**REPORT ON SAI-TARANGA 2024**

30/05/2024

Sri Sairam College of Engineering nurtures high quality education which motivates and empowers the students to be lifelong learners and productive members of the society. An auspicious occasion is marked by the grandeur of participation, in light of this, the Department of Science & Humanities held their Department Fest - Sai Taranga 2024, a National Level Conference on 30.05.2024. On this occasion, the department also launched the book titled '**Engineering the Future - The Vital Role of Science**' which is an amalgamation of meticulous research papers published as book chapters.

To enhance the glory of the event we had amongst us dignified and eminent personalities. To begin with, we invited the IT Lead of Spotnana, Mr. Chethan MS & Technical Specialist of Honeywell Aerospace, Mr. Manjunath S as our Chief Guests for the Day. The day was further enlightened with the presence of our honourable Principal, Dr. B Shadaksharappa, Management Representative, Dr. R Arun Kumar, Convener of the program, Dr. Harikrishna S, and Trustee, Sri. K Patel. The auspicious occasion was initiated with an invocation. To illuminate the day, the dignitaries lit the lamp and adorned the dais. The Programme was hosted by the first-year students of S&H Department.

The Welcome Address was delivered by Dr. Suvodip Mukherjee, Assistant Professor, Department of Science & Humanities. He cordially welcomed the dignitaries, faculties, students and staff. He shared insightful details about the papers written by students and also motivated the students to make use of such a platform to fight their stage fear and speak in public forums through the medium of paper presentation.

Dr. Harikrishna S, convener and Head Department of Science & Humanities briefed about Sai Taranga. He warmly greeted all the dignitaries, faculties, students and expressed his sincere gratitude to all for their valuable presence. He addressed the students appreciating them for their sincere efforts in editing, compiling & writing erudite papers. He highlighted that being in first-year, most of them are amateur in writing papers but with the guidance of all the faculties, the students have come up with informative papers which are also meticulously written. He took this opportunity to thank Principal and Management for supporting the

department in organising Sai-Taranga and helping in the launch of the book 'Engineering the Future - The Vital Role of Science'.

The Presidential Address was presented before all by Principal, Dr. B Shadaksharappa. Dr. B Shadaksharappa, Principal proposed the presidential address. He congratulated the Department of Science & Humanities on organising such a phenomenal event like Sai Taranga where not just our college students but also students across the Nation could participate. Principal extended his cordial greetings and welcomed all the external students. He guided the students speaking about the challenges of publication and congratulated them on overcoming every challenge and emerging as successful young authors and young editors. He encouraged the students to bring out their best, he advised them to be patient along their academic journey and motivated them to step into such conferences which are exceptionally beneficial in upskilling knowledge.

The book titled '**Engineering the Future - The Vital Role of Science**' with ISBN - **978-93-340-5353-1** containing book chapters was released by Guest & other Dignitaries on the dias.

Furthermore, Management Representative, Dr. R Arunkumar adorned the dais to address the guests. He too congratulated the Department of Science & Humanities in organising a national level presentation and launching such a phenomenal book. He mentioned that the book has been meticulously edited and compiled. He highlighted the fact that Sri Sairam College of Engineering is the centre of excellence as it offers technical education along with research & innovation opportunities of very high standards to students. He motivated the students to aim for excellence utilising opportunities like this. His words motivated the students towards achieving their goals with innovation and enthusiasm. His all-encompassing speech gave the students an anchor to successfully sail along the sea of life and career.

This was followed by the introduction & felicitation of chief guests, following which, the audience was next addressed by the chief guests - IT Lead of Spotnana, Mr. Chethan MS & Technical Specialist of Honeywell Aerospace, Mr. Manjunath S. They delivered an immensely inspiring speech for all the students. Having erudite vision, they spoke about their rich experiences in the field of innovation and education. They are also the alumni of our college so they enlightened the students on their experiences of student life. They spoke on the importance of research and expressed their surprise on seeing the deftness of the papers published in the book.

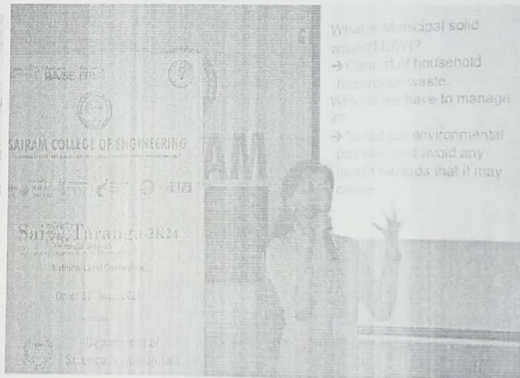

Vote of thanks was proposed by Prof. Adisha Manna, Asst Professor, Dept of Science & Humanities. Ma'am expressed her immense gratitude towards the Chief Guests for contributing their valuable time, in spite of their busy schedule. She heartily thanked all the dignitaries for their presence and insightful words that encouraged the students. She further thanked the Convenor, faculties and students who have contributed towards making this program a grand success.

Following this, the stage was taken by the students to present the papers they had written in Physics, Chemistry, Mathematics & English. To judge the state level paper presentation competition, we had amongst us an eminent group of internal jury members as well.

Finally, the valedictory program began with the feedback of the students and the jury members. The competition was fairly judged and the results were declared by the end of the day. Following which, the winners were felicitated with cash prizes. More than winning, participation is important and the program can be called successful in its attempt to bring everyone under one roof to nurture the ideas put forth by each and every paper presented and published.

The curtains were drawn for the day with the National Anthem.
