DEPARTMENT OF CSE (IOT & CYBER SECURITY INCLUDING BLOCK CHAIN TECHNOLOGY)

Report on ALGORAND BLOCKCHAIN CLUB INAUGURATION

Date: 04.05.2026

Mode: OFFLINE Meeting

Audience: I & II YEAR CSE(IC) Students

Organized by:

Department of CSE (IoT & Cyber Security including Blockchain Technology)

Sri Sairam College of Engineering.

The Department of CSE (IoT & Cyber Security including Blockchain Technology) successfully organized the Digital Launch of the Algorand Blockchain Club, along with an insightful technical session on blockchain fundamentals and industry applications. The event aimed to create awareness about blockchain technology, introduce students to the Algorand ecosystem, and provide exposure to real-world opportunities in the domain.

Objectives of the Event

- To introduce students to the fundamentals of blockchain technology
- To provide an overview of the Algorand ecosystem
- To officially launch the Algorand Blockchain Club
- To connect students with industry experts and insights
- To encourage innovation and participation in blockchain-based projects

The event continued with the felicitation of the Chief Guest, Mr. Darshan, by the Principal Sir as a gesture of honor and appreciation. This was followed by the Presidential Address delivered by Principal Sir, **Dr. B. Shadaksharappa**, who emphasized the importance of adopting emerging technologies like blockchain and encouraged students to actively engage in innovative learning initiatives. The COO, **Dr. R. Arun Kumar** sir, also addressed the gathering, highlighting the significance of launching the latest club to align with current technological trends and urging students to utilize such platforms to enhance their skills and improve placement opportunities in line with the department's focus. He further advised students to give due importance to AMCAT examinations as a key step toward career readiness. Subsequently, the Digital Launch of the Algorand Blockchain Club was carried out by the Principal Sir and Chief Guest, during which the Lead and Core

Members were introduced, and the vision and objectives of the club were presented to inspire student participation.

Certificates were distributed to participants and contributors in recognition of their involvement and efforts.

The Chief Guest, Mr. Darshan, delivered an insightful talk covering:

- ABC Roadmap (Algorand Blockchain Club roadmap)
- Industry insights in blockchain technology
- Career opportunities in blockchain and Web3 domains
- Practical guidance for students to build skills and projects

His session was highly informative and motivated students to explore blockchain technologies further.

Outcome of the Event

- Students gained a clear understanding of blockchain fundamentals
- Awareness about the Algorand ecosystem was enhanced
- The Algorand Blockchain Club was successfully launched
- Students showed enthusiasm towards participating in blockchain-related activities
- Strong industry-academia interaction was established

The event was a grand success, achieving all its intended objectives. The launch of the Algorand Blockchain Club marks a significant step toward empowering students with future-ready skills in blockchain technology. The session provided valuable insights and inspired students to explore opportunities in this rapidly evolving field.
