delhi on the topic "Personality testing" and simulated the session with the tests and explained the results of it.he helped the students to analyse their strengths and the skills like innovator, leader, motivator, team player and students acknowledged the same.

**Day-3** The camp begun with the session on **Leadership & Management** by **Mr.Ganesh Datta Lakkur, Team-7** He quoted the classic examples of skillsets brings in best achievements ,the values which makes

an entrepreneur an outstanding personality , the ethical values and the social responsibility of the younger generation.

The session was followed by **Mr.Annamalai**, SSCE who pinpointed the importance of finance management, the evolution of outsourcing industry, opportunities of plus income during studies, the transition of Business processing offices establishments, processes and its longevity.

**The Industrial visit** was organized in Sudarshan auto components pvt.ltd for the knowhow of technology in **Manufacturing industry**, opportunities, automation and development. The discussions with the real time entrepreneur **Mr.Krishnamurthy** and the team benefitted students to know how to identify the opportunities, investment, tie ups, potentials in manufacturing industry, challenges and the ecosystem.

The session was followed by Students discussion where the idea of starting a business, its risks, fear of failure and positive nature to survive in the business was discussed. The feedback of the session was taken and discussed about the expectations met during the camp. Students expressed their happiness for being part of the program and thanked the college and speakers for giving the insight about the entrepreneurship.

## **REPORT ON-ENTREPRENEURSHIP AWARENESS CAMP 2[EAC]**

The 3 days Entrepreneurship awareness camp was organized by IEDC in association with Dept. of ECE supported by EDII, NSTEDB, Govt. of India was organized from **07.02.2018 to 09.02.2018** for the second year ECE students. The inauguration was held at AV hall begun with the invocation song by Sharada. The students of ECE welcomed the guests and session speakers to the camp. The Presidential address was delivered by respected principal Dr. Y. Vijayakumar, Principal who motivated the students to develop the entrepreneurial skills, challenges and highlighted today's scenario in the corporate, industries and growing demands for the automation. He appreciated the role of camps organized by IEDC in support of all the branches students to drive towards startup culture.

The chief guest Mr. S.A. Manjunath, Chief Empowerment Officer was welcomed by the dignitaries on the dias. The honourable Chief guest in his address mentioned about the role of engineers and the importance of skills, behavioral improvements in the student community. Curiosity to learn and experiment the cross functional streams of engineering and the importance of communication engineering were the highlights of the address.

**Day1:** Session 2 begun on the Technology platforms power of IOT and the technology changing the platforms of scenario of industries and about creating the startups in increasing numbers. He created the thinking activities to promote the students in thinking beyond the boundaries and connected them to changing world, expectations from market and increased awareness among public about the standards, technology.

Session 3 begun by Mr. Rajanikanth Srivatsa, industrial consultant about challenging scenarios in the manufacturing sector, production targets and accuracies, ancillary units and support by govt. for small scale setups, licensing and related documentations to set up industry.

Session 4 was addressed by Dr. Vijayakumar, Principal who spoke about nano accuracy, increased demand of technocrats, job creations and role of engineering graduates opening to challenges. He mentioned in his address about the need of employable skills and taking it ahead employer skills.

Day 1 closed with the remark of the challenging scenarios, opportunities and technology trends in industries

**Day2:** The session1 begun with Dr. Priyadarshini Karbar, Entrepreneur, health care professional on "Be the change, Be the Entrepreneur" who spoke about the challenging scenarios, the strength and skills to drive the business. The time management and responding to the change, customer satisfaction and motivation to run a business were the centre of talk.

The session 2 was conducted by " Mr. Annamalai, administrative officer who spoke about the funding opportunities and Corporate Social Responsibility of entrepreneurship , connecting to social problems and narrated that money is not the most vital factor to start business but it's the wit and the determination to set up a venture.

The session 3 was conducted by Mr. Uttam Shreyakar, justtrainme.com, an entrepreneur and a philanthropist, addressed the students on "decision making and team building for a successful enterprise" emphasized on team work and balancing the team chemistry .

The session 4 was conducted by Ms. Ambica, Chemical engineer and entrepreneur, Praveen Industries, Hosur conducted session on stress management , how to overcome and manage the ups and downs. Remedies and treating failures as stepping stones for the entrepreneurs to write the success stories.

Day 2 concluded with the activities for the participants on situations and addressing techniques.

**Day 3:** The Day 3 began with Mr. Bheemeshwara Reddy, Placement officer about the skill sets and logical thinking connecting to technical upgradation which would help them to create new enterprises. He advised the students on developing the managerial qualities which would give the entrepreneurs a capacity to handle any situation in a better way.

Session 2 & 3: The industrial visit was organized was to FESTO, an pneumatic & electric automation company where the student interacted on mechatronics and automation subject industrial experts and gained knowledge about mechatronics components industry, standards and opportunities .

The camp ended with the feedback by the students who expressed their thanks to IEDC and Dept. of ECE for organizing the camp which gave them a platform to think about the opportunities & possibilities to become an entrepreneur.

We thank the management for supporting us to conduct the EAC camps successfully for the students .

Thanking you,

Sincerely,

Prof. Malini K V  
IEDC Coordinator

# 3 Days EAC Camp-02 for 3rd Year ECE

Submitted:

As a part of three days EAC camp, we have visited the industry FESTO India Pvt. Ltd, Bangalore. All the 85 ECE students were visited the industry in two groups. There students got awareness about PLC, Robotics, Pneumatics Systems, we Started from college by 9:30 AM and we reached the College by 3:00 PM. It was a very good and very much useful to the students

### EAC 3 Program Report

The entrepreneurship awareness camp 3 was organized by IEDC in association with S&H department supported by EDII, NSTEDB, Govt. of India from 12<sup>th</sup> to 14<sup>th</sup> march 2018. The program begun with the formal inauguration ceremony. The program begun with an invocation song by richita, pooja and team offering prayers to lord ganesha. The dignitaries were welcomed and presidential address was delivered by respected Management Representative Dr. Arunkumar Rajendran . He addressed the students and briefed about the importance of the camp, current scenario in job market, proficiency in the upcoming technologies, the trends, the start-ups and the conducive environment for innovation , incubation centres. He in his speech conveyed the students the support by EDII,NSTEDB and the holistic purpose of supporting the entrepreneurship in the technology campuses.

Dr. Anilkumar, Prof, Dept. of Mechanical engineering addressed the students and briefed about the purpose of organizing the camps for the students and the continued support to the students in terms of projects ,funding and the incubation support.

**DAY1:** The session 2 begun with the topic "Business opportunity locating techniques" by prof. Malini k v, HOD, EEE, IEDC Coordinator. She briefed about the opportunity finding, open mind, observative mind, risks,needs, innovative thinking and investment constraints. She quoted the examples of new gen business sectors, brick and mortar shops VS online business, popularity, changes and responsiveness, food markets, customer service sectors, food processing, locally available materials, export and import, value added markets. She conducted an activity to bring the awareness on how to locate the business opportunities with a case study.

The post noon session begun with Dr. Priyadarshini Karbar, woman entrepreneur, dentist and a healthcare professional on Time management. She conducted the session on time management and its importance in business, losses and profits , benefits of maintaining timelines, simple habits to keep it up, stress free environment that it creates. She insisted on the practices, human tendencies and a mindset to pursue the same. She conducted an activity to make the student to understand the quality and value of time management.

The next session was conducted with the activities related to communication skills. Student learnt the basics and skills required to be an entrepreneur.

**DAY2:** The session begun by Mr. Bheemeshwara Reddy, placement officer & trainer, SSCE,on finance management. He conducted the session on funding opportunities, crowd funding and govt. assistance to enetrepreneurs. He explained on the size and structure of an industry, licenses, patents and safeguarding the ideas.

The session 2 was conducted by Dr. Ravishankar, prof. & Placement officer, BMSCE, consultant briefed about why entrepreneurship???? And how to handle multiple positions in various streams???. He conducted the activity for students to understand the dedication and flexibility required to handle the demands of them.

The post lunch session begun with the motivational speaker Mr. Ganesh Datta Lakkur who spoke about The strong will power and conviction to be an entrepreneur. The power of positive thinking and the effect of it. The improvement in the attitude, listening skills, the interest ,goals and objectives and power of being helpful to others were covered in his talk and activities.

The 4<sup>th</sup> session was conducted by Mr. Vinod Sharma, CEO, seventhtalent.com who conducted the session on logical thinking and creative skills , entrepreneurship skills test was conducted alongwith the EAC study materials. The day concluded with a activity on innovative practices to bring continuous evolution in the product designs.

DAY3: The first session was conducted by respected principal Dr. Y. Vijayakumar on Risk analysis. He briefed about the fear of failure, fatigue, avoidance of high risks, calculative risks in businesses, today's business fundamentals , calculations, hidden calculations and understanding a business in its true sense.

The students were taken for industrial visit to Natural Granites, guddanahalli, to understand the local business setups with the locally available resources, market potential, contracts, rates , supply and demand, labour problems, seasonal demands and losses unforeseen. Students interacted with the CEO, Mr. Sunil who explained them the reason for setting up of the industry in that area, subsidies and easy transportation facilities etc...

The post noon session begun with the feedback on the camps, the challenges of an entrepreneur, will power to sustain the ups and downs in the market and the interactions which helped the participants to understand the real challenges.

The common valedictory for all the 3 EAC camps 2017-18 was organized at seminar hall. The students expressed their views and how the camps became helpful to understand the importance of entrepreneurship. They thanked principal and management for organizing the camp which gave an overall exposure.

The chief guest Dr. Suresh, Professor, Dept. of ECE, RNSIT, being the chief guest addressed the students and emphasized on multiple opportunities for the self driven youthfolk in the market and advised the students to think beyond the employment which would be a continuous challenge in life. The management Representative Dr. Arunkumar Rajendran delivered the vote of thanks to all the dignitaries on and off the dias for their august presence. He appreciated the efforts of IEDC and the department of S & H for bringing in the culture of seeding entrepreneurship qualities into the minds of students right from the beginning. He thanked EDII, NSTEDB, Govt. of India for their continued support to conduct EAC camps from past 3 years which is a great encouragement for the institutions to continue quality programs.

The sessions on the first day 31/01/2018 was begun with the IDEALAB by serial Entrepreneur Dr. Suresh who conducted the IDEA generation through the activities and narrated various examples through activities. The post noon session was conducted by Mr. Ravindra, Director, RUDSET, Consultant EDII, on "Entrepreneurship What and Why???" through the mock plays and guided the students about the stages of entrepreneurship and the importance of carrying it on.

Day2: The session started by motivational speaker and an entrepreneur on "Entrepreneurship and leadership skills" by Mr. Ganesh Datta Lakkur, Project 7 team who motivated the students through his talk and case studies continued with the activities.

The students were taken to industrial visit to the ICAT solutions and Design School, a startup, founder and trainer Mr. Jayaprakash spoke to students on challenges, risks and market demands, finance and the various support by the govt. agencies, the taxation and the commercializing the products.

The feedback was taken by the students and the questions on animation and gaming industry various aspects were answered by Mr. Jayaprakash and team.

**Day 3:** The session began with the women entrepreneur Ms. Ambica, psychologist Praveen Industries, Hosur who conducted the session on "power of positive thinking" and conducted various activities to understand the strengths and weakness of human beings. She also narrated the qualities of developing a strong personality associated passion.

The next session was conducted by Prof. Malini K V, HOD, EEE and IEDC coordinator on "Identifying the Entrepreneurial opportunities" and to develop a new venture through activities.

The Post noon session 1 was conducted by Mr. Ebanazer James, Project Coordinator, EDII, Bangalore on "entrepreneurship trends and qualities" who briefed on the latest trends, crowd funding and technologies and how to carry on with the continuous changes in the sphere of entrepreneurship.

The post noon session was conducted by Dr. Y. Vijayakumar "Risk Management" who motivated the students to think out of box and narrated the qualities which help in being strong and determined under various challenging situations in the journey of entrepreneurship.

The students' feedback was taken which expressed their satisfaction and a new light on available opportunities to be entrepreneurs. Students expressed thanks to IEDC and Dept. of S & H for organizing a quality program.

**REPORT ON-ENTREPRENEURSHIP AWARENESS CAMP 2[EAC]**

The 3 days Entrepreneurship awareness camp was organized by IEDC in association with Dept. of ECE supported by EDII, NSTEDB, Govt. of India was organized from **07.02.2018 to 09.02.2018** for the second year ECE students. The inauguration was held at AV hall begun with the invocation song by Sharada. The students of ECE welcomed the guests and session speakers to the camp. The Presidential address was delivered by respected principal Dr. Y. Vijayakumar, Principal who motivated the students to develop the entrepreneurial skills, challenges and highlighted today's scenario in the corporate, industries and growing demands for the automation. He appreciated the role of camps organized by IEDC in support of all the branches students to drive towards startup culture.

The chief guest Mr. S.A. Manjunath, Chief Empowerment Officer was welcomed by the dignitaries on the dias. The honourable Chief guest in his address mentioned about the role of engineers and the importance of skills, behavioral improvements in the student community. Curiosity to learn and experiment the cross functional streams of engineering and the importance of communication engineering were the highlights of the address.

**Day1:** Session 2 begun on the Technology platforms power of IOT and the technology changing the platforms of scenario of industries and about creating the startups in increasing numbers. He created the thinking activities to promote the students in thinking beyond the boundaries and connected them to changing world, expectations from market and increased awareness among public about the standards, technology.

Session 3 begun by Mr. Rajanikanth Srivatsa, industrial consultant about challenging scenarios in the manufacturing sector, production targets and accuracies, ancillary units and support by govt. for small scale setups, licensing and related documentations to set up industry.

Session 4 was addressed by Dr. Vijayakumar, Principal who spoke about nano accuracy, increased demand of technocrats, job creations and role of engineering graduates opening to challenges. He mentioned in his address about the need of employable skills and taking it ahead employer skills.

Day 1 closed with the remark of the challenging scenarios, opportunities and technology trends in industries

**Day2:** The session1 begun with Dr. Priyadarshini Karbar, Entrepreneur, health care professional on "Be the change, Be the Entrepreneur" who spoke about the challenging scenarios, the strength and skills to drive the business. The time management and responding to the change, customer satisfaction and motivation to run a business were the centre of talk.

The session 2 was conducted by " Mr. Annamalai, administrative officer who spoke about the funding opportunities and Corporate Social Responsibility of entrepreneurship, connecting to social problems and narrated that money is not the most vital factor to start business but it's the wit and the determination to set up a venture.

The session 3 was conducted by Mr. Uttam Shreyakar, justtrainme.com, an entrepreneur and a philanthropist, addressed the students on "decision making and team building for a successful enterprise" emphasized on team work and balancing the team chemistry.

The session 4 was conducted by Ms. Ambica, Chemical engineer and entrepreneur, Praveen Ind.industries, hosur conducted session on stress management, how to overcome and manage the elps same. Remedies and treating failures as stepping stones the entrepreneurs to write the success stories.

Day 2 concluded with the activities for the participants on situations and addressing techniques.

**Day3:** The Day 3 begun with Mr.Bheemeshwara Reddy, Placement officer about the skill sets and logical thinking connecting to technical upgradation which would help them to create new enterprises. He advised the students on developing the managerial qualities which would give the entrepreneurs a capacity to handle any situation in a better way.

Session 2 & 3: The industrial visit was organized was to FESTO, an pneumatic & electric automation company where the student interacted on mechatronix and automation subject industrial experts and gained knowledge about mechatronix components industry, standards and opportunities.

The camp ended with the feedback by the students who expressed their thanks to IEDC and Dept.of ECE for organizing the camp which gave them a platform to think about the opportunities & possibilities to become an entrepreneur.

We thank the management for supporting us to conduct the EAC camps successfully for the students.

Thanking you,

Sincerely,

Prof. Malini K V  
IEDC Coordinator

He conducted the session on funding opportunities, crowd funding and govt. assistance to enetrepeneurs. He explained on the size and structure of an industry, licenses, patents and safeguarding the ideas.

The session 2 was conducted by Dr. Ravishankar, prof. & Placement officer, BMSCE, consultant briefed about why entrepreneurship???? And how to handle multiple positions in various streams???. He conducted the activity for students to understand the dedication and flexibility required to handle the demands of them.

The post lunch session begun with the motivational speaker Mr. Ganesh Datta Lakkur who spoke about The strong will power and conviction to be an entrepreneur. The power of positive thinking and the effect of it. The improvement in the attitude, listening skills, the interest ,goals and objectives and power of being helpful to others were covered in his talk and activities.

The 4<sup>th</sup> session was conducted by Mr. Vinod Sharma, CEO, seventhtalent.com who conducted the session on logical thinking and creative skills , entrepreneurship skills test was conducted alongwith the EAC study materials. The day concluded with a activity on innovative practices to bring continuous evolution in the product designs.

