

REPORT ON ONLINE SESSION ON for JAPANESE LANGUAGE LEARNING, PROSPECTUS AND CAREERS IN JAPAN

"Meet the Experts, Discover the Journey"

The Corporate Academia Relationships Cell, Foreign Language Club and Higher Education Cell of Sri Sairam College of Engineering successfully organized an online career guidance and international education session titled "Meet the Experts, Discover the Journey" on 27th June 2026 at 6:00 PM IST. The event was conducted with the objective of creating awareness among students about higher education opportunities, career prospects, work culture, and language learning pathways in Japan. 42 students participated in the webinar.

The session commenced with a warm welcome address by **Prof. Malini K. V., CAR**, Sri Sairam College of Engineering, who greeted the distinguished speakers and participants. She highlighted the importance of global exposure and encouraged students to explore international opportunities for academic and professional growth.

The event featured eminent experts from Japan and India who shared their valuable experiences and insights. **Mr. Bhagavan K. P., Founder and CEO of TSIAR Sports** and esteemed Sairam alumnus, opened the session by speaking about his professional journey and the significance of international collaborations. **Ms. Aishwarya Sharma, Japan-India Business Consultant and Advisor to CodeTots Japan**, delivered an informative talk on Japanese language learning and the wide range of career opportunities available for students proficient in the language.

The session continued with **Mr. Naoya Mitani, Director, AGG (Awaji Global Gateway)**, who elaborated on the diverse career prospects available in Japan and the skills required to succeed in the global job market. **Ms. Shreya Jaiswal, Director, CodeTots Japan**, provided valuable insights into the work culture, lifestyle, and professional environment in Japan, helping students gain a realistic understanding of living and working abroad.

The interactive session witnessed enthusiastic participation, with around 100 students joining online. Participants actively engaged with the speakers, seeking guidance on higher education, employment

opportunities, language proficiency requirements, and cultural adaptation. The experts addressed students' queries and motivated them to pursue international career pathways with confidence.

The programme proved to be highly informative and inspiring, offering students a platform to connect with professionals possessing extensive international experience. The overwhelming response and active participation reflected the growing interest among students in exploring global education and career opportunities.

The **Jconnect program** scheduled to start in the month of July in hybrid mode. The N5,N4 exams will be conducted in the month of December. Students of Core branch of engineering has wonderful opportunities to enter into semiconductor domain job roles with N5 level certification. The software based roles demand N2 level certification as per Japan Govt. Rules. The discussions on lifestyle, affordability, savings etc were also discussed in Q&A to gain better understanding.

The organizers thanked the MOU partners CODETOTS, TSIAR for their continued collaboration and interest in building language skills to our students and wished the program a big success.

Thanking You,

Sincerely,
