(Accredited by NAAC, ISO 9001:2015 Certified Institution, Approved by AICTE, New Delhi, Affiliated to VTU, Belagavi)

Department of Mechanical Engineering

Anekal, Bengaluru – 562106, Karnataka

Date – 21.04.2025

SUBMITTED TO PRINCIPAL FOR APPROVAL THROUGH HEAD OF THE DEPARTMENT:

SUBJECT: - Requesting permission to organise invited talk for mechanical engineering students – Reg.

With due respect, I am writing this letter to bring to your kind notice that our department is planning to organise a invited talk on “**Biomechanics – An Introductory Session**” by an eminent resource person from SRM University for **II year and III year**. students of Mechanical Engineering through Virtual Mode. The details of the resource persons are given below. In this regard, we kindly request your good self to grant us permission to organise this wonderful event which is scheduled on **24.04.2025 – Thursday in class room no 223**.

This is for your kind perusal and approval.

RESOURCE PERSON:

Dr. P Susai Manickam,
Assistant Professor,
Department of Mechanical Engineering
Faculty of Engineering and Technology,
SRM University,
Kattankulathur,
Chennai.
Ph – 98843 25807
Email - susaimap@srmist.edu.in

Thanking You,

Yours Sincerely,

Forwarded for the
needful

Subject: Permission to organize / conduct INVITED TALK -reg

Dear Sir,

With respect to above subject I request you to permit us to organise INVITED TALK
"BIOMECHANICS - AN INTRODUCTORY SESSION" for 11th & 111th YEAR
on 24/4/25 at 223-LH

Kindly permit the same & oblige.

Thanking you,

Yours truly

Dear Sir,

A Warm Greeting from Sri Sairam College of Engineering, Bangalore.

I hope this email finds you well!!!

I am Rajesh V, working as an Assistant Professor in the Department of Mechanical Engineering in the same college for the past 3 years.

As per the communication over a phone, I am writing this email to inquire about your availability on 24.04.2025 - Thursday from 02.00pm to 04.00pm to deliver a invited talk on "Bio Mechanics - An Introductory Session" to our II year and III year Students through online mode.

We would be honored to have you as a guest speaker for this session, and we believe your expertise would greatly benefit our students, providing them with valuable insights into the field of biomechanics.

In this regard, Kindly request you to confirm your availability for this date and time. If you require any additional information or have any specific requirements for the session, please feel free to let us know.

Thank you for considering our request. We look forward to your positive response.

--

Thanks & Regards**Mr. V.Rajesh,**

Respected Sir,

A warm Greetings from Sri Sairam College of Engineering, Anekal, Bangalore

I hope this message finds you well. On behalf of the Department of Mechanical Engineering, Sri Sairam College of Engineering, Anekal, Bangalore. I am very much delighted to extend a formal invitation to you to preside as a **Resource Person** for an **Invited Talk on Bio Mechanics - An Introductory Session**.

The talk aims to provide valuable insights into the evolving landscape of BioMechanics, its scope, and future prospects. We believe that your expertise and experience in this field will be of immense value to our department students.

Event Details:

- **Date:** 24.04.2025 - Thursday
- **Time:** 11.30am to 01.00pm
- **Mode** – Online Mode
- **Topic:** Bio Mechanics - An Introductory Session.

We would be honoured to have you as a key speaker for this session and look forward to your confirmation.

We truly appreciate your consideration and hope you will be able to join us for this enriching event. Kindly confirm your participation by tomorrow, and do not hesitate to reach out for any further details or clarifications.

Looking forward to your positive response.

Thank you for your time and attention.

NOTE: Kindly request you to share the updated profile in the reply mail.

Guests

Dr. P Susai Manickam

Dr. P. Susai Manickam is an Assistant Professor in the Department of Mechanical Engineering at SRM Institute of Science and Technology (SRMIST), Kattankulathur, Chennai. He specializes in biomechanics, particularly focusing on spinal biomechanics, finite element analysis (FEA), implant design, and orthopedic biomechanics.

Academic Qualifications

- Ph.D. in Mechanical Engineering (Biomechanics) – SRMIST, 2022
- M.Tech in Computer Aided Design – SRMIST, 2012
- B.E. in Mechanical Engineering – Anna University, 2007

Research Interests

- Biomechanics of the spine
- Finite element analysis
- Implant and product design
- Orthopedic biomechanics
- Biomaterials

He published 08 SCI journals 12 Scopus indexed journals and two book chapters. He also leads the Biomechanics Laboratory at SRMIST, established under the DST-FIST program, which supports research in spinal biomechanics and implant design.

Awards & Achievements

- Best Paper Award – National Conference on Recent Trends in Biomedical Engineering (NCRTBME), 2017
- Best Paper Award – International Conference on Design, Analysis, Manufacturing and Simulation (ICDAMS), 2016
- Best Paper Award – International Conference on Biomaterials Implant Devices and Tissue Engineering (BIDTE), 2012

He published 08 SCI journals 12 Scopus indexed journals and two book chapters. He also leads the Biomechanics Laboratory at SRMIST, established under the DST-FIST program, which supports research in spinal biomechanics and implant design.