DAY3: The first session was conducted by respected principal Dr. Y. Vijayakumar on Risk analysis.He briefed about the fear of failure, fatigue, avoidance of high risks, calculative risks in businesses, today's business fundamentals , calculations, hidden calculations and understanding a business in its true sense.

The students were taken for industrial visit to Natural Granites, guddanahalli, to understand the local business setups with the locally available resources, market potential, contracts, rates , supply and demand, labour problems, seasonal demands and losses unforeseen. students interacted with the CEO, Mr. Sunil who explained them the reason for setting up of the industry in that area, subsidies and easy transportation facilities etc...

The post noon session begun with the feedback on the camps, the challenges of an entrepreneur, will power to sustain the ups and downs in the market and the interactions which helped the participants to understand the real challenges.

The common valedictory for all the 3 EAC camps 2017-18 was organized at seminar hall. The students expressed their views and how the camps became helpful to understand the importance of entrepreneurship. They thanked principal and management for organizing the camp which gave a overall exposure.

Ms. Malini K V

Sub: Report on Two days in house FDP-Brief Report-Reg.,

With reference to the above subject, we are glad to inform you that we have successfully conducted two days Faculty Development Program on "FACTO2K17" (Funding, Authoring, Counseling, TQM, Opportunity & Entrepreneurship) scheduled on 2<sup>nd</sup> & 3<sup>rd</sup> Aug 2017 for the benefit of faculty members.

The program was successful and it is useful for faculty.

A brief report submitted by the Department is enclosed for your perusal.

Thanking you

Yours truly,

PRINCIPAL

**SRI SAIRAM COLLEGE OF ENGINEERING**  
**ANEKAL, BANGALORE- 562106**  
**REPORT ON TWO DAYS FACULTY DEVELOPMENT PROGRAM**

Delineating its bequest in the empire of education for the past twenty years, as a momentous and anticipatable competence for every semester, Sri Sairam College of Engineering has organized two days' Faculty Development Program on "FACTO2K17". Considering the faculty as one of its indispensable and absolute assets, this program has been initiated and arranged for the indomitable, subjective and adept for the expansion of all the faculty, which is extremely mandatory for the resolute authority and vitality of the organization.

The two days' schedule was ardently well anticipated, arranged and consummated pedantically by the Department of Science and Humanities on 2<sup>nd</sup> and 3<sup>rd</sup> August 2017. Due to the unavailability of the time, the third day expedition program for the faculty is yet to be planned shortly.

The preliminary function was inaugurated with the invocation song to lord Ganesh by Sahana and team. All the Dignitaries, The Vice Principal Dr. B. Sadaksharappa, Management Representative Dr. R. ArunKumar, PRO, Mr. Patel, Trust Office Manager, Mr. Mahesh, Chief Guest, Dr. Gurumurthy Hegde, Professor, CNR Rao, Chair, Professor Head, Center for Nano - Materials and Display BMS R & D Center, BMS CE, Bengaluru & Director, Career Development Center, Government of India, and all the concern Department HOD'S were invited to light the lamp.

Dr. Gangavathi, Convener, of the program Introduced the Guest of the day, Dr. Gurumurthy Hegde, to the imposing gathering.

Vice Principal, Dr. B. Shadakshruppa in his invitational discourse expressed a profound gratitude to our beloved Chairman Late Sri MJF. Lion LeoMuthu and CEO Sri Sai Prakash LeoMuthu for approving, accepting and promoting the proposal to organize two days' workshop on faculty expertise development program. He invited back the entire faculty from the vacation to the two days' workshop on "FACTO2K17". He introduced the Chief guest, Dr. Gurumurthy Hegde, emphasizing the Significance of FDP Programs to upgrade the faculty skills to engender quality results with quality Teaching.

Dr. Harikrishna, in his discourse, asserted regarding the significance of FDP "FACTO2K17" and cited the fact of inviting the outhouse faculty for this FDP for the first time in the history of SAIRAM. The expected outhouse faculty were only 25 and the reported faculty were 28 for the FDP from assorted colleges in Bengaluru and Tamilnadu as well.

Management Representative, Dr. R. Arun Kumar, in his distinctive dialogue expounded about the current scenario of the Technological Education, where the placement season is exceedingly low with only 66%, the dire need to ensure 100% placement to the students', the predominant prerequisite and obligatory is NAAC and NBA Accreditation. he advised all the faculty to deliberate on Books, Paper publications in the National and International publications and conferences as well, with the patent filing to be the crucial preference. He applauded the First ranker Mrs. Bindu, ECE Department, for her incomparable academic performance in the VTU Examinations.

The Chief Guest, Dr. Gurumurthy Hegde, in his special address articulated exceeding ecstatic to join the FDP Program at SAIRAM. He appreciated the Management for organizing such FDP's and also the faculty for participating in such a prominent program, which is always incessantly endure to be a contributory issue for the expansion of any organization.

Vote of thanks was proposed by Professor Shiva Prakash, Head, ECE Department. On behalf of the entire faculty, he extended an immense gratitude to the management for arranging a two days' faculty development program. he also ascribed the resource personnel, who in spite of their demanding schedule, accepted the invitation and adorned the occurrence and made this program an extraordinary accomplishment, Predominantly the Science and Humanities Department for their conscientious efforts to make this program an enormous success.

As per the schedule,

On the first day, (2<sup>nd</sup> August 2017): In the first session, Dr. Gurumurthy Hegde, conveyed a comprehensive and detailed sermon on "Funding and Research Bodies". He advised the faculty to possess right objective and determination to accomplish them in adopting the right thing in the right time with the right efforts incorporated, can always guide you to achieve greater heights and possessions in life. He also spoke regarding the significance of quality research and publications, assorted funding agencies, Libraries' and websites associated with them.

In the second session, Mrs. Shilaja Sasthri, Founder, Director of Training and Research initiatives (TRI), Trainer, Researcher and Counsellor, expounded a comprehensive oration on "Counseling and Motivation for the typical student's behavior, attitude and psychology". She elucidated the challenges' and role of a teacher in teaching the current generation of students' to train them fetching the excellence with respect to their contemporary classroom learning situation, student's attitude & behavior, medium of study and educational back ground as well.

On the second day (3<sup>rd</sup> August 2017): In the first session, Mr. Omprakash N Seringeri, Founder director IPR Attorney, Bengaluru, expounded regarding the Opportunities' and entrepreneurs - IPR & Patent skills, assorted predominant patent services. He mentioned about the top Universities' in the world that does afford approximately 200 to 500 million dollar concerning patenting with certain priorities and parameters which can be measured and based on the admissibility of the patents. Predominantly he focused on four parameters such as Skills and Resources, Objective or target, Dependency Factor, Protection and security of the business in detail, where all the four are interrelated.

In the second session, Mr. Rajanikant Srivastava, Managing Director, Greenberry Management Consulting and Solutions, Bengaluru, conveyed a dialogue concerning the Application to TQM in Educational Institution, Quality Circle Training & other TQM tools. He profoundly focused on assorted Quality parameters' such as Size & Structure of the Quality Circle, Basic Principals of the Quality Circle, Benefits of the Quality Circle, Problems with the Quality Circle, Reasons for the failure of the Quality Circle with the TQM Endeavors' and certain Solutions for all the above cited TQM Endeavors'.

## Letter for Permission

Dear Sir/Madam,

**Sub: Requesting Permission to Visit your esteemed laboratory - Reg.,**

As we are doing student project titled "MARS ROVER" - the Space exploration vehicle, planning to participate and exhibit in "UNIVERSITY ROVER CHALLENGE 2018" competition. As the continuation of that, one of the tasks has to be performed by the rover, is science cache (Soil Test) task, rover has to prove life existence on the mars. Hence I request your good office to permit and guide our students Ms. Shubha & Ms. Gracy Prinyaka and provide sufficient knowledge about the various soil tests.

Kindly do the needful.

Thanking you,

Yours faithfully,

Submitted,

**Sub: Report on Technology commercialization- Reg.**

**Technology commercialization** is the process of transitioning **technologies** from the research lab to the **marketplace**. This is accomplished in many ways: through educating students, publishing results of research and ensuring that inventions are developed into useful products and services for the benefit of the public. With respect this subject we have conducted a Seminar for ECE VI Semester Students on **03.10.2016**. In the seminar the students were informed about **Technology commercialization** by **Mr.Gowri Shankar, Engineer, Core research group,Bangalore**.

