Organizing

Online Session on

"Pathway to Success after Engineering"

on 04-04-2025 @ 11:15 am

Speaker

Mr. Narendra Kumar
Chief Executive Officer
Udyam Solutions Corporation, Karnataka

Prof. Rajesh Kumar N Coordinators	Dr. Balaji V HOD, MECH	Dr. B. Shadaksharappa Principal
Dr. Sai Prakash LeoMuthu Chairman & CEO, Sairam Institutions		

Mr. Narendra Kumar highlighted the various innovative support programs available for students and entrepreneurs under the MSME sector. He discussed the role of MSMEs in fostering innovation and how students can contribute to or collaborate with such initiatives.

4. Government Schemes and Training:

A detailed explanation was provided on the various government schemes designed to support young entrepreneurs and engineering graduates. Mr. Narendra Kumar elaborated on available training programs, funding options, and resources to help students take their entrepreneurial ideas forward.

5. How Udyami Supports Students:

Mr. Narendra Kumar spoke about the initiatives taken by Udyami Solutions to mentor and support aspiring entrepreneurs. He explained how Udyami helps students build their business ideas, providing them with the necessary resources, training, and networks to succeed in their ventures.

Interactive Session:

The session was highly interactive, with students engaging actively in the discussion. They asked insightful questions about entrepreneurship, government schemes, and career options. Mr. Narendra Kumar answered all queries with great enthusiasm, making the session both engaging and enriching.

Conclusion:

The session concluded with a vote of thanks from the program coordinator, Prof. Rajesh Kumar, who expressed gratitude to Mr. Narendra Kumar for sharing his valuable knowledge and experiences. He also thanked the students for their active participation and encouraged them to consider entrepreneurship as a career option.

Acknowledgments:

The students expressed their appreciation and gratitude to Mr. Narendra Kumar for his detailed presentation. The session was deemed very beneficial, with students gaining a broader understanding of how to navigate their career paths after completing their engineering education.

Report on the Online Session for Second and Third Year Mechanical Engineering Students

Title: Pathway to Success After Engineering

Resource Person: Mr. Narendra Kumar, CEO, Udyami Solutions, Bengaluru

Program Coordinator: Prof. Rajesh Kumar

Mechanical Engineering Department conducted an online session for all second and third-year mechanical engineering students, focusing on the theme "Pathway to Success after Engineering." The session aimed at guiding students towards career opportunities and encouraging entrepreneurship as a viable path after completing their engineering studies. The session was led by Mr. Narendra Kumar, the CEO of Udyami Solutions, Bengaluru, a company that supports budding entrepreneurs.

The program began with a warm welcome from Prof. Rajesh Kumar, who introduced the chief guest, Mr. Narendra Kumar. He highlighted Mr. Narendra Kumar's extensive experience in the field of entrepreneurship and his leadership role at Udyami Solutions, Bengaluru. Prof. Rajesh Kumar's welcoming speech set the tone for the session, preparing the students for the insights they were about to gain.

Session Overview:

The session was highly informative and interactive. Mr. Narendra Kumar covered various topics aimed at inspiring and guiding students in their career journeys post-engineering. The key areas of discussion included:

1. Why Entrepreneurship for Students?

Mr. Narendra Kumar emphasized the importance of entrepreneurship as a career option for engineering students. He explained how engineering skills can be a strong foundation for starting one's own business and how students can leverage their technical expertise in the entrepreneurial world.

2. Career Opportunities for Students:

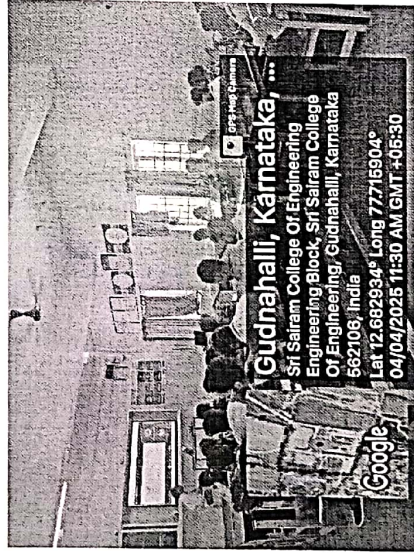

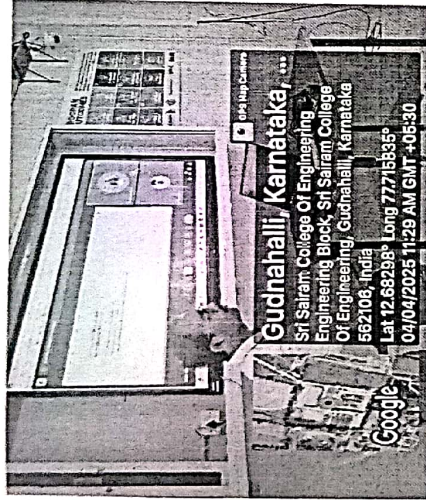

The resource person discussed various career opportunities available to engineering graduates, including both conventional job roles and entrepreneurial ventures. He encouraged students to explore diverse career options, including working for MSMEs (Micro, Small, and Medium Enterprises), startups, or pursuing higher education.

3. MSME Innovative Support:
