

REPORT ON 3-DAY FDP ON UNIVERSAL HUMAN VALUES IN ASSOCIATION WITH NCCIP, AICTE-01/12/2023 to 03/12/2023

Sri Sairam College of Engineering held a 3-Day FDP in the campus on Universal Human Values from 1/12/2023 to 3/12/2023 in collaboration with NCCIP, AICTE. The programme was organised by the Department of Science & Humanities.

To enhance the glory of the event we had amongst us dignified and eminent resource people from AICTE, Dr. Yashwanth Patil, Facilitator, Mr. Deepesh A, Observer and Dr. Sashikanth S, Co facilitator & Regional coordinator. To begin with, the inaugural day was initiated with an invocation song. To illuminate the day further, the dignitaries lit the lamp and adorned the dais. The Programme was hosted by Prof. Adisha Manna, Assistant Professor, Dept. of Science & Humanities.

The Management Representative, Dr. R Arun Kumar presented the Welcome Address before all. He warmly greeted all the dignitaries, faculties and participants and expressed his sincere gratitude to all for their valuable presence. He shared his views on gratitude and essential human values. His all-encompassing speech gave everyone an anchor to successfully sail along the sea of life and career.

Furthermore, honourable Principal, Dr. B Shadaksharappa presented the presidential address before all. He spoke about the importance of value-enhancement courses and meticulously explained its application in daily life. If such value generating workshops are held more in number then many personal and professional challenges can be solved with ease and calm of mind. His words motivated the audience to attend the workshop with reinvigorated enthusiasm.

Following this, Dr. Harikrishna S, Head Department of Science & Humanities and coordinator of the programme introduced the guests which was further followed by the felicitation ceremony of the guests. Then Prof. Malini KV came forward to speak about the FDP in order to help everyone understand the importance of the workshop. Then Mr. Deepesh A, observer of NCCIP & AICTE graced the dais to share the key points of the UHV, the rule & regulations to be followed and also clearly explained the outcome of the workshop.

The workshop was focused on teaching the basics of Self, Body, Happiness, Harmony, Love, Gratitude, self-exploration, right understanding and natural acceptance. The path to continuous happiness and prosperity were validated with multiple relatable examples. The difference between relationship and physical facility were briefed with examples of basic

human aspiration and the correct approach to fulfill such aspirations was explained meticulously. Furthermore, coexistence of self and body were highlighted with the right guidelines to competence and incompetence. The nine human feelings and their true meanings were explained correctly and the way to understand the feelings were also explained with real-life examples. A holistic approach was bestowed to understand human order, plant order and animal order to increase sustainability. Summing up everything, the 3-Day UHV was aimed towards creating an undivided society and universal human order amongst all.

The workshop concluded on 3rd day, 03/12/2023 with feedback from the participants and address by the Principal. Vote of thanks was proposed by Dr. Harikrishna S, Dept Head of Science & Humanities and coordinator of the programme. He motivated the audience towards building a better future. He also expressed her immense gratitude to the guests for contributing their valuable time, in spite of their busy schedule. He heartily thanked all the participants and faculties for their presence and contribution towards making this program a grand success; with this the curtains were drawn for the program.