The seminar was organised for 6<sup>th</sup>sem students and 70 students with 4 faculty participated. The student's feedback was positive, and they felt that the session was informative and learnt about sharing of skills , knowledge and facilities for commercialization.

Thanking You,

Yours Sincerely,

  
E. Sivaprakash,  
Head of the Department, ECE

## 2 DAYS PLC, SCADA AND AUTOMATION WORKSHOP-6<sup>TH</sup> AND 7<sup>TH</sup> APRIL 2017-A REPORT

The departments of electrical and electronics engineering and mechanical engineering conducted 2 days workshop on **"PLC, SCADA AND AUTOMATION"** by Prolific systems ,NSDC,govt. of india certified trainers who is one of the leading training and implementation body in the field of PLCs and related systems as a part of the MOU signed with IEDC.

The training session was inaugurated in seminar hall with the formal introduction and honouring of the guests. Principal Dr.Y. Vijayakumar addressed the students and emphasized on the importance of automation in the manufacturing industries and importance of PLC series.

The chief guest Mr. Shivashankar spoke about the scenario in the manufacturing industries and the fast changing scenario in the field of automation. The importance of training in PLC series and the job opportunities with it.

The speaker Mr. Rajanekanth srivatsava , industrial consultant highlighted the start up culture and the innovative thinking among student community which india is embracing for a better future of engineers, the govt. promotions and schemes to support it.

The trainers **Mr.Abhilash.R, Mr.Venkatesh kumar.P, Mr.Nandhakumar.N and Mr.Aref** trained the students on MITSUBISHI PLC SERIES AND SCADA programming using ladder programming. 101 students from Mechanical branch and 52 students from EEE branch were trained under the workshop.

The workshop was concluded with a feedback session from the students who expressed that the training was very helpful and interesting. They also expressed in the advanced training in the area which was assured in the coming days appropriately.

Thanking you,

Yours sincerely,

**CAMP-3**  
**Department of Mechanical Engineering**

**DAY1:** The day begun with the formal inaugural function by the welcome address delivered by Vice Principal Dr.B.Shadaksharappa, followed by a huge bunch of wishes to students by the honourable chiefguest Mr. Jyotirmay Kapil, Founder & Director. Themis and Nomos online services Pvt.Ltd. Mr.Devbrath Dev, Founder & Director. Themis and Nomos online services Pvt.Ltd. Alumni Entrepreneurs, SSCE. Respected Principal Dr.Y.Vijayakumar highlighted on today's market scenario, future of budding engineers, sustainability and importance of intrapreneurship qualities to develop so as to survive in this competitive world. He quoted the examples of business which could not manage the change in the market and vanished from the business. He mentioned the traffic problems, hues and cries by the public and mentioned the contribution of young engineers in developing APPs. Which makes the difference. Mr. Jyotirmay Kapil in his address motivated the students to believe in themselves and create an enterprise. Mr.Kapil and Mr.Dev were very proud to release the app.-"HOPINGO" idea conceived and developed by our Founder & Director. Themis and Nomos online services Pvt.Ltd., which operates and maintains the application. Its an organized two & four wheeler private vehicle sharing platform aimed primarily at reducing traffic congestion in peak hours. Respected Management representative Mr. R. thanked our chiefguests of the day for choosing the college to launch the APP. He thanked IEDC for organizing the EAC camps for the benefit of students.

The sessions begun with the speaker Mr.Devbrath Dev on "Introduction to Project Management", Founder & Director. Themis and Nomos online services Pvt.Ltd. bangalore spoke about importance of project management for entrepreneurs, Changing Scenarios in professional world, the current trends in technology sector, Methodical management and which leads in meeting the deadlines.

Mr.Ananth p.Mallya, CEO, Quantech Origin, Bengaluru addressing the students on importance of team building and creating of positive environment by an entrepreneur, challenges faced by a first generation entrepreneur. He mentioned the environment in corporate, start ups and the intrapreneurship qualities. He simulated the group through the activities based on team building and leadership qualities.

Mr.Abhiram T, AGIIT solutions in his session on "Entrepreneurship in technology sectors" he mentioned the students about change in the air and how the entrepreneurship can be treated as an alternate to the employment. The latest trends, the opportunities its creating were reciprocated by the students.

**DAY 2:** The day begun with the session on "How to find Business opportunities?????" by Malini k v, Asst.Prof,HOD,EEE, IEDC Coordinator conducted the session on the opportunity in identification, To work on creation of an idea, a better authentic challenge -solution model creation.

The session with the topic on Role of innovations in service industry begun with Mr.Manikantan, ERFLOGS pvt.ltd who highlighted on india's capitalizing service industry, development of software to apps, prioritizing the tasks and assessment of risks involved in starting a venture. He simulated the groups with the today's scenario, the development of approaches using user priority, weighted proportional sharing ,adaptations and trust building in the customer based markets

The Industrial visit was organized in ERFLOGS pvt.ltd for the knowhow of technology in service industry, opportunities, app development. The discussions with the real time entrepreneur Mr.Pandidurai Durairaj and the team benefitted students to know how to identify

the opportunities, investment, tie ups, potentials in service industry and other associated areas of entrepreneurship.

The session was followed by Students discussion where the idea of starting a business, its risks, fear of failure and positive nature to survive in the business was discussed. The feedback of the session was taken and discussed about the expectations met during the camp.

Day-3 The camp begun with the session on Skills, values and ethics of entrepreneurship by Dr.Y.Vijayakumar, Principal, SSCE He quoted the classic examples of skillsets brings in best achievements ,the values which makes an entrepreneur an outstanding personality and emphasized on the ethics followed by the early entrepreneurs which laid a solid foundation to take the business to it pinnacle.

The session was followed by Prof.Manjunath, SSCE who pinpointed the importance of finance management, maintaining the cash flow, balancing input and out of an industry, and balancing the market pressures to sustain the initial setup of an industry. The importance of new technologies, applicative part of the same , role of VC's so as to survive in the market.

The post noon session Mrs. Prabhavathi Rao,program coordinator, WTO & IPR relay cell in her session on "Creativity-Innovations-Opportunities for Entrepreneur-GOK initiatives addressed the students about change in the air and how the entrepreneurship can be treated as an alternate to the employment. She also promoted the students to safeguard their ideas through patents and the marked difference it brings in. She briefed on the current scenario of the market at the micro level and survival of any new business ideas and incubation supports.

The day ended with Shri D.P.K Muthukumaraswamy from Innomantra consulting P Ltd, bangalore spoke about " Systematic approach to innovation through functional innovation", the current trends in technology sector,the creativity in a person, out of box thinking, the tools of functional innovation mechanism, cycles ,business planner tools and the applications of it. He simulated the teams through activities and demonstrated the application of the functional innovation.

### A Brief Report on 3D printing Technology Workshop

Date: 26/10/16

The 2 days 3D printing Technology Workshop and training was organized by IEDC in association with Dept. of Mechanical Engg. for final year Mechanical engineering students from MONKFOX trainers. The workshop was inaugurated on 21<sup>st</sup> october at Seminar hall. The Program started with an invocation to Lord Ganesha by Ms.Sahana & Team .The Welcome address was delivered by Dr.B.Shadaksharappa,Vice-Principal who welcomed principal Dr.Y Vijayakumar,SSCE ,the chief Guests Mr.Atul Sharma,Founder partner, Glia Services Pvt.Ltd and Mr.Ranjan, Trainer Glia Services Pvt.Ltd.

Respected Principal, Dr.Y.Vijayakumar expressed the importance of 3D printing and racing technological change after the 3D technology revolution in the Manufacturing sector. The Chief Guest Mr.Atul Sharma spoke about the 3D technology and its usefulness, applications and the relevance. He spoke about the cutting edge technologies and the revolutionary changes in the design and the business opportunities in 3D technology. He thanked principal and Management for encouraging the students to learn the new age technologies and keep themselves updated. The inauguration concluded with a vote of thanks by Student anchor Mr. Samuel, VII Sem Mechanical.

The 2 days HandsON training on designing the components on solidedge software and exporting the G codes, the methodology, and printing. Students executed the programs of bolts, key chain, bottle opener.on 22<sup>nd</sup> the Students while giving feedback expressed that the workshop was extremely helpful and requested for any advanced workshop in the same area. Students thanked respected principal, Management, IEDC and the department for organizing the workshop.

