

COURSES OFFERED

UNDERGRADUATE B.E. COURSES	CET CODE
• Artificial Intelligence & Machine Learning	E086AI
• Computer Science & Engineering	E086CS
• Information Science & Engineering	E086IE
• Electronics & Communication Engineering	E086EC
• Electrical & Electronics Engineering	E086EE
• Mechanical Engineering	E086ME
• Computer Science & Engineering (IoT, Cybersecurity including Blockchain Technology)	E086IC

Ph.D RESEARCH PROGRAMS	
• Computer Science & Engineering	• Mechanical Engineering
• Electronics & Communication Engineering	• Chemistry
• Electrical & Electronics Engineering*	• Mathematics*

* approval awaited

Rohan Mallic
CSE

I am Rohan Mallic, and I pursued my Bachelor's degree at Sri Sairam College of Engineering, Bengaluru, from 2021 to 2025. I am extremely grateful to the Training, Assessment, and Placement (TAP) Cell and my department for the continuous support and guidance provided throughout my academic journey. The structured training programs, mock interviews, and placement-oriented guidance played a crucial role in enhancing my technical and interpersonal skills. As a result, I was fortunate to receive placement offers from Abright Lab with a package of 6 LPA and TCS under the Prime category with a package of 9 LPA.

I would like to express my sincere gratitude to our Training and Placement Officer for his constant encouragement, dedicated efforts, and valuable guidance, which helped me secure a position in my dream company. I truly appreciate the institution's commitment to shaping students' careers and preparing us for professional success.

Mounicca R
CSE

My journey at college has been a transformative phase filled with learning, growth, and self-discovery. From building strong academic foundations to developing the confidence required to face real-world challenges, this journey has shaped my career aspirations and prepared me for the professional path ahead. Throughout this process, the Training and Placement Cell played a significant role by providing structured training programs, aptitude preparation, technical sessions, and mock interviews that helped me sharpen my skills and approach campus placements with clarity and confidence. The consistent support and guidance from the faculty members, HOD, mentors, and placement team helped me align my abilities with industry expectations. I am delighted to share that I have been selected at Tata Consultancy Services (TCS), marking an important milestone in my career. This achievement reflects the opportunities, encouragement, and learning environment provided by my college. I am grateful for the experiences and support that have empowered me to step into the professional world with confidence and determination.

Kiran Pujar
AIML

I am proud to share that I have been selected by Tech Mahindra, a significant milestone in my career path. This accomplishment stands as a testament to the supportive learning environment, opportunities, and encouragement provided by my college. I am truly thankful for the guidance and experiences that have empowered me to step into the professional world with confidence and purpose. The Training and Placement Cell contributed immensely by offering well-structured training sessions, aptitude development, technical guidance, and mock interviews, all of which enhanced my skills and prepared me to face campus placements with focus and confidence. The unwavering support and mentorship from faculty members, the HOD, mentors, and the placement team guided me in aligning my strengths with industry requirements.

Lavanya A
EEE

I always believe in my efforts, not the result I can say that I got placed in this Dream to be an employee in an electrical core company but with the help and support of my well-wishers I got placed in my dream company.

I was the recipient of LPF scholarship through which I got an opportunity to get placed in ABB, grateful and my hearty thanks to the foundation for treating me as their daughter and taken care of me.

Thank you for my college management, my HOD and faculties for giving me knowledge about EEE subjects and thanks for your motivation. Proud to be an Electrical Engineer.

Monika Kumaresan
ECE

I am sincerely grateful to the Placement and Training Cell of Sri Sairam College of Engineering for their continuous support in helping me secure the role of Software Engineer at Capgemini. The structured training programs, technical workshops, mock interviews, and skill-development sessions played a crucial role in strengthening my technical abilities and professional confidence. I extend my heartfelt thanks to the college management, Principal, HOD, faculty members, and placement coordinators for their guidance, motivation, and constant encouragement. Their efforts helped me bridge the gap between academic learning and industry requirements. Securing an opportunity at Capgemini marks an important milestone in my career, and I am truly thankful to my college for providing the right platform to grow, learn, and step into the professional world with confidence.

Vignesh
MECH

Sri Sairam College of Engineering built my strong academic foundation with quality teaching and practical skills aligned to industry needs. With excellent placement training and mentorship, I achieved my goal of entering the mechanical core field by securing a role at Tata Consultancy Services, where I now contribute to an aerospace project-fulfilling my career aspiration and reflecting the institution's strong academic and placement support.
