COURSES OFFERED

UNDER - GRADUATE B.E. COURSES	CET CODE
● Artificial Intelligence & Machine Learning	E086AI
● Computer Science & Engineering	E086CS
● Information Science & Engineering	E086IE
● Electronics & Communication Engineering	E086EC
● Electrical & Electronics Engineering	E086EE
● Mechanical Engineering	E086ME
● Computer Science & Engineering*	E086CY
(IoT, Cybersecurity including Blockchain Technology)	*awaiting approval

PhD RESEARCH PROGRAMS

● Computer Science & Engineering
● Electronics & Communication Engineering
● Mechanical Engineering
● Chemistry

BHAVYA JHA
CSE

I am pleased to write this testimonial for the placement cell c Sri Sairam College of Engineering. Their commitment to helpi students secure successful job placements is truly outstandin I had the pleasure of being a part of their placement process and I must say it was a remarkable experience. I have been offered by both Johnson Controls and Mindtree.

The placement cell at Sri Sairam College of Engineering has a exceptional team of professionals who work tirelessly to provide students with all the necessary resources and guidance to prepare them for the job market. The placement cell has a well-structured training program that equips students with the skills and knowledge required to succeed in their chosen fields.

SATHVIKA
ECE

My sincere gratitude to the Training & Placement Department and all Staffs of Sri Sairam College of Engineering College for their efforts in imparting quality technical and aptitude training. I am very grateful to them for effectively and sincerely helping me to grab first ever opportunity. In terms of education, the teachers are well experienced.

With continuous guest lectures, workshops and trainings arranged in college campus help students to gain practical knowledge and get placed in multiple MNCs. All my teachers are real blessing to the students. The college is growing and it's a good sandbox for students who want to learn. I am thankful to all the faculty and ECE department for efforts to change my life.

SAKET BHUSHAN
EEE

With the constant support and guidance of faculty and the placement cell, I have received offer letters from 2 companies with attractive salaries. I glad about my decision to join this college as it has provided a lot of skill enhancement opportunities including PEGA CSSA certification through college placement and training cell which helped in enhancing my technical competency and in getting placement.

I am forever grateful and thankful to the Principal, HOD and all the Faculties and supporting staffs of the college for their countless and continuous efforts throughout the journey as it would have not been possible for me to achieve all this without their motivation and support.

MADHU SHREE R
MECH

To get a job in a Mechanical core company has always been my dream. Well, thanks to our college placement cell, where they have helped me a lot to get into a core company. I thank Management, Principal Sir, HOD Mechanical and My Staffs for the help and the support to get the job. Not only in a single company, our placement cell have helped me to get job in other two core companies and also helped my classmates to get a job in good companies.

The efforts of our placement cell will not go unnoticed, as they have played a significant role in the success of many engineering graduates. Through their tireless efforts, students have been able to secure top-notch jobs at some of the leading companies in the industry