# INNOVATION AND ENTREPRENEURSHIP DEVELOPMENT CENTRE PRESENTS (IEDC)

## 2Days 3D PRINTING WORKSHOP

## Design for FDM

## Additive Manufacturing

- Technology that enables you to take a digital file and turn it into a physical product.
- Takes a digital file in a CAD format, slices it into layers and deposits Molten material layer by layer using a 3 axis manipulator

## Direct Digital Manufacturing(DDM)

- Create Products without Tooling, Machining, or Molding.
- There exists "Freedom of Design"
- Design for manufacturability( DFM) rules are discarded.

## Design Considerations

- Conserving support material
- Ensuring feature strength
- Reducing build time
- Origin Plane

## Wall Thickness's.

## Fillets & Living Hinges

- ◆ Reduce the stress during printing and strengthen the part.
- ◆ Living hinges example

## Minimum column and pin size

- ◆ Take care of the pins and columns width size (as well as other small features) of your parts, otherwise they may come out brittle or not printable at all.
- ◆ Small pins should not be less than 2mm in diameter if you want an usable part.

## Holes

- ◆ Holes on FDM machines are generally undersized as result of many factors.
- ◆ Easier to drill hole to get accuracy.
- ◆ When tight tolerances are required, either the holes in the model may be oversized or they may be drilled later.
- ◆ For holes up to 10mm in diameter you can add 2% to 4% correction and smaller for bigger diameters
- ◆ Example: to get a 5mm hole it has to be designed with 5.2mm diameter.

## Bosses and Ribs

## Assemblies

- ◆ Mating parts should have adequate tolerance between them to prevent fusing
- ◆ Should have tolerance of atleast slice height in Z
- ◆ Extrusion width in X/Y

### Minimizing Support

- ◆ Tear Drop holes
- ◆ Design in support material
- ◆ Orient part appropriately.

THANK YOU

Date: 26-10-2016

**REPORT ON FOUR DAYS FACULTY DEVELOPMENT PROGRAM**

Defining its legacy in the empire of education for the past twenty years, as a momentous and anticipatable competence for every semester, Sri Sairam College of Engineering has organized four days' workshop for the faculty on "Outcome based Education and Road Map for Accreditation". Considering the faculty as one of its indispensable and absolute assets, this program has been initiated and arranged for the indomitable, subjective and adept for the expansion of all the faculty, which is extremely mandatory for the resolute authority and vitality of the organization.

The four days' schedule was enthusiastically well proposed, arranged and consummated meticulously by the Department of Science and Humanities from 18<sup>th</sup> to 21<sup>st</sup> January 2017.

The preliminary function was inaugurated with the invocation song to lord Ganesh by Ms. Harshitha and team. All the Dignitaries, The Principal Dr. Y. Vijaya Kumar, Vice Principal Dr. B. Sadaksharappa, Management Representative Mr. R. Arun Kumar, Chief Guest and resource personnel, Dr. Umakant P Kulkarni, Dr. Srinivas Balram Rao Kulkarni, Professors, CSE Department, SDM College of Engineering and all the concern Department HOD'S were invited to light the lamp.

Vice Principal, Dr. B. Shadaksharappa in his invitational discourse expressed a profound gratitude to our beloved Chairman Late Sri MJF. Lion Leo Muthu and CEO Sri Sai Prakash Leo Muthu for approving, accepting and promoting the proposal to organize four day workshop on faculty expertise development program. He invited back the entire faculty from the vacation to the four day workshop on "Outcome based Education and Road Map for Accreditation". He introduced the Chief guest, Dr. Umakant P Kulkarni, emphasized regarding the up gradation of faculty in skills, expertise and for the individual and organizational growth. He also mentioned the significance of Accreditation for any organization is obligatory for its expansion.

Dr. Gangavathi, Convener, of the program explicated the significance and inevitability of accreditation, that should be accomplished at the earliest for the progress of the organization.

Principal, Dr. Y. Vijaya Kumar, in his presidential address articulated a very warm welcome to the entire Sairam family to the even semester after the efficient conclusion of the odd semester anticipating optimistic results. He cited the significance and relevance of Faculty development program for a better tomorrow, that facilitates the institution to larger heights. He also mentioned that how the management is optimistic regarding the NBA Accreditation, that can be accomplished effortlessly with the 100% participation of the entire Sairam Family which in turn is going to engender the best outcomes to the organization and to the all the departments in the institution.

Management Representative, Mr. R. Arun Kumar, in his special address explained about the significance of accreditation in the engineering education which will facilitate us to have a better intake with better results. The accreditation will definitely facilitate us to initiate new branches in the institution as well. Edumat system is the best example for the Digitalization in the organization.

The Chief Guest, Dr. Kulkarni, in his special address specified that the Outcome based Education can be accomplished with 100 % results, where all the 100 % are employable. The "Outcome based Education and Road Map for Accreditation" is an asset to the any engineering education. He encouraged our organization to go autonomous and to operate individually to produce better results with better products. 100 % results with 100 % employability is the most important characteristics and features for any Outcome based education. He also mentioned how self-assessment is very essential for every individual in any organization and encouraged every faculty to be loyal to his profession that will definitely facilitate him to be loyal to the organization automatically, which is always a contributing factor for the growth of any organization.

As per the schedule,

On the first day (18<sup>th</sup> January 2017): Dr. Umakant P Kulkarni, conveyed a comprehensive and detailed sermon on "Outcome based Education and Road Map for Accreditation" concerning the topics like Teachers performance, teacher's assessment report, how to create templates, how to set question paper, how to prepare course plan or lesson plan, how to prepare course outcome, significance of blooms taxonomy and its main features like remember, understand, apply, analyze, evaluate, and create etc. evaluation of departments', objectives of accreditation, ways, means, process and procedure of accomplishing it etc.

On the second day (19<sup>th</sup> January 2017): In the first session, Dr. Umakant P Kulkarni, Introduced the engineering education scenario in India with respect to the accreditation. Outcome based education, how and why is it extremely essential for any engineering education. Types of course outcomes. Types of question papers with three different levels such as low(slight), moderate (reinforce) and substantial (mastering) levels. He also illustrated the preparation of self-assessment report for an individual.

On the third day (20<sup>th</sup> January 2017): In the first session, Dr. Umakant P Kulkarni, He introduced about the what is accreditation, its application procedure, pre-requisite for it, a glance of self-assessment report, a glance at the evaluation guidelines, and the road map to accreditation, fee structure, duration etc., also all the parameters of accreditation, The national level scenario of engineering education with some of the most critical topics like teaching learning process divided into Problem based learning, project based learning, design based learning, case study based teaching and learning etc., types of examinations, activity based learning and its usability, internal quality assessment committee and its formation and its objectives etc.

Dr. Srinivas Balram Rao Kulkarni, exemplified the inputs in Automation and preparing excel in detail.

On the fourth day (21<sup>st</sup> January 2017), an expedition was organized for all the faculty to visit and receive the blessings of all the distinguished and sacred temples in Melukote for an optimistic energy and strength for a new beginning.

Valedictory ceremony was arranged and the certificates were disseminated to all the Associates in the Sairam family on their successful accomplishment of four days' faculty expertise escalation program. A divergent feedback elucidation was conveyed by the entire faculty in person regarding the ample portrayal, appraisal and optimistic response with the written statements concerning all the resourceful personalities invited for the four days' skills enrichment program. The entire faculty precisely applauded and acknowledged a rich experience on all the four days. The entire Sairam family conformed an immeasurable and exquisite affluence from every address by all the ingenious personnel invited on all the four days' and placed a unique appeal to the management to protract the prevalence of these genres of programs as well.

Vote of thanks was proposed by Professor, K V Malini, HOD, EEE department. On behalf of the entire faculty, she extended an immense gratitude to the management for arranging a four days' faculty development program. She also ascribed the resource personnel, who in spite of their demanding schedule, accepted the invitation and adorned the occurrence and made this program an extraordinary accomplishment, Predominantly the Science and Humanities Department for their conscientious efforts to make this program an enormous success.

