REPORT ON GERMAN AWAITS-STUDY, RESEARCH AND CARRER OPPORTUNITIES

The Higher Education Cell of Sri Sairam College of Engineering, Anekal organized an informative session on “German Awaits – Study, Research and Career Opportunities” on 11th March 2026 at 2:00 PM in the AV Hall of the college. The session was conducted for third-year students of all departments to provide guidance and information about opportunities for pursuing higher education in Germany.

The program commenced with a welcome and introduction by Dr. Suvodip Mukarjee, Higher Education Cell Coordinator, who addressed the gathering. He shared insights on the importance of studying in Germany, research prospects, and career opportunities available for international students. Following the introduction, Dr. Shadaksharappa, Principal, Sri Sairam College of Engineering, Anekal, felicitated the Chief Guest and addressed the gathering. In his speech, he encouraged students to explore global educational opportunities and emphasized the importance of higher studies and international exposure.

The keynote session was delivered by the guest speaker:
• Mr. Damain Kridlo, International Business Communication and Intercultural Coach, Germany.

The guest speaker delivered an informative and inspiring talk on the topic **“GERMAN AWAITS – Study, Research and Career Opportunities.”** The speaker highlighted the wide range of opportunities available for students in Germany, including higher education, advanced research facilities, and promising career prospects in various engineering and technological fields. The speaker also discussed the benefits of studying in Germany such as high-quality education, globally recognized universities, affordable tuition fees, and exposure to international culture. Students were encouraged to explore scholarship opportunities, learn the German language, and prepare themselves academically and professionally to pursue their goals abroad. The session motivated students to consider Germany as a potential destination for higher studies and career development.

The event concluded with an interactive **Question and Answer session**, where students actively participated by asking questions related to higher education, research opportunities, and career prospects in Germany. The guest speaker patiently addressed the queries and provided valuable guidance on the application process, language preparation, and available opportunities for international students. The session helped students gain a clearer understanding of the pathways to pursue their academic and professional goals in Germany. Overall, the program was highly informative and motivating for the participants, and it ended on a positive note with students expressing their appreciation for the valuable insights shared during the event.
