Department of Artificial Intelligence and Machine Learning

24.02.2026

Submitted,

Sub: Report on Orientation Program on Agentic AI Reg.,

The Department of Artificial Intelligence and Machine Learning in association with the AI Club, organized an **"Orientation Program on Argentic AI"** on 18.02.2026 was organized for the 3rd year students of AIML, CSE & ISE in the Seminar Hall. The program commenced with a warm and gracious Welcome Address by Ms. Sathya, who welcomed the respected Chief Guest, faculty members, and students. She highlighted the importance of understanding emerging technologies like Agentic AI in today's rapidly evolving technical landscape. Following the welcome speech, the Chief Guest, **Mr. Mayank Arora**, Founder and CEO, Capabl was honored with a token of appreciation as a mark of respect and gratitude for sparing his valuable time to address the students. The honouring ceremony reflected the institution's tradition of recognizing distinguished speakers. Mr. Mayank Arora began his session with an introduction to Artificial Intelligence and its evolution toward autonomous intelligent agents. He explained the concept of Agentic AI, focusing on: Autonomous decision-making, Goal-oriented behaviour, Adaptive learning capabilities, Multi-agent collaboration The speaker discussed practical applications of Agentic AI across engineering domains Development of intelligent agents, machine learning systems, and AI-driven software applications. He emphasized how Agentic AI differs from traditional AI systems by enabling machines to independently plan, reason, and execute tasks. At the end of the session students clarified their doubts with the resource person.
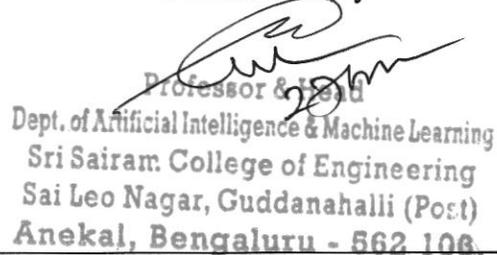

Thanking You

Coordinator

Yours Sincerely

Professor & Head