Mrs. Jayashree

Cisco Networking Training for final year CSE &amp; ECE students

[https://www.facebook.com/pg/SairamBengaluru/photos/?tab=album&album\\_id=10153659725352236](https://www.facebook.com/pg/SairamBengaluru/photos/?tab=album&album_id=10153659725352236)

organized by Dept. of Electronics & Communication Engineering from 15/09/2015 to 23/09/2015. Training by NTTF, Bangalore

Conducted by AND Technologies Pvt Ltd. Bangalore

With respect to the above subject, we Department of Electronics & Communication Engineering organized Cisco Networking Training for the Final year CSE & ECE students in the college campus. The workshop brought together over 100+ participants from 7th semester ECE students. The workshop was handled by a team of eminent resource persons from the respective field. The workshop provided an interactive atmosphere between the resource persons and the participants. The objective of the Program is to enhance the programming skills in embedded system design for the students to expose their knowledge to do projects in the new technology

**Submitted,**

**Sub: Report on Seminar on GSM - 'Latest Trends & Technology' - 7th Sept 2015**

The programme was conducted for 5th & 7th semester ECE students and the resource person was Shailendra Singh from Global Logica Software Technology, Bengaluru. In total 69 students were present. The student's feedback was positive, and they felt that the session was informative and useful. The seminar gave a detailed view on the topic and overview of recent trends in Networking for GSM systems.

## REPORT ON PROGRAMMING SKILL GUEST LECTURE

30/8/2015

Programming skill guest lecture had been conducted on 24 July 2015 for third semester students of Department of Computer Science and Engineering in our campus. Students attended the guest lecture with all enthusiasm. The resource person Mr. Sreenivas freelance trainer, Hyderabad conducted the guest lecture very effectively.

Two sessions had been conducted in which the first session was about how to improve the programming skills and to excel in it. Finally, students gained confidence in their programming skill. The student's feedback was positive and they felt that the session was informative and useful.

Entrepreneurship Awareness Camps-EAC Camps-inaugural function 16/03/16

Entrepreneurship Awareness Camp was organized by Innovation and Entrepreneurship Development Cell in association with the Departments of CSE,ECE , EEE,MBA and Mechanical Engineering students of second and third year students from 16<sup>th</sup>-18<sup>th</sup> March 2016 at our Campus. The camp was organized to strengthen the wave of entrepreneurship and to provide a all round exposure of start up culture.

The inauguration of the camp was held on 16<sup>th</sup> march 2016 in college auditorium. The inaugural ceremony commenced with the invocation song to the almighty followed by lighting of the lamp by dignitaries-Honourable Chief Guest Padmashree Dr. Vasagam R. M , Principal Dr. Y Vijayakumar, Management Representative Mr.Arun kumar ,Vice-Principal Dr. B. Shadaksharappa and IEDC coordinator Prof. Malini k v.

Respected Vice- Principal Dr. B.Shadaksharappa formally welcomed the gathering on the dias and off the dias. He formally introduced the chief guest to the gathering. He mentioned that the achievements by our chief guest is a inspiring and highly motivating factor for our students and faculty. Honourable principal Dr.Y. Vijayakumar honoured the respected chief guest Dr.R.M.Vasagam and the dignitaries on the dias joined the moment. Respected Vice principal welcomed the special invitees and the session speakers who had joined the ceremony.

Honourable Principal Dr. Y Vijayakumar addressed the gathering and delivered the presidential address. He emphasized on the expectations of the market, make in india and the policies made by the govt. of india towards start ups. He also quoted examples of the start ups like Flipcart and the journey of it.He encouraged the students to develop the intrapreneurial qualities which is most looked for. He enlightened the students about the opportunities to start a company,charms of being an entrepreneur and the incubation support the institute can provide for the innovative projects.

Honourable Chief Guest Padmashree Dr. Vasagam R.M highlighted on the history of entrepreneurship in india and current trends, opportunities for an innovative thinker. He highlighted on brain drain in india which is a huge set back in the contribution of talents to the countrys growth. He cited the examples of key assignments uand undertaken by ISRO and the challenges faced by the scientists. He encouraged the students to reengineer the products developed by china in the labs of institute which is encouraged by the MSME funding from Govt. of india. He concluded his speech with a message to students to develop the out of box thinking and to be a outstanding personality. He wished the institute to conduct entrepreneurship awareness camps so as to promote self employment and sustainability.

In the end respected Management Representative Mr.R.Arunkumar offered vote of thanks to all assembled. He highlighted on the incubation support to the students project to product model conversion and the IEDC funding available for the current 2<sup>nd</sup> and 3<sup>rd</sup> students. He also insisted on student- institute product development modules, Campus infrastructure and the encouragement given by the management towards development of intrapreneurial qualities among students. He wished IEDC cell to conduct more entrepreneurship development programs so as to create an awareness on the opportunities available in the market, the govt. supports and the technology driven market in india. He appreciated the departments for conducting these camps to benefit students and wished them success. He thanked all the invited guests for gracing the occasion by their solemn presence and to all the participants of the workshop who were the main ingredient of this workshop. He also thanked EDII, DST for providing all kind of facility to conduct such camps in the institute.

CAMP-3  
Dept. of MECHANICAL ENGINEERING

**DAY1:** The day begun with the a huge bunch of wishes to students by the honourable chiefguest Padmashree Dr.Vasagam R.M , Respected Principal Dr.Y.Vijayakumar , Vice-Principal Dr.B.Shadaksharappa, the invited guests and the HODs all the departments.

The session speaker Mr.Bhaskar C S program coordinator international trade ,WTO spoke about Burgeoning opportunities in international Trade landscape and govt. initiatives and schemes to promote Exports and the opportunities for the start up sectors.

The post lunch session was followed by Mr.Sathiyar Lead Patent Engineer who spoke about the patents and the importance of it. The know how was given through simulating exercises to students.

The next session was carried by Mr.Shreyas, Trainer on team building exercises, the trust on the business team, the confidence in the leader through simulations. The day concluded with a note on how important the team working is to achieve success in any business.

**DAY2:** The session begun with a note on Opportunities in Service Sector by session speaker Mr.H S Shivashankar Prolific Systems and Automation, for the mechanical engineers. He emphasized on the scale of business emerging in these sectors including AMC and other larger contracts by multinationals. The quality systems in place to ensure the lead engineering in place throwing opportunities in the utility sectors.

The session was followed on the topic Ideation and Incubation supports from Various support systems for campus companies to emerge from the present system of innovative projects to products modules by the session speaker Ms.Rachana Pujar, supporter,VTU incubation centre . She emphasized on the incubation support extended by the Visweshwaraya Technological university for the student run ventures.

The post lunch session was Handled by Mr.Bhargav krishna, Founder and trainer on Technology commercialization in 3D printing technologies and the huge opportunities as it is an emerging field. The available centres are sparse and hence a wider opportunities for the cost effective printing which would eventually prove to be vital for the manufacturing industry as it saves cost on prototypes.

The sessions got concluded with the experience sharing with the real time entrepreneur in food chain management Mr.Neelesh, Just Shawarma chain of restaurants. The session speaker associated with Mr.Ayush briefed on the opportunities available in the sectors, start up challenges, customer delight and a most challenging market expectations.

**DAY3:** The day begun with the session on Identification of Business Opportunities by the session speaker Prof. Malini K V IEDC Coordinator who mentioned the importance of open mind to clearly observe the opportunities available and create an opportunity to start a business. A case study was rolled out to simulate the identification of business opportunities.

The factory visit was organized to speak to a real time entrepreneur Mr. Ramkumar , Director Jaraa, CNC Products, Cipkot Hosur to share the experience where the students showed the interest to know the business potential and ways and means to start an industry.

After the visit many points regarding the planning, organizing and extension of business, marketing relationships , contracts and the threats were discussed.

The camps got concluded with the feedback from students who expressed that the three days workshop was very useful in terms of thinking about a parallel profession or taking the entrepreneurship as main profession.

**CAMP-4**  
**Department of ECE**

**DAY1:** The day begun with the a huge bunch of wishes to students by the honourable chiefguest Padmashree Dr.Vasagam R.M , Respected Principal Dr.Y.Vijayakumar, Vice-Principal Dr.B.Shadaksharappa, the invited guests and the HODs all the departments.

The session begun with the topic Ideation and its Significance by session speaker Dr. Nagaraj Shenoy, Director, IASMS Bangalore who emphasized on the out of box thinking and importance of it.

The session continued with the session speaker Mr.Sarweshwar P Thoke on the brand mantra who enlightened on the importance of product models and the branding, the marketability and the online marketing, comparison of brick and mortar shops with the online marketing.

The post lunch session continued by Mr.Sajju Jain, SSD on Start Up Ecosystem and the prerequisites. He also highlighted on the idea generation and convertibility.

**DAY 2:** The day started on the topic The Evolution of Entrepreneurship by Mr.V.Bheemeswar Reddy HOD MBA who briefed on the evolution of entrepreneurship in india, the conventional entrepreneurship, the start ups and the change in the mindset.