DEPARTMENT OF MECHANICAL ENGINEERING

Date: - 25.04.2025

A REPORT ON INVITED TALK “BIOMECHANICS – AN INTRODUCTORY SESSION”

The Department of Mechanical Engineering has organised an insightful and informative session invited talk entitled “**Biomechanics – An Introductory Session**” was conducted by **Dr. P Susai Manickam**, an eminent resource person and expert in biomechanics, from **SRM University**. The event was held under the coordinated by **Mr. Rajesh V**, Assistant Professor from department of Mechanical Engineering was aimed at providing an introductory understanding of biomechanics and its applications, particularly in the field of mechanical engineering was held on **24.04.2025 – Thursday** – from **11.00am to 12.30pm** in the lecture hall number. 223 for **II & III year** students

The session was inaugurated by **Mr. Rajesh V**, Assistant Professor from the Department of Mechanical Engineering, who delivered the welcome address. In welcome address, He welcomed the chief guest , Principal, Chief Operating officer, Head of the department, Students and Faculty Friends. Mr. Rajesh began the event by expressing his gratitude to all attendees and the eminent speaker for taking the time to share their expertise.

In his address, Mr. Rajesh V also highlighted **Dr. P Susai Manickam’s** impressive qualifications and professional background, noting his specialization in biomechanics and his contributions to the development of the discipline at SRM University.

After the welcoming remarks, He then handed over the session to **Dr. P.Susai Manickam**, expressing his confidence that the lecture would be both insightful and enriching for everyone present.

The resource Person commenced the session by providing a thorough overview of Biomechanics as a multidisciplinary field that bridges the gap between biology and engineering. He explained the fundamental principles of biomechanics, such as forces, moments, and the mechanics of human movement.

He illustrated how the study of human anatomy and physiology can be integrated with mechanical engineering principles to understand human motion, tissue deformation, and injury prevention. Especially he took the example of spine of human anatomy to give brief explanation.

He emphasized various applications of biomechanics in mechanical engineering, including:

- Types of Spine implant
- Mesh Convergence study

(Accredited by NAAC, ISO 9001:2015 Certified Institution, Approved by AICTE, New Delhi, Affiliated to VTU, Belagavi)

Anekal, Bengaluru – 562106, Karnataka

DEPARTMENT OF MECHANICAL ENGINEERING

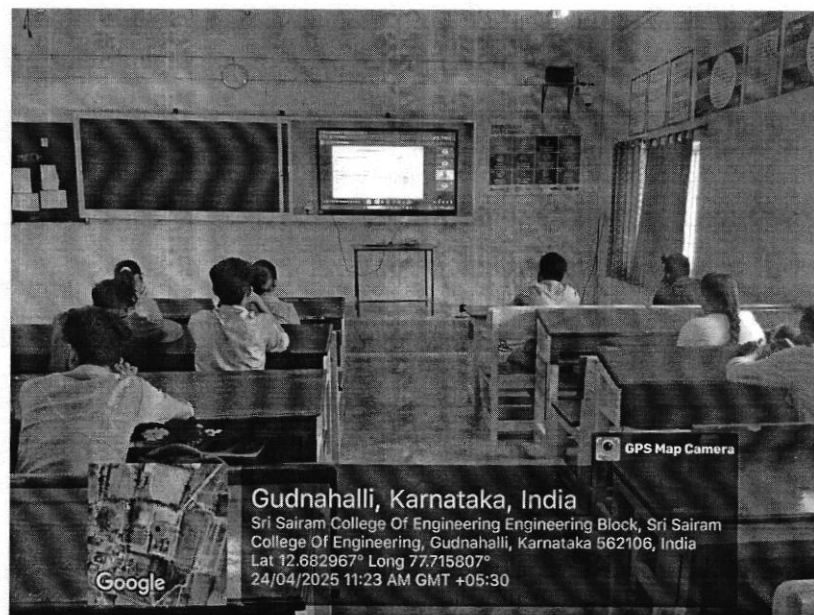

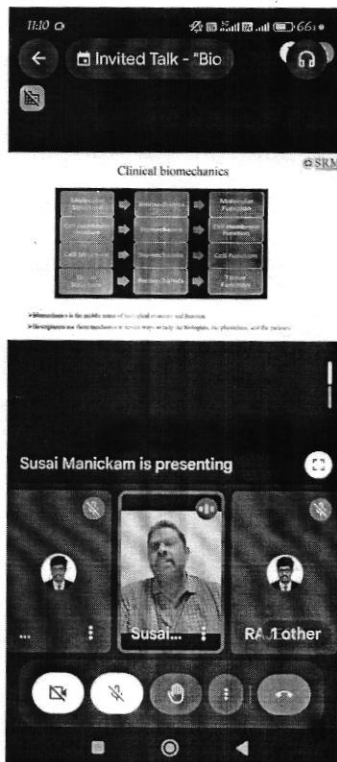

- Development of Surface modelling using geomagics
- Meshing of surface model using hypermesh
- Material properties for finite element model
- Prototype study using six axis spine simulator
- Testing using Six axis spine simulator video

The session was highly interactive, with Dr. P Susai Manickam engaging the audience through Q&A and encouraging discussions on emerging trends and challenges in biomechanics.

As the session came to a close, **Mr. Rajesh V** extended his heartfelt thanks to **Dr. P Susai Manickam** for delivering a comprehensive and engaging talk. He also expressed his gratitude to the Principal, Chief Operating Officer, Head of the department, for consider my request to organize such a event and also expressed his thanks attendees for their active participation.

To,

Dr. P Susai Manickam,
Assistant Professor,
Department of Mechanical Engineering,
Faculty of Engineering and Technology,
SRM University,
Chennai, Tamil Nadu.

Dear Sir,

Sub: Letter of Gratitude – Reg.,

On behalf of Management, Staff & Students, We whole heartedly thank you for having accepted our invitation to be the resource person to deliver a Invited Talk through **Virtual Mode** on **"Biomechanics – An Introductory Session"** held on **24th April 2025**. Our profuse thanks are also due to the valuable inputs of yours to our students.

We once again express our Gratitude for gracing the day in spite of your busy schedule.

Thanks for your time and handling the session.

Thanking you

Warm Regards,
