PayPal Volunteer Program - 2023

24.07.2023

Submitted,

Sub: Report on PayPal Volunteer Program - Session attended by our students - reg.

A Physical volunteering session called "Power to Empower" was organized by PayPal Company for second year engineering students in their Bengaluru office located in Sarjapura, Bengaluru. The session was a physical mode and it was scheduled on 20th July, 2023 (Thursday). 10 students from our college from all engineering stream were selected and a faculty Prof. Vanarasan, Asst. Professor, Dept, of AIML was accompanied our students to attend the session and were escorted to the PayPal office by one of their employee **Mr. Bhawani**.

By 10:30 am the session started in the presence of 20 students and 20 interns of PayPal. The session was hosted by Miss. Nitansh an employee of PayPal, initially the session started with a warm welcome and then introduces them, that helped our students to know the other 10 students who came from Kristu Jayanthi College, Bengaluru to attend the session. All the 20 students introduced themselves and each student was asked with some general question so that the session will be interesting. Once the introduction, there was a small yet an impactful and enlightening session that was taken by **Mr. Subbu Ranganath**, Sr. Director of PayPal and a software developer, who has been a part of PayPal for the past 15 years, they told about their journey with PayPal as an employee to a manager and now as a Sr. Director.

The main course of the session was the student grooming session. 20 interns from PayPal and 20 students were attending the session so this session was a one to one session. Once this session was over group photo was arranged with **Mr. Subbu Ranganath** and their PayPal staff. Inters of PayPal from IIT-Hyderabad were interacted with our students and share their views about their projects and facilities extended for the students comminutes by PayPal and shared about some useful websites to study and some platforms to learn hands-on coding to skill up. The session was ended up with a feedback and followed by vote of thanks.

Feedback from Participants:

Bhuvan: I had got an intern named **Serin** who is working in the IT domain at PayPal. He spoke in a casual way with me so that I can speak more and I can clear maximum amount of doubts that I have regarding the interview process. He also told me how he got into PayPal as-an intern, and told me how to face any interview. He asked about my future plans and told how can I get stronger in technical knowledge and told the Do's

and Don'ts to be done with his own experience so get into any organization with the very first attempt. I felt very happy after speaking with him and I cleared all of my doubts regarding the interview process.

Dhinakaran: Firstly, My intern was very open-minded and her name is **Shruthi**. She shared her over all career path to me and I started sharing mine too. Then later she asked me what you want to know and I requested about interview, Code, projects, internship and more details to explore. She explained very well slowly and we had interacted very effectively finally I had a clear idea about what to go through, how to go through and when to go through. Finally we ended our discussion with happy talks and both had good time.

Ananya: The mock interview, which the company calls it as the student grooming session. In this session the intern asked me about my journey in school and in college and the projects we are involved in, my intern name was Anuraag, he was very friendly, he made me so comfortable to speak and to ask the queries regarding the career, internship and interview. He shared about his project details and the experience in the internship. I gained much knowledge about the projects, internship and the interview which was the best part of the event. The time flew faster during the student grooming session.

The list of students Participants:

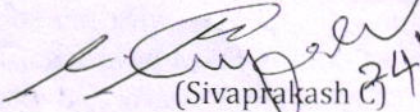

Sno	Student Name	Department	Sno	Student Name	Department
1	Dhinakaran	AIML	6	Aishwaryaa R	CSE
2	Bhuvan Thejaswi	AIML	7	Punith N	ECE
3	Ananya P	AIML	8	Srikanth S	ECE
4	Chandana A	CSE	9	Shreya S	EEE
5	Nithin Chand	CSE	10	Harini R	EEE

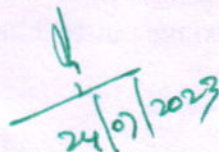

Prof. Vanarasan S - AIML - Faculty Coordinator

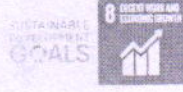

This is for your information. Kindly do the needful.

Thanking you,

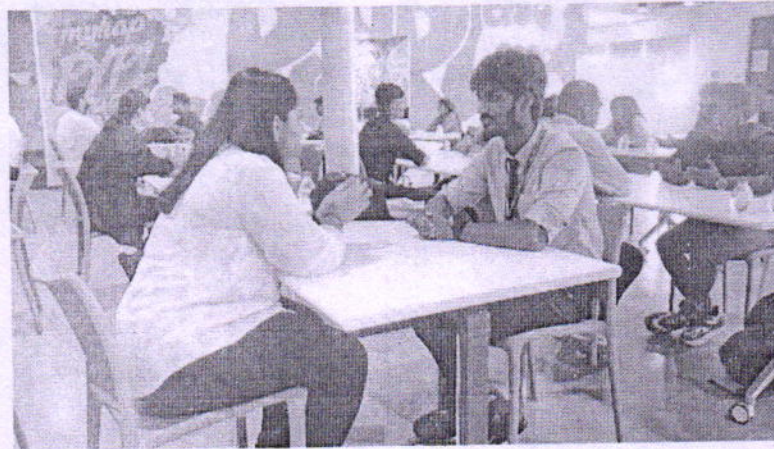

Yours Sincerely,