The session continued by Mr. Deepak Singh ,IOTACELL on Technology commercialization in Internet of Things IOT and PCB fabrication and printing technologies. He marked the opportunities in these sectors as the major companies do not have a cost effective methodology in these areas where the cost of the component can be drastically brought down.

Post lunch session focused on the ecosystem by Mr.Siddarth C where he emphasized on the strt up measures and the size, volume and the business areas.

Mr. Mr. Prem Charles I Director and CFO Allinnov Research & Development Pvt. Ltd as a session speaker highlighted on the opportunities to incubate the new scholarly ideas and the way to nurture it. He encouraged the students to innovate the ideas which could be a new gen technology and bring in ease to the society.

**DAY 3:** The session begun with the session speaker Dr. Y Vijayakumar, Principal on the topic Entrepreneurship Failures and Corrective Mechanism. He mentioned how to overcome the failures and convert it to the benefit of the entrepreneur. He motivated the students saying failures are the stepping stones to correct ones mistakes in the business and move ahead.

The factory visit was organized to speak to a real time entrepreneur Mr. Nandan Samphth,MD Sudarshan Auto Electrical Components to share the experience where the students showed the interest to know the business potential, how they sustain the competition and ways and means to start an industry.

After the visit many points regarding the planning, organizing and extension of business, marketing relationships , contracts and the threats were discussed.

The camps got concluded with the feedback from students who expressed that the three days workshop was very useful in terms of thinking about a parallel profession or taking the entrepreneurship as main profession.

## Department of MECHANICAL ENGINEERING

**DAY1:** The day begun with the a huge bunch of wishes to students by the honourable chiefguest Padmashree Dr.Vasagam R.M , Respected Principal Dr.Y.Vijayakumar,Vice-Principal Dr.B.Shadaksharappa, the invited guests and the HODs all the departments.

The session begun with Mr.Sarweshwara Thoke, MD & Global Delivery Head on e-tracks where he briefed on e-business and its reachability. The new generation trends , the designs and how a student run venture can survive in this competitive world. He said E-clubs by budding entrepreneurs would definitely give a new edge to the SRVS.

The session was followed by Mr.Siddarth C , Trainer SSD, on the topic Ideation and Innovation Cycle who initiated the idea generation through the simulation exercises .

The session carried by Mrs. Shashirekha, a freelance councilor on team building, understanding the personalities and decision making in tough situations. The simulation exercises were held in the groups to slice it further down to students understanding.

**DAY 2:** The day started with the session on the Business Model by Prof. Dippi Verma, Dept. of MBA. She marked on the start up culture and the services expectation from the consumers. She highlighted on what is looked for from the entrepreneurs of this generation and how to model the business into various arenas.

The session was continued by Mr.Venkat Ramesh, Deputy manager supply chain management who highlighted the importance of the project management and he simulated the group through a team activity-Design a Cycle.

The post lunch session was taken on Finance and Project Appraisal by Mr.Girish Kumar SBI, Chief Manager on the funding schemes available in the private sector, public sector banking, venture capitalists and the special schemes to promote SSI from the government to start an industry.

The fourth session of the day was carried on Technology Commercialization in 3D Printing & Prototyping by Mr.Bhargav, Glia Services Pvt.LTD on the technology commercialization and the opportunities available. He also discussed the machines, infrastructure requirement to start any industry in the 3 D printing sector.

**DAY 3:** The last day session 1 was carried on Strategy and Tactics- Sales and Marketing Management by Prof.Venkatesh who threw light on the marketing aspects and how to sustain the competition in the continuously changing market conditions.

The factory visit was organized to speak to a real time entrepreneur Mr. Ramkumar , Director Jaraa, CNC Products, Ciptot Hosur to share the experience where the students showed the interest to know the business potential and ways and means to start an industry.

After the visit many points regarding the planning, organizing and extension of business, marketing relationships, contracts and the threats were discussed.

The camps got concluded with the feedback from students who expressed that the three days workshop was very useful in terms of thinking about a parallel profession or taking the entrepreneurship as main profession.

17/03/2015

To,

Principal,  
SHIRDI SAI ENGINEERING COLLEGE,  
Bangalore, India.

Dear Sir/Mam,

Greetings from LIVEWIRE!

LIVEWIRE is a new division of CADD Centre Training & Services where we provide skill based training for Electronics and Computer Science oriented students and professionals.

Hope you'd have known the real situation which the students face once they finished their graduation studies.

1. A report from NASSCOM says that out of 100% only 7% of the students have the skills what the company expects.
2. while looking at India's employability status only 28% of the graduates gets successfully recruited at the same year.
3. A survey conducted by "Times of India" states that only more than 58% of students lack basic Communication Skills.

In order to create awareness among the students to realize the present trends of company's recruitments and to make them develop their skills as per the company's requirements we are conducting seminar "**Keep an eye on your career**" across India.

We are very sure that your esteemed institution is really not stopping just by providing graduation to your students, but also very caring to provide a career to your student. We are also happy to join our hands with you by providing career guidance seminar to them.

As your college is one of the progressive college in Bangalore and we would like to extend our privilege by conducting "**Keep an eye on your career**" seminar along with a "**Free technical Seminar**" for your Esteemed Institutions Students.

The objectives of the seminar are as follows;

- To make the students understand the presents job recruiting trends followed in Companies
- Skills expected in their own core field
- Ways to develop their inner skills
- Preparing their skills as per the company requirements.

We assure that this 2 Hrs. Seminar would bring a big change and progress in our student's upcoming career.

Thank you.

Regards,  
ANITA R  
Centre Head , ELECTRONIC CITY

### AND Technology - Overview

AND technology is a leader in training services, man-power incubation, Client software & hardware services and Product Development in the domains of Embedded Systems design, VLSI, DSP System Design and Analog circuit & Power Electronic. Our success is our business model, which is based on QoS (Quality of services) and not on turnovers or numbers.

Since our existence, AND technology's R & D team regularly works with the new technology and has successfully implemented the cream of the technology into our business model. This has benefited all the client and student in achieving the best.

AND technology has consistently built track record in efficient embedded systems engineers and has contributed a vast to manpower requirements in embedded systems engineers since 2009. AND technology expertise in embedded product design, manufacturing and embedded systems training, support & development.

For more information on AND technology, please visit [www.andtechnology.co.in](http://www.andtechnology.co.in)

### AND Technology - AnDigi Learn Overview

- AnDigi Learn a training division of AND Technology, is a premier Embedded training company institute in VLSI, DSP System Design and Analog circuit & Power Electronic, providing training services with a unique combination of design expertise, market knowledge and leadership in University programs
- AnDigi Learn covers the entire length and breadth of the education, learning and training needs across colleges, individuals and enterprises. Our initiatives are driven through passion, innovation and imaginations to create learning interventions that are engaging, effective and rewarding. Our highly engaging content solutions have been creating value for clients and users in colleges and professional educational settings
- Our technical team is core strength and we call them as our back bone in the AnDigi Learn. With the highly qualified faculties and experienced experts who spend their valuable time with the students in imparting and sharing the valuable experience to make the students reach to a mark in the industry. Our R & D team also regularly supports the learner in overcome the hurdles they come across during the event of learning.
- Industry experts and renewed speaker are part of our faculty programs. We regularly pull in masters in technology as guest lecturer, who shape the learner according to the market needs and keep update of the changing scenario.
- AnDigi Learn offers on-site custom workshops tailored for the needs of the Academic community & Research institutes. We offer these workshops on-site ideally suited for the needs of both the student (workshops/certification training programs) and the faculties (faculty development programs).

### REPORT ON TECH-HUNT WORKSHOP

Workshop on Tech-Hunt was conducted on 27/09/2014 for 5<sup>th</sup> semester students of Department of Computer Science and Engineering at our campus in CSE Lab. Almost 63 students attended the Workshop with all enthusiasm. The Workshop was successfully conducted by resource person, Mr. Ashwin.

Two sessions had been conducted in which the first session was about Introduction to Technical Skills and the other session was about how to search for technical jobs. Finally, students were clear about the Job Hunt Process. The student's feedback was positive and they felt that the session was informative and useful.

**REPORT ON PROGRAMMING IN C AND ITS IMPORTANCE IN IT  
INDUSTRY GUEST LECTURE**

3/9/2014

Programming in c and importance in IT industry guest lecture had been conducted on 30 August 2014 for third semester students of Department of Computer Science and Engineering in our campus. Almost students attended the guest lecture with all enthusiasm. The resource person Mr. Govardan alumni SSCE conducted the guest lecture very effectively.

