

REPORT ON INDUCTION DAY, ORIENTATION PROGRAMME AND SCOUT ACTIVITY

Date: 17th September 2025

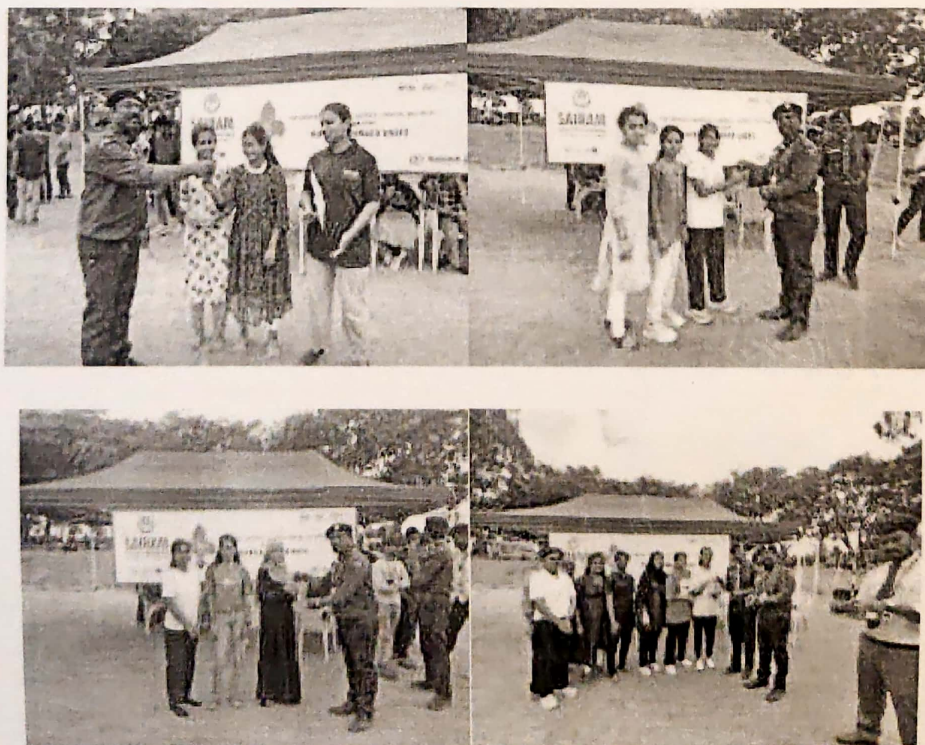

Venue: Sri Sairam College of Engineering

The Induction Day for the academic year 2025-26 was successfully conducted on **17th September 2025** at our campus, warmly welcoming the new batch of engineering students.

The orientation programme aimed to familiarize freshers with the academic structure, departmental resources, campus life, and extracurricular opportunities available to them. A special segment of the day was dedicated to highlighting the **benefits of scouting**, emphasizing values such as discipline, leadership, teamwork, and community service. Students were introduced to how participation in Scouts can positively influence their college journey and personal development.

To engage students and promote team bonding, a **Scout Activity Session** was organized featuring a variety of **interactive and physical games**. These included:

- **Three-legged race** – promoting coordination and teamwork
- **Tug of war** – encouraging strength, unity, and competitive spirit
- **Push-up challenge** – testing endurance and fitness

The activities were met with enthusiastic participation from the freshers, creating a lively and energetic atmosphere. The winners of each event were recognized and **prizes were distributed** to appreciate their effort and team spirit.

The day concluded on a positive note with encouraging feedback from participants, many of whom expressed interest in joining the Scouts and taking part in future events.

Overall, the event was a perfect blend of **orientation, physical engagement, and motivation**, setting a positive tone for the academic year ahead.

We extend our heartfelt gratitude to our COO Dr.R.Arun Kumar Sir, our respected Principal Dr.B.Shadaksharappa Sir, the college administration for their support and look forward to future opportunities for similar student engagements.
