

Report on Scholarship and Skill Building Program

A Scholarship and Skill Building Orientation Program was successfully conducted by Prof. Malini K V at Sri Sairam College of Engineering for the Department of CSE (IC) on 13th March 2026. The program aimed to create awareness about scholarship opportunities and enhance students' technical and professional skills.

Objectives of the Program

- To inform students about various scholarship schemes available at institutional, state, and national levels
- To guide students on the application process and eligibility criteria
- To emphasize the importance of skill development in the current competitive environment
- To encourage students to actively participate in extracurricular and technical skill-building activities

Details of the Session

- The session was led by Prof. Malini K V, who provided valuable insights into:
 - Different types of scholarships available for engineering students
 - Step-by-step guidance on applying for scholarships
 - Common mistakes to avoid during applications
 - The importance of maintaining academic performance and consistency

- o In addition to scholarship guidance, the session also focused on skill development, highlighting:
- o The need for technical skills such as programming, problem-solving, and project development
- o Importance of soft skills including communication, teamwork, and time management
- o Opportunities available through internships, certifications, and online learning platforms

Student Participation

43, Second Year Students from the CSE (IC) department actively participated in the session. They engaged in discussions, asked questions regarding scholarship eligibility, and showed keen interest in improving their skill sets.

Outcomes of the Program

- Increased awareness about scholarship opportunities among students
- Better understanding of skill requirements for career growth
- Motivation among students to pursue certifications and participate in technical events
- Encouragement to maintain academic excellence and build strong professional profiles