Two sessions had been conducted in which students were given knowledge about the programming in c and its importance in IT industry. Finally, students gained confidence in their programming skill in c and its importance. The student's feedback was positive and they felt that the session was informative and useful.

Sub: 04 Day Faculty Development Program - Brief Report - Reg.

With reference to the above subject and approval from HO we have organized Faculty Development Program in our Campus for enriching skills of Faculty. The program was well organized in professional manner and taken feedback for every session.

The convenor of the Faculty Development Program has submitted a brief report on FDP for your reference and perusal.

During concluding session, convenor & the entire faculty conveyed whole heartly thanks for permitting us to conduct a meaningful & useful Faculty Development Program for the faculty.

Thanking you

Yours faithfully

**REPORT ON FOUR DAY FACULTY DEVELOPMENT PROGRAMME**

Continuing its legacy in the realm of education for the past eighteen years, Sri Sairam College of Engineering organized a four days workshop on faculty skills enrichment program. Considering the faculty one of its distinct supreme assets, this program has been arranged for the enduring personal and professional growth of all the faculty members, which is exceptionally indispensable for the persistent strength and vitality of the organization.

The four day schedule was absolutely well intended, organized and executed by the Department of Science and Humanities in association with IEDC from 1st January to 5th January 2015.

The inaugural function began with the invocation song to lord Ganesh by Chaitra. All the Dignitaries, The Principal Dr. Y. Vijay Kumar, vice Principal Dr. B. Sadaksharappa, Management Representative Mr. R. Arunkumar, Chief Guest, Sri Kishore Kumar (Intellectual Property Rights) and all the concern Departments HOD'S were invited to light the lamp.

Vice Principal, Dr. B. Shadaksharappa in his address introduced the Chief Guest Sri Kishore Kumar, (Intellectual Property Rights) Senior Grade Lecturer in the Department of Mechanical Engineering, Government Polytechnic, Bangalore, to the eminent gathering and invited all the associates to the four days faculty skills enrichment program.

As per the schedule,

On the first day (1<sup>st</sup> January 2015): In the first session, The Distinctive Invitee of the day Sri Kishore Kumar, delivered the discourse introducing to the patents, implication of patents, regarding the significance of obtaining the patents, exemplified the patent mechanisms, patent prosecution and the patent engineering as well. He also indicated that not only procuring the patents is imperative but also sustaining them is furthermore congruently indispensable. In the second session all the faculty was dispensed different topics for brain storming and discussion to ascertain their perception intensities.

On the second day (2<sup>nd</sup> January 2015): In the first session, The Eminent invitee of the day Sri Prabhudeva, an adroit specialist and exponent in yoga divulged the preeminent and rudimentary characteristics in yoga that are genuinely constructive for an enriched health and fitness, Stress management and Meditation as well. In the 2<sup>nd</sup> session, He detailed the significance of the balanced diet and the Nutritional benefits and values of the comestible commodities such as spices and the other supplies that we consume in diet regularly for strength and energy.

On the third day (4<sup>th</sup> January 2015): As a team building endeavor of the Faculty Development program, the entire SSCE family celebrated the festival of sankranti in the Chikkahosahalli Village. On the occasion of Sankranti, the traditional saccharine "pongal" was prepared by the faculty at the venue. For reassuring the sporting spirit amongst the faculty several events were organized like Dhandia, musical Chair, Pot Hitting and Kabaddi etc. A love feast was also arranged for the Faculty in the afternoon session.

On the fourth day (5<sup>th</sup> January 2015): In the first session, The Distinctive Invitee of the day Mrs. Josphine Devotta, Counselor, Jyothi Nivas College, Bangalore, expounded the Effective counseling Techniques to handle dissimilar students coming from diverse upbringings. She also entertained the inquisitive session for the faculty to explicate their uncertainties regarding any of the issues associated with the counseling.

In the 2<sup>nd</sup> session, Valedictory ceremony was organized and the certificates were disseminated to all the Associates on their exultant accomplishment of four day faculty skills enrichment program. A distinctive feedback discourse was delivered by the entire faculty in person concerning the comprehensive enactment appraisal and optimistic reception regarding all the ingenious personalities invited for the four day skills enrichment program. Each and every faculty precisely acclaimed and affirmed an affluent experience on all the four days. The entire SSCE faculty assimilated an inestimable and precious affluence from every address by all the ingenious personnel invited on all the four days and placed an exceptional entreaty to the management to extend the incidence of these genres of programs as well.

Vote of thanks was proposed by Professor Malini, On behalf of the entire faculty, she extended gratitude to the management for arranging a four day faculty development program. She also acknowledged the entire guest faculty who in spite of their busy schedule accredited the invitation and graced the occurrence and made this agenda a magnificent accomplishment Especially the Science and Humanities Department for their assiduous efforts to make this program a huge triumph.

**Sub: Industry Internship Program - Pre-Final & Final Year - Mechanical Engg.  
Meta Wing Technologies-14<sup>th</sup> to 20<sup>th</sup> January 2014-Permission-Request - Reg**

With reference to the above subject, representation from HOD-Mechanical for organizing 7days Program i.e. Industry Internship Program by Meta Wing Technologies, Noida from 14<sup>th</sup> to 20<sup>th</sup> January 2014, is enclosed herewith for your kind reference.

The above Organization is imparting Industry Internship Program to Mechanical Engineering students of various Institutions across the country with a nominal course fee of ₹4500/- per student.

This Program consisting both Theoretical as well as Practical for the students and will boost employment opportunities and moreover conducting this type of training program will give wide publicity of our Institution in around Bangalore.

However, college is permitted to collect ₹200/- per student per day for utilizing the infrastructure and ₹200/- per student per day towards accommodation from the other College students if required.

However, the Organization has requested to use our College infrastructure viz. One Auditorium with a seating capacity of 300 with sound projector and Hostel accommodation for students from other Colleges.

Further, our Pre-final & Final Year students of Mechanical will get 5% discount on total fee.

In this regard, we request your permission and approval to organize the above Internship Program on the above said dates as will be the vacation period during the above said dates.

Thanking you

Yours faithfully

Note submitted to the Chairman, SSEC, ANEKAL

Sub.: IEDC Workshop & I2U 2014 Contest Release - Brief Report - 14/02/2014 - Reg.

With regard to the above, IEDC, SSEC had organized A One Day Workshop on "Innovation, Creativity & Technical Excellence" by Prof. B A Patil and I2U 2014 Contest Release programme on 14/02/2014. The brief summary of the above programme is as follows:

The purpose of the workshop was to provide a right platform to be innovative in their approach and enhance creative thinking skills for the students. IEDC, SSEC, believes that by channelizing the creative thinking in students, it is possible to bring excellence in their work. To promote entrepreneurship among VI semester students, we have rolled out the contest (INSPIRED INNOVATION TO YOU) - a project proposal submission for current third year students.

The programme commenced with an invocation song by Ms. Chaitra - VI CSE followed by lighting the lamp by the dignitaries. The welcome address and a brief introduction of the guest Prof. B A Patil was delivered by Vice-Principal, Dr. B Shadaksharappa. He welcomed all and highlighted the achievements and the vision of our Chief Guest of the day.

The Principal addressed the gathering and mentioned the importance of self-sustainability to the students and also mentioned today's market scenario, he also expressed that Entrepreneurship is the only solution to the youth of India in the coming days.

Chief -Guest, Prof. B A Patil, conducted the workshop on Innovation, Creativity & Technical Excellence, and narrated the history of noble scientists, their achievements and most importantly the determination to achieve the highest awards like noble prizes. He particularly went through the life of Madame Curie' achievements, interests and social responsibilities towards the society.

Ms. Malini - IEDC coordinator gave a glimpse on the on-going projects along with the I2U 2014 contest program. She briefed about the rules and regulations to participate in the contest and highlighted that the projects shall be based on social relevance, thoughtfulness of work and the marketability.

25/04/2014

### REPORT ON ANDROID APPLICATION WORKSHOP

Training on Android Application workshop had been conducted on 23/04/2014 for 7<sup>th</sup> semester students of Department of Computer Science and Engineering in our campus. Almost 83 students attended the guest workshop with all enthusiasm. The resource person is T K Pradeep Kumar from Dept. Of Computer Science and Engineering, Shirdi Sai Engineering College.

Two sessions had been conducted in which the first session was about Introduction to Android and its Application and the other session was hands on training on Application Development. Finally, students were clear about the concepts of Android application development. The student's feedback was positive and they felt that the session was informative and useful.
